Queen Lily Soap,

MANUFACTURED BY THE

New England Soap Company.

The attention of the Public is respectfully called to the *Celebrated Queen Lily Soap*, which has now been on the market for 16 years, and has earned a reputation which it justly deserves. For *Fine Laces, Window Curtains, Tidies, Family Linen, etc.*, it is unsurpassed, leaving the article washed lily white, and agreeable to the smell. Woolen Goods being washed in this Queen of Soaps, are soft and silky to the touch. The labor is less, and in consequence the articles washed, especially fine fabrics, are less worn by going through the washing process.

THE QUEEN LILY SOAP is unsurpassed in cleaning painted work in the house. In fact purchasers will find that although apparently high in price, it is in reality the cheapest of *Extra* good Soaps. Use according to directions on the wrapper. For sale by all first-class Grocers.

FISCHBECK AND CLOOTZ,
Factory corner of 16th and Utah Streets.
Office 214 Sacramento Street.

Captain B. B. SHARP'S Nautical School,

32 Steuart, Street, San Francisco.

(Established in 1875.)

NAVIGATION SCHOOL,

404 & 406 Beale Street, San Francisco.

AUTHORIZED BY THE

BOARD of MARINE UNDERWRITERS of SAN FRANCISCO.

Director, **Captain E. McNEVIN.**

Examining Officers, appointed by Board. **Capt. H. H. WATSON, Capt. G. CUMMING.**

The School is open daily (Saturdays excepted) from 3 to 5 P. M. and from 7 to 10 P. M. The course is thorough, and will enable those taking it to obtain Certificates of Competency as required by the U. S. Shipping Act. Masters and Mates of Vessels will find this School specially adapted to fit them for passing the Examination made necessary by the said Act.

The use of nautical instruments practically taught and illustrated. Books (including McNevin's Works on Navigation and Marine Laws, etc.) can be procured at this school.

N. B.—Preparatory instruction in Arithmetic, Geometry, Reading, Writing, etc., also given when required.

Extract from Report to The Board of Trade and the Chamber of Commerce.

Since 1877 a Nautical school has been conducted under the supervision of the Board of Marine Underwriters, at 406 Beale Street, San Francisco, by Captain Edmund McNevin, a thoroughly competent and enthusiastic teacher of Navigation and Seamanship. During the past seven years 89 masters and 20 mates have been graduated from this school, after a course of study and passing a thorough examination by two expert Master Mariners. These all possess certificates countersigned by the officers of the Board of Marine Underwriters. Thus far only one of these has been withdrawn for misconduct. It is believed that this school has been an important factor in the diminution of disasters at sea on our coast, and in the consequent great reduction in rates of premium. But it ought to be controlled by the ship-owners, and placed on a much larger and more permanent basis than at present.

JOS. F. KINGWELL,

Notary Public and Commissioner of Deeds

No. 422 MONTGOMERY STREET,

SAN FRANCISCO.

Saint Mary's College
THOMAS ENGLAND ARCH.

St. Mary's College,

SAN FRANCISCO,

——CONDUCTED BY THE——

Brothers of the Christian Schools.

THIS Institution offers Students every facility for acquiring a thoroughly Christian and practical Education—an education that will not only enable, but engage them to fulfill faithfully their duties as Christians, and thus make them good and useful members of society.

The Brothers are trained to the work of education; it is their vocation—the sole object of their Society. They live in the same house, sit at the same table, preside at the recreations, and, as far as possible, form a family circle with the Students, in order the more easily to gain their confidence, and thus be in a position to direct them successfully in their studies.

THE STUDIES.

The Studies are divided into two distinct courses—Collegiate and Commercial.

The usual Academic Degrees are conferred on those who merit the distinction.

The Business or Commercial Course is thoroughly organized, and forms a separate Department. A Diploma is awarded to those who complete this course and pass the required examination.

All the classes are examined publicly at the end of each Term.

The result of the monthly examination of each Student is sent to the Parents or Guardian.

Besides the usual Class Exercises in Elocution, Literary Societies are organized to give the Students further opportunity for the cultivation of General Literature and Public Speaking.

TERMS.

(Payments Invariably in Advance.)

Board, Washing, Tuition and Medical Attendance.....$150 00

Students in the Graduating Class of either Department will be charged Twenty-five Dollars additional per Term.

Music and Drawing Extra.

DAY STUDENTS.

Preparatory, Intermediate and Commercial Departments, per term of Five Months $40 00

Collegiate and Business Departments 60 00

For further particulars, apply at the College, or at the Sacred Heart College, corner of Eddy and Larkin Streets.

PACIFIC COAST STEAMSHIP COMPANY.

Steamers of this Company sail from Broadway Wharf, San Francisco, for ports in

CALIFORNIA, OREGON, WASHINGTON AND IDAHO TERRITORIES, BRITISH COLUMBIA AND ALASKA,

AS FOLLOWS:

CALIFORNIA SOUTHERN COAST ROUTE.

The Steamers SANTA ROSA and ORIZABA sail for San Luis Obispo, Santa Barbara, Los Angeles and San Diego as follows: Steamer SANTA ROSA, the 10th, 20th and 30th at 2 P. M.; and the Steamer ORIZABA, the 5th, 15th and 25th at 9 A. M. of every month.

The Steamers LOS ANGELES and EUREKA sail for Santa Cruz, Monterey, San Simeon, Cayucos, Gaviota, Santa Barbara, San Buenaventura, Hueneme, and San Pedro, as follows: Los ANGELES, the 2d, 12th and 22d at 8 A. M.; and the EUREKA, the 7th, 17th and 27th at 8 A. M., of every month.

Alaska Route.

The Steamship ANCON or IDAHO, carrying the U. S. Mails, sails from Portland, Oregon, on or about the first of each month for Port Townsend, W. T., Victoria and Nanaimo, B. C., Fort Wrangle, Sitka and Juneau and other ports in Alaska, connecting at Port Townsend with the steamer sailing from San Francisco about the last of each month for Victoria and Puget Sound, as per advertisement herein.

Victoria and Puget Sound Route.

One of the Company's steamships, carrying Her Britannic Majesty's Mails, sails from Broadway Wharf, San Francisco, at 10 A. M. for Victoria, B. C.; Port Townsend, Seattle, Tacoma, Steilacoom and Olympia, making close connections with steamboats, etc., for Skagit River and Cassiar Mines, Nanaimo, New Westminster, Yale, Vancouver, B. C., Alaska, and all other important points as follows: QUEEN OF THE PACIFIC and GEO. W. ELDER every eight days; returning, leave Seattle and Port Townsend P. M.

Portland, Oregon Route.

The Oregon Railway and Navigation Company and the Pacific Coast Steamship Company, will dispatch one of their steamers from Spear Street Wharf, San Francisco, at 10 A. M. for Astoria and Portland, Oregon. Steamers COLUMBIA, STATE OF CALIFORNIA, and OREGON, leave Portland and San Francisco every 5th day.

For steamers carrying combustibles, see advertisements in the San Francisco *Alta*, or *Guide*.

Eureka and Humboldt Bay Route.

Steamer CITY OF CHESTER sails from Broadway Wharf, San Francisco, every Wednesday at 9 A. M., for Eureka (Humboldt Bay). Returning, leaves Eureka Saturdays at high tide.

Point Arena and Mendocino Route.

Steamer YAQUINA sails from Broadway Wharf, San Francisco, at 3 P. M., every Monday, for Point Arena, Cuffey's Cove, Little River, Mendocino, Whitesboro, Noyo and Fort Bragg. Returning, arrives at San Francisco Saturdays.

For movements of freight boats, see the San Francisco *Alta*, or *Guide*.

EMIGRANTS AND TOURISTS! There is a great demand for laborers to work on the Railroads in Oregon, Washington Territory, and British Columbia. The new and rich Gold and Coal Mines in Sitka and British Columbia are attracting thousands of people there.

Santa Cruz is a lovely town and a popular watering place. It is only about eight hours' ride from San Francisco. Monterey is the old capital of the State, and is celebrated for its old adobe buildings, the Mission, the Methodist's camping grounds and many other noted things and places.

Tourists in search of pleasure, and invalids in search of health, will find no country that can supply their wants as can southern California. The medical virtues of the Paso Robles Hot Springs are universally acknowledged. For rheumatism, gout, neuralgia, liver complaint, impure blood, etc., they have no rival in the world. Santa Barbara and Santa Monica are celebrated watering places. The fame of the orange groves of Los Angeles is worldwide. The consumptive who sojourns in San Diego takes a new lease of life.

Rates of fare, which include meals and sleeping accommodations, are lower by this than by any other route. Through tickets sold to all the principal places on the coast. Stages and railroads make close connection with steamers for all the principal places in the interior. For further information in regard to tickets, call at the

Ticket Office, 214 Montgomery Street,

THE DAILY AND WEEKLY

Alta California

San Francisco, Cal.

GENERAL REFERENCE DEPARTMENT
SAN FRANCISCO PUBLIC LIBRARY
CIVIC CENTER
SAN FRANCISCO, CALIFORNIA 94102

The Alta says,

We say it about ourselves.

Under its new and vigorous editorial, news and business management, the Alta California is meeting with great popular favor.

It is the largest every-day paper on the Pacific Coast.

It is the best printed and the easiest read.

It is a newspaper, and presents both sides of all matters of public interest.

It strives to serve the great commercial interests of the coast.

We have no enemies to punish nor friends to pet, but aim to be fair and truthful with all.

The Alta is

SPICY,

NEWSY,

COMPLETE,

RELIABLE.

The organized representative business interests of the entire coast are every day presented in the Alta. Every business which desires general attention should be represented in its columns.

Every courtesy consistent with a liberal business policy will be shown to our patrons. All inquiries will be answered by return mail. Postage free to the United States and Canada.

1843 *The Best Company,* *1886*

THE

MUTUAL LIFE INSURANCE CO.

OF NEW YORK.

ASSETS.....*$109,000,000*

RICHARD A. McCURDY - - PRESIDENT.

IT is the Oldest, Largest, Strongest, Safest and Cheapest Company in which to insure, its large dividend returns reducing the cost of insurance below that of any other Company.

It is the BEST Company in which to insure, as it combines all the advantages of age, large and select membership, financial strength, absolute security, and the cheapest insurance that is honestly possible under any contract which has a definite value to the beneficiary.

Its NEW POLICY is the most liberal ever offered by any Insurance Company. It places **no restrictions upon Travel, Occupation, or Residence**, after being two years in force—being **Non-forfeitable** and practically **Incontestable**, it provides a **Legacy**, and **not a Lawsuit.** It is the **Simplest** and **most Comprehensive** form of Insurance Contract ever issued. If the policy-holder pays his premiums while he lives, the Company will **pay the full value of his Policy** when he dies.

It is Purely Mutual---ALL CASH. No Premium Notes or Loans

The Premium Note or Loan System means INCREASING Cash Payments or DECREASING INSURANCE.

A. A. ABRAMS, M. D., Demonstrator of Pathology.

The Three Year Curriculum is adopted by this College; attendance upon three regular courses—at least one in this institution—being obligatory.

A Matriculating Examination, or other evidence of the possession of a fair education, will be required on entering.

The Regular Course commences on the first Monday in June of each year, and continues until November. It is thus a Summer Course, contrary to general usage.

The Intermediate Course commences early in January of each year, and continues nearly four months. It is a great assistance as a preparatory step to the Regular Course, and as offering the fullest opportunities for the prosecution of dissection. Although attendance upon this course is not obligatory, it is earnestly recommended that all attend it who can possibly do so.

Should any further information be desired, it may be obtained by application, in person or by letter, to **HENRY GIBBONS, JR., M. D.,**
Dean of the Faculty.

WORK HORSES TO LET.

MONTEREY, CALIFORNIA.

AMERICA'S FAMOUS SUMMER & WINTER RESORT.

"Where a leaf never dies in the still blooming bowers,
And the bee banquets on thro' a whole year of flowers."

Opinions of
Distinguished Statesmen, Citizens, Writers and Travelers.

Ex-President R. B. Hayes.—We shall always remember our visit to Monterey as one of the most agreeable episodes of our lives. We shall never forget that lovely hotel among the trees and flowers—and the climate: it was a perfect summer's day on the verge of winter.

General W. T. Sherman.—I consider Monterey, with its "Hotel del Monte," the most delightful place I have ever visited.

The Princess Louise to Mr. Geo. Schonewala, Manager of the Hotel del Monte.—You have the most beautiful place, and the cleanest and best kept hotel that I have ever visited in my travels. [*Lord Lorne* also expressed himself in about the same terms, and said that he was greatly pleased with his visit to Monterey.]

John W. Mackay.—There is nothing in Europe that can at all compare with it.

Hon. P. Deuster, of Milwaukee.—I consider it incomparable in all respects.

Governor Fenton, of New York.—I can only picture Monterey and its delightful hotel and grounds as a paradise.

Lawrence Barrett.—I have just returned from Paris, cracked up, you know, for the excellence of its coffee; but I have never in my life tasted such delicious coffee, or had such an inviting early breakfast as I got while at the "Hotel del Monte."

Paul Oeker, in New York Staats-Zeitung.—There is no doubt about its superiority over all Italian or Floridian resorts as a Sanitarium.

Correspondence of the Boston Home Journal.—The Hotel del Monte is the most beautiful hotel I ever saw. I can see one hundred acres of lawn and flowers from my open window; while the air is fragrant with the perfume of roses, violets, heliotropes and other flowers.

HOTEL DEL MONTE, MONTEREY, CAL., "THE QUEEN OF AMERICAN WATERING-PLACES."

A. J. O., in Boston Transcript.—My pen fails me here in this entrancing spot, and I can only hint at its grandeur and beauty.

Hartford Evening Post.—It is simply a miracle of beauty. Everything that refined taste can suggest, or that wealth, aided by nature and art, can secure, is here to add to the charms of this delightful spot.

Jno. J. Powell, English Traveler.—There is no place on the Pacific Coast more replete with natural charms than Monterey. The Hotel del Monte is one of the most elegant watering-place establishments in the world.

Dr. C. B. Currier, in N. Y. Medical Times.—As a winter resort it is simply incomparable. . . . Its "Hotel del Monte" is not excelled, if equaled in regard to magnificence, elegance and comfort, by any hotel in Europe or America.

Correspondent (London) Anglo-American Times.—Monterey stands at the head of the list, and may be justly termed the "Queen of American Watering-Places."

James Charlton, G. P. & T. Agent, Chicago & Alton R. R.—It exceeds all praise and my highest expectation. I shall never forget the beautiful Del Monte, its lovely and tasteful surroundings; the sea drive with its invigorating breeze; the odors of the pine grove; the charm of the cypress grove, and other glories and attractions of the place.

N. H. Chittenden, the Traveler.—Monterey presents a combination of attractions and advantages unequaled by any other seaside resort in the world.

Correspondent (Philadelphia) Medical and Surgical Reporter.—Of the many Pacific Coast Resorts, I consider that Monterey stands at the head of the list.

A. McNally, of Rand, McNally & Co., of Chicago.—I consider the Hotel del Monte, at Monterey, the *ne plus ultra* of all things in its line; while the reasonableness of its charges greatly surprised me. Its grounds cast all other like accessories in the shade.

H. R. Hobart, Editor "Railway Age."—It is well called "the queen of watering-places." In beauty of surroundings, elegance of finish and appointment, and completeness of architectural effect, the Del Monte, as a resort for health and pleasure, is not equaled on the continent.

W. D. S. HARRINGTON, Manager, 223 Kearny Street, S. F.

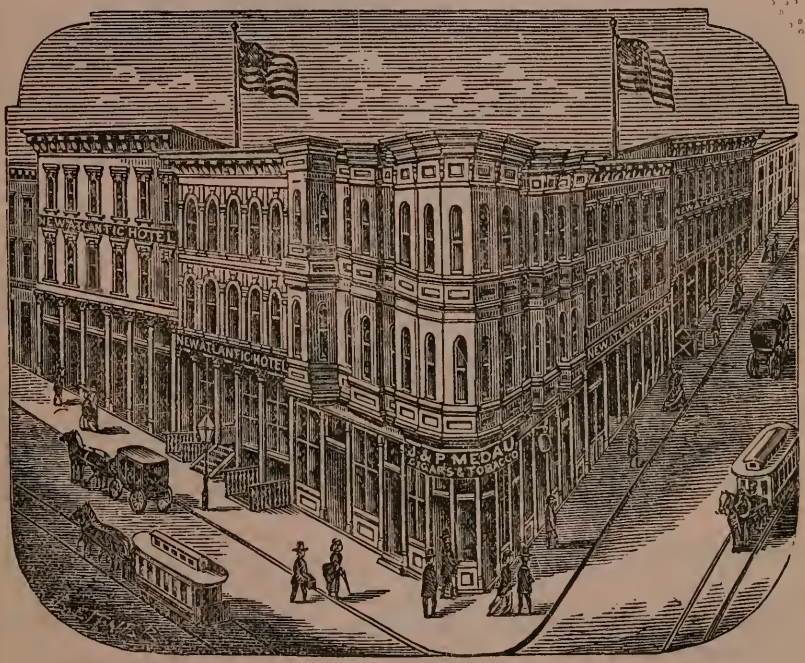
W. F. HOFFMAN. CLAUS KOCK.

NEW ATLANTIC HOTEL

CLAUS KOCK & CO., Proprietors.

207 Montgomery Avenue, cor. Kearny, San Francisco.

And in the very center of the Great City.



Board and Lodging, per Day----------$1.00

Free Coach to and from the Hotel.

Montgomery Avenue is the great new-built thoroughfare and the best part of the city, surrounded by elegant buildings and in the neighborhood of the Theaters and all places of Amusement.

Best $1.00 per day house on the Pacific Coast.

The Hotel is situated within one block of the U. S. Land Office and U. S. Surveyor General's Office; also within one block of the Old City Hall, Supreme Court, and the Superior Courts; within two blocks of the Post-office and Custom House. Street Cars for all parts of the city pass the hotel every minute.

THE NEW ATLANTIC HOTEL

Was built lately in the best improved style and is in every way the finest family hotel in San Francisco for the price. It has 105 rooms, all elegantly furnished. The building is only three stories, of brick, and every way earthquake proof.

AND SOLICITOR OF PATENTS,

Office, No. 1509 MARKET STREET, San Francisco, Cal.

Will attend to Patent suits in the Federal Courts and procure United States and Foreign Patents, furnish models on short notice, and assist inventors in perfecting their inventions. Taxes and annuities paid on existing European Patents, and Patents worked according to the requirements of law.

"Planet" Quartz Mill.

No. 2—Capacity 12 tons per 24 hrs. | No. 3—Capacity 25 tons for 24 hrs.
No. 4— " .....45 to 66 " "
No. 1— " 4 tons per 24 hrs. | No. 0, Hand Prospector.

PRICES.

No. 4			**$2,000**
No. 3	**$1,200**	**No. 1**	**250**
No. 2	**525**	**No. 0**	**100**

We manufacture "Planet" Amalgamators and Concentrators (combined). Price, $60. Also, Giant Rockbreaker; price, $90. All the different sized mills now have double guides. Top Gear. All kinds of Mining Machinery furnished at short notice.

SAN FRANCISCO, CAL.

GENTS:—I reside a few rods below where the No. 4 Planet Quartz Mill of J. A. McConnell & Co. has been running for some months, have seen it nearly every day, and say that it wears smooth, does rapid work, and is a good mill. I was one of the first owners of the "Champion" Mine, and have had experience to know what a good mill is, and believe the "Planet" Quartz Mill is hard to beat. Respectfully, JOHN G. HADLER.

—o—

WEST POINT, December 3, 1885.

A. E. REDSTONE & CO., San Francisco.

GENTS:—You ask me how I like the "Planet" Quartz Mill. The No. 4 Planet Mill running on the Champion Mine, about three-fourths of a mile from this place, is certainly ahead of any quartz mill ever introduced into the mines. It is as smooth on the face of the shoes and dies as a straight-edge. For compactness, durability, economy, convenience, effectiveness, and rapidity, your mill excels all that I ever saw. It is the poor man's as well as the rich miner's mill. Well, it is perfection itself, and gets away with more quartz than a 25-stamp battery.

Respectfully, C. W. WATKINS.

—o—

SAN FRANCISCO, May 10, 1885.

A. E. REDSTONE & Co.

GENTS:—The Revolving Stamp Mill that was purchasd of you by the Lafayette Mining Company, of Fresno County, over two years ago, is the best quartz mill for saving Gold that I ever saw. I have had experience with Arastras and other kinds of amalgamating apparatus; but your mill excels them all for results, while it is rapid, durable, economical and cheap.

Yours, etc., W. P. LITTEN, Sup't.

—o—

A. E. REDSTONE & Co.

GENTS:—The Revolving Stamp Mill we purchased of you gives entire satisfaction, is perfect and cannot be beat. Respectfully, H. V. PARKER, Fresno, Cal.

—o—

ONO, Shasta Co., or 320 8th Street, East Oakland,
July 17, 1885.

A. E. REDSTONE, ESQ.

SIR:—The compound you sent for charging mercury and livening up amalgamating plates excels anything I ever tried for that purpose, particularly in livening the plates and keeping them in good condition, and is very noticeable in keeping the mercury free from mineral oil and grease accidentally dropped from the machinery. I would not willingly do without it, and please send some more at your earliest convenience, and oblige Yours truly, GEO. H. ATKINS.

THE FINEST WORK ON THE COAST.

A MEMBERSHIP IN THE
AMERICAN EAGLE ASSOCIATION

Is the Best Investment of a few dollars that one can make, because it combines

PROTECTION AND INVESTMENT

Payable in 20 years, at the age of 75, or at death, if before.

PROTECTION—Because it protects our widows and orphans in case of death.

INVESTMENT—Because at a certain time, the benefit is paid in cash to the members while yet alive to enjoy the fruit and comfort of a few dollars saved from time to time.

The members are the sole owners and partners of all that belongs to the Association, they receive, each and every one, their proportion of the profits; the Association is purely mutual; we have no Stockholders, no Capitalists, no Speculators to dictate how much money they must draw yearly, as owners of the Association.

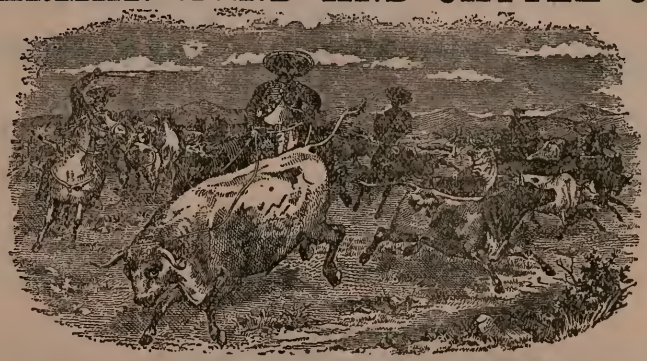
THE MEMBERSHIP CONSISTS OF TWO CLASSES, "A" AND "B."

A membership in Class "A" is not only a protection in case of death, but an investment and savings as well, because at the end of twenty years, a member in this class draws his money; costs per thousand $1.25 a month, and rates of assessment from 50 cents to $1.20, according to age.

Members in Class "B" receive their benefit at death, or at the age of 75 years; costs only 25 cents per month for $1000, and the assessment rates from 25 cents to $2.40, and after ten years the members in this class receive a dividend from the general fund.

Agents Wanted. For terms, address American Eagle Association,
123 California Street, San Francisco, Cal.

GERMAN LAND AND CATTLE CO.



INCORPORATED WITH CAPITAL $250,000.00.

Stock in this company is the best investment on the Pacific Coast, because the money received from the sale of the shares is invested in Land and Cattle. In a few years the stockholders will have received back their purchase money in dividends and still have an annual income for the balance of their lifetime, and their children after them. We buy land in large tracts *"Cheap,"* and it is a well known fact that stock raising is the best paying business in the United States. The profit of one thousand cows, in twenty years, is over six million dollars.

"Now" is your time for a "No. 1 Permanent Investment" before the shares are all taken.

Good reliable business men wanted to represent the company. For further information, address, German Land and Cattle Co.,

SAN FRANCISCO.

Excelsior Self-Regulating Windmill

It is the BEST for eight reasons: First—It is a positive self-regulator. Second—It has less working parts. Third—It is direct acting. Fourth—It has less joints. Fifth—It has less points or friction. Sixth—It has less points to oil. Seventh—It requires less attention. Eighth and last, but not least—It is offered to the public at as low a price as many of the inferior mills now being sold in this market.

THE EXCELSIOR WINDMILL was awarded the first or cash premium at the California State Agricultural Fair in 1872, the only time ever exhibited there, and it has received a larger number of premiums at the Mechanics' Institute Fairs in San Francisco than any other windmill ever exhibited there.

The EXCELSIOR is manufactured at EXCELSIOR WINDMILL AND PUMP WORKS, 211 Mission Street, San Francisco, H. H. BODWELL & SON, Proprietors.

N. B.—All our work is fully guaranteed. We also manufacture a ROSETTE WHEEL, from 10 to 16 feet in diameter. This mill is self-regulating, and is a good, substantial mill, and is offered to the public at fully 15 per cent. less than any mill sold in this market.

Send for Illustrated Catalogue and Price List, or if in town call and see us and examine our work, and we will suit you in price and quality, for we are going to sell to the consumer at the lowest price possible.

☞ EVERY MILL FULLY GUARANTEED.

CALIFORNIA WINDMILL PUMP.

These Pumps were designed especially for windmill work. They are superior to any pump of Eastern make, both in weight, strength and inside finish.

They are constructed in the simplest form of a lift and force pump, and are not liable to get out of order.

All Kinds of Piping, Fittings, etc., Furnished at Lowest Rates, also Water Tanks of all Sizes.

PREFACE.

WE take pleasure in again presenting the PACIFIC COAST DIRECTORY to our patrons and the public. The work of compiling has been a labor of many months and many hands. To the classification of the business of the San Francisco Department, we have devoted a large portion of our attention. After making a thorough canvass of this great metropolis, visiting each and all places of business, and noting the principal articles dealt in and business done in each, we have made a compilation by which may be seen at a glance all those dealing in certain lines and practicing in certain professions, in alphabetical lists.

This convenient arrangement will, we hope, meet with its proper appreciation by our patrons.

To those who have been associated with us, to those to whose courtesy we are indebted for information, and to our patrons who, by their liberal contract support, have enabled us to bring our work to a successful close, we tender our sincere thanks.

Leaving our work to speak for itself, we wish all our friends adieu and the PACIFIC COAST DIRECTORY for 1886–87 *bon voyage*.

THE PUBLISHERS.

301 TO 309 MARKET ST., SAN FRANCISCO, CAL.

SAN FRANCISCO.

THE metropolis of the Pacific Slope needs no description from us, abler pens than ours having sung her praises. As a commercial center, San Francisco comes to the front among the metropoli of the world. Situated, as the city is, on the Pacific Ocean, we might say, with a harbor unsurpassed by any port in the world—open the whole year round—offering shelter and safe anchorage to ships of any draught. With a surrounding country, the most fertile and productive, and with a system of railroads bringing the produce of the country to the sea board, San Francisco invites the nations of the world to draw from the abundance of California.

The energy which characterized the first settlers of San Francisco has been handed down unabated to the present generation, and we have to-day a city, the commercial importance of which is second to none of her size, and which bids fair to become the second in the Union. The growth of San Francisco, in many ways, has been greater the past year or two than for ten years previous, particularly in new and handsome buildings, of which a large number have been erected, and will remain as monuments marking an era of solid prosperity in the history of the city.

The manufacturing interests of San Francisco have made marked progress within the past two years, and the prospects are good for a still greater increase in the near future. The wild-cat speculation and two per cent per month days of San Francisco are over, and capital is seeking legitimate employment in the encouragement of manufacture, and the furthering of her commercial interests generally.

The city possesses every convenience and comfort usually enjoyed by metropolitan cities. Her streets are well graded and lighted with gas and the electric light, and travel is facilitated by numerous horse and cable railroads, of which latter mode of locomotion San Francisco is the pioneer city.

Her churches, schools, newspapers, libraries, and places of amusement are all of the highest order. Her parks are small with one exception. Golden Gate Park, a large tract reclaimed from the sand hills at an enormous cost, is four miles in length, and possesses a conservatory rich with exotics and rare plants. The drives in the park are beautiful beyond description, especially that through the park to the far-famed Cliff House and seal rocks. While writing of parks, we ought not to omit to mention the Presidio of San Francisco, which, under the *regime* of General Pope, Commander of the Division of the Pacific, now retiring from active army life, has become one of the most attractive places of resort in the vicinity.

With her natural advantages and the enterprise and energy of her sons, San Francisco has a bright future before her.

IMPORTATION POMMERY & GRENO S.E.C. IN 1884,

32,725 CASES.

Genuine Aromatique,

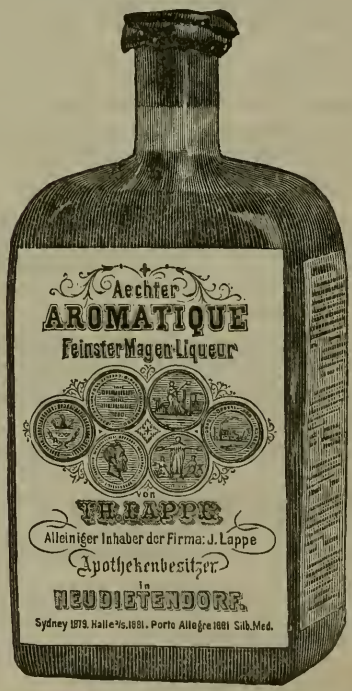
FINEST STOMACH CORDIAL.

PREPARED by THEO. LAPPE, Neudietendorf, Germany.

FAC-SIMILE OF BOTTLE.

The AROMATIQUE is a preparation made of the finest herbs and drugs, for more than half a century favorably known and accepted by the Public and the Medical Profession throughout Germany and other continental countries, and in the United States and British Colonies.

It is also highly recommended for **mixing with Wines, Liquors,** and **Mineral Water,** and a small quantity added will give the beverage a fine and delicate flavor.



BEWARE OF IMITATIONS.

The Gold, Silver and other medals, and the Certificates received from the highest professional authorities guarantee the value of this **Cordial** as a **Tonic** for general use, and as inestimable in cases of **Loss of Appetite, Dyspepsia, Flatulency, Diarrhœa,** etc. A small glassful taken will soon show its beneficial effects.

The AROMATIQUE has received a large number of **Testimonials** from medical men of the highest order.

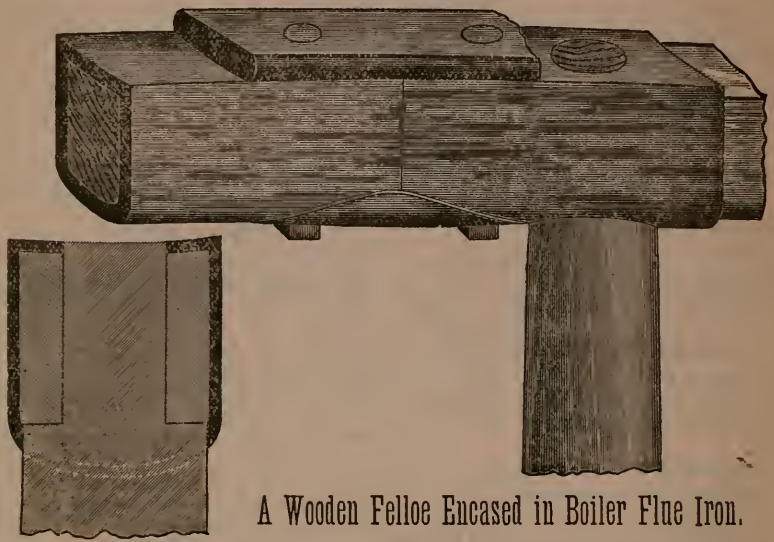
THE INDESTRUCTIBLE VEHICLE WHEEL,

(DANFORD'S PATENT.)

The STRONGEST WHEEL in the World.



A Wooden Felloe Encased in Boiler Flue Iron.

The Most Economical Wheel.
The Strongest and Most Durable Wheel.
Splitting of Felloes Entirely Obviated.
No Flattening Between Spokes.
Retains its Original Shape, a true circle.
No Loose Tires to Reset.
No Injury to Felloe from R. R. Tracks.
The Cheapest and the Best.

SEVEN REASONS

Why the Metal Felloe Wheel is Far Superior to Any Other Make in Use.

FIRST—There being no wood exposed, the Felloe and Tire being of Metal, contracting and expanding alike, there can be no loose Spokes or Tire. (The dish of the wheel provides for expansion and contracting.)

SECOND—The transverse strength of the Metal Felloe prevents all flattening of Felloe between spokes—the wheel retaining its original shape—a true circle.

THIRD—The wear upon sides of Felloes by reason of contact with railway tracks and rough roads, comes upon metal. The Metal Felloe completely protecting the wood center.

FOURTH—The spokes can be driven tight without danger of splitting the Metal Felloe.

FIFTH—The Metal Felloe being counter-bored equal to diameter of spoke, the strength of full section of spoke is obtained, thereby preventing breakage of spoke at shoulder or tenon.

SIXTH—The transverse strength of the Metal Felloe distributes the strain from any shock over many spokes, instead of concentrating it upon one or two.

SEVENTH—The flexibility of the Metal Felloe, providing for all adjustment necessary to insure strength and permanency, its adaptability and suitability to all climates and conditions.

BUY
The Best
Security.

IN PLACING YOUR

FIRE INSURANCE

The Primary Considerations should be

PAY
Adequate
Rates.

SECURITY, - - COST

AND THE

GENERAL GOOD

Of the Community which contributes to your support and profit.
Therefore

INSURE

IN THE

FIREMANS FUND

FOR IT "FILLS THE BILL,"

Same being "itemized" as follows:

SECURITY. Assets, $2,000,000; Losses Paid, $6,500,000.
Its Security is Here!

THE LARGEST Company ever organized on the Pacific Coast.
THE LARGEST Amount paid for Losses by any Company on this Coast
THE LARGEST Business of any Company organized on this Coast.

COST. SAME AS IN ANY FIRST-CLASS COMPANY.

GENERAL GOOD. Its $2,000,000 are here on this Coast, helping to develop the country and so helping you.

Assist
the
Community

FOOT IT UP FOR YOURSELF

AND YOU WILL FIND THAT THE

FIGURING IS CORRECT.

Assist
Yourself.

Agents wanted in every town in the State.

[OVER

CALIFORNIA

Life and Accident Association.

(Incorporated under California Laws)

OFFICE, 328 MONTGOMERY STREET,

SAFE DEPOSIT BUILDING, SAN FRANCISCO, CAL

LIFE DEPARTMENT.

THE CALIFORNIA LIFE & ACCIDENT ASSOCIATION

OUR SUPERIOR ADVANTAGES.

Endowment at 75 years of age.
Purely Mutual Insurance at cost.
Equitably Graded Rates.
Carefully Selected Members
Dividends paid annually, after Fifth Year
Reserve Fund Deposit.
An Open Ledger,
A Board of Trustees
To protect the Reserve and Contingent Funds.

No Stockholders to Absorb the Earnings.

Over Twenty-five Million Dollars Paid Annually by Assessment Companies in the United States to Beneficiaries of deceased members.

Equitable to All

A Leading Feature of this Association is that members at all times pay the proportionate cost of their Insurance; new members will never be required to pay more than cost to make up the deficit caused by old members not paying the cost of Insurance.

Our System of **Mutual Benefits** is similar to Fire Insurance—the insured **paying premiums according to the risk,** and renewing the insurance from time to time by paying the assessment.

The California Life and Accident Association

Is **Best** among all the New Systems for **Economical Life and Accident Benefits.** Takes risks from $1,000 to $5,000 in each Department, on **Good Lives only.**

Has paid all Claims promptly from commencement of business.

OUR GUARANTEE RESERVE FUND SYSTEM

Makes even the last man sure of his money. Our system acknowledged to be most complete and perfect. All certificates paid as ENDOWMENT at the age of 75 years.

GUARANTEE RESERVE FUND DEPOSIT.

FRANK WILTON,
5 MINT AVENUE

The Indian Olio of Oils is a Sure Cure for the following named Diseases.

Many can fully and freely testify, feeling it their duty to the afflicted, and take pleasure in communicating to the public the many cases of suffering that they have known this wonderful remedy to cure—having used it themselves and in their families, from one to eight years past, for the following nervous affections, viz:

INFLAMMATORY RHEUMATISM,

Rheumatic Gout, Sciatic Rheumatism, Chronic Rheumatism, Rheumatic Neuralgia, Flying Neuralgia, Lumbago, Pains in the Sides and Back, Spinal Complaint, Ossified Muscles, Stiff Joints, Contracted Cords, Affection of the Heart, Throat, Kidneys, Sprains, Cuts, Burns, Bruises, Sore and Tired Feet, Blood Poisoning, Erysipelas, Poison Oak, Sick Headache, Headache, Earache, Cholera Morbus, Cramp, Old Sores, Hip Disease, Weakness of the Limbs in Children, Weak Lungs, Asthma and Tubercular Consumption especially.

PATENT SOLICITOR.

BUSINESS COLLEGE

320 POST STREET,

RED MEN'S BUILDING,
OPPOSITE UNION SQUARE.

SAN FRANCISCO.

This School is justly ranked by the public as the best Commercial College on the Pacific Coast. It offers to both sexes superior facilities in the following courses of instruction:

THE BUSINESS COURSE.

This is designed to prepare students for BUSINESS PURSUITS. It embraces:

Book-keeping—BY BOTH SINGLE AND DOUBLE ENTRY, as applied to all kinds of business, such as Wholesale and Retail Merchandising, Farming, Manufacturing, Mining, Brokerage and Exchange, Importing and Jobbing, Commission, Railroading, Banking, Etc.

Commercial Calculations—Embracing the most rapid and abbreviated methods of calculation in Percentage, Profit and Loss, Commission, Interest and Discount, Domestic and Foreign Exchange, General Average, Equation of Payments, Interest Accounts, Averaging Accounts, Partnership Settlements, etc.

Penmanship—Including careful instruction in the finger, muscular, whole-arm and combined movements, as applied to plain business writing, ledger headings, etc.

Correspondence—Embracing instruction in composition of business letters, use of capitals, rules of punctuation, folding, addressing, etc.

Business Forms—Such as Notes, Drafts, Bills of Exchange, Accounts Current, Account Sales, Articles of Copartnership, Deeds, Leases, etc.

Actual Business Practice—In Wholesale and Retail Merchandising, Importing and Jobbing, Commission and Forwarding, Banking, etc., etc.

Commercial Law—Relating to Negotiable Paper, Contracts, Partnerships, etc.

Business Customs—Lectures and practical instruction on business customs, etc.

Lectures and Instruction—On Commercial Geography, Political Economy, etc

RATES OF TUITION:

SCHOLARSHIP for the full Business Course as above explained, time unlimited, **$70**

Three Months, Day Sessions..... .....$40 | Three Months, Evening Sessions, ... $25
One Month, " " ..... 15 | One Month, " " 10

ACADEMIC COURSE.

This Course is designed for imparting to persons of any age thorough instruction in the ordinary English branches, such as Spelling, Reading, Writing, Arithmetic, Grammar, Composition, Letter-Writing, History, etc., and the general Mathematical branches, such as Higher Arithmetic, Algebra, Geometry Mensuration, Surveying, Civil Engineering, Navigation, etc

RATES OF TUITION: Six Months, $45; Three Months, $25; One Month, $10.

COMBINED COURSE.

It is frequently desirable for students taking the Business Course to combine with it one or more of the studies of the Academic Course. Where the studies of the two courses are combined, the charge per term of six months is $70.

TELEGRAPHIC COURSE.

This Course offers unsurpassed facilities for learning Telegraphy. Air Lines, Relays, Sounders, Switches, etc., with all the apparatus to be found in any telegraph office, are used; so that students can become good operators in the shortest possible time

RATES OF TUITION: Six Months, $40; Three Months, $25; One Month $10

Students of the Commercial or Academical Departments will be charged the following rates: Six Months, $25; Three Months, $15; One Month, $6.

NOTE.—Students taking the Business Course, or the combined Course, receive instruction in the *Modern Languages, Free of Charge*

NO VACATIONS—DAY AND EVENING SESSIONS DURING THE ENTIRE YEAR

JOHN P. DIGNAN,

"NEW YORK"

Merchant Tailor,

DESIGNER AND CUTTER,

1055 Market Street, between Sixth and Seventh.

SAN FRANCISCO.

SHOULD *you wish a* FIRST-CLASS SUIT *of Clothes go to* J. P. DIGNAN, *1055 Market Street, San Francisco. As a Cutter he is second to none on the Continent, as he has had an extensive experience in the East as a Designer and Cutter, and superintends all work in his Establishment. He is thoroughly competent in cutting and designing the most difficult styles of garments of every description, in the most artistic manner. He also receives his cloths direct from the East, which enables him to furnish his patrons with* THE LATEST AND MOST APPROVED STYLES OF FABRIC, *which he will furnish at prices far below that of others in their rude and ungraceful manners.*

OUR MOTTO IS:

No Misrepresentations, One Price to All, AND

No Sale WITHOUT PERFECT SATISFACTION.

CALIFORNIA.

See also list of towns received too late for regular insertion.

A LAND flowing with milk and honey was the figurative description of the promised land of the Israelites of old, and no better realization of that dream could be had than by a visit to the California of to-day. Gifted with a climate unknown to any other country of the world; with a soil whose fertility is unknown elsewhere; with mountains and canyons abounding in mineral wealth; with forests of timber whose age may be computed by the thousands of years, and with sons whose enterprise and foresight have taken advantage of those gifts, California stands out particularly blessed among the sisterhood of States.

Railroads have been and are being built throughout the State, redistributing and equalizing the gifts of nature, the wealth of the forest, mountain and canyon to the valley and plain in improved means of cultivation and irrigation, and the product of the valley to refresh the toil-worn miner of the mountain and the busy artisan of the cities.

There is probably in the world's history no State where the march of progress has been so rapid and on so sure a basis as in California, education going hand in hand with commerce and agriculture, and manufacture following in their footsteps.

The schools and colleges of California are unsurpassed by any of her sister States, and, by the munificence of one of her most prominent citizens, will soon stand unrivaled in educational institutions, the world over, the Leland Stanford, Jr., University of California offering alike to atheist and believer, to Jew and Christian, to Catholic and Protestant, the incalculable advantages of the highest university training.

While education has thus firmly obtained a homestead, agriculture has none the less firmly taken root, and the products of the soil of California are to be found in all markets of the world. Viticulture, though still in its infancy, has far surpassed the most sanguine expectations of its promoters, and the wine growing and raisin producing industries already rival those of France and Spain. The orange groves of California produce fruit unequaled anywhere else in the world, and, though still young, their owners are already reaping richly the reward of their enterprise. The fruit growing industry increases yearly, and, with the improved method of transportation by means of refrigerator cars, the fruit of California will soon be placed on the tables of the Atlantic States, as fresh as the day on which it was pulled from the tree.

The manufactures of California continue steadily to increase, and the ring of the hammer and anvil, the buzz of the saw, the whirr of the spindle, and the click of the shuttle are heard throughout the land. Over the cities, Mercury has stretched his rod; in the mountains, Vulcan has placed his forge, and on the valleys, Flora, Pomona, and Ceres have lavished their choicest gifts.

While remembering the commerce and agriculture of the Golden State, we would not forget the inducements to pleasure seekers there are in the abundance and variety of nature's sublimest scenery. Her mountains, bold and rugged, towering into the regions of eternal snow, abound in game of all kinds, offering to the lover of the chase a sportsman's paradise. Her verdant hills, clad with the vine, the olive and fig-tree, her valleys, over which the gentle zephyr of perpetual summer sweeps, are laden with the perfume of a thousand blossoms. Crystal lakes green her Sierras, rivers and streams water her plains, and offer their speckled treasures to the followers of the gentle art.

Hobbs, Wall & Co., Mfrs. BOXES of every Variety, 314 SPEAR Street, S. F.

Nicoll the Tailor, 816 Market Street. **Send for Samples and Rules for Self-measurement—Sent Free.**

The Pacific Electric Pad Truss Positively Cures Ruptures. Pacific Electric Co. 330 Sutter St., S. F. Price $10

Excelsior Windmill, THE BEST. It is a positive SELF-REGULATOR; it has less working parts; it is Direct Acting; it is offered at as low a price as inferior Mills. H. H. Bodwell & Son, S. F.

The Yo Semite Valley, nature's temple, at an altitude of 4,000 feet above the sea level; the monarchs of the redwood forests, sending their branches 300 feet heavenwards; the geysers and hot springs throughout the State,—all offer to visitors an endless and ever-varying panorama of nature's most wonderful works.

Enough has been said of the glorious climate of California to render it proverbial. It can be found to suit people of all constitutions, from the rugged Norseman to the tender victim of phthisical disease, while her medicinal springs pour forth their healing waters on suffering humanity.

With her schools, churches, and literary institutions, California has provided liberally for the moral training of her youth; her commerce and agriculture provide for their future advancement in life.

ALAMEDA.

ALAMEDA COUNTY. A beautiful residence city situated across the bay from San Francisco, distant about 8 miles, reached by the S. P. Co.'s, and S. P. C. Co.'s boats and trains, which make half-hourly trips daily. Much frequented by city people as a picnic resort, and for its excellent sea bathing establishments. It has perfect postal, telegraph, telephone, and express communication with San Francisco.

LOS ANGELES COUNTY. A post, express and telegraph town, 26 miles southeast of Los Angeles, on the San Diego branch of the Southern Pacific Co system; situated in the midst of a particularly fertile section of the country devoted almost exclusively to vineyards, orange groves and apiaries. The district is noted for the excellence of its oranges, and has of late years become one of the largest honey producing countries in the world, immense quantities of which find a ready market at remunerative prices. The town is in a thriving condition now and real estate has improved greatly in value.

ANDERSON.

SHASTA COUNTY. A post, express and telegraph town on the Central and Oregon Railroad, 11 miles south of Redding.

This place is rapidly becoming of importance, being the chief distributing point of supplies for Northern California. Its trade extends to Modoc and Lassen Counties, California, and to Lake County, Oregon, and is fostered by a splendid system of roads, over which stages and freight teams run daily. It is the center of a large farming, stock-raising and lumbering section, and within a radius of 30 miles there are six saw-mills, one a planing and saw-mill and sash and door factory combined, several of which are of large capacity. The town also has a flouring-mill of fifty barrels' capacity per day, a weekly newspaper, the Anderson *Enterprise*, and has lately built a large and commodious school-house capable of accommodating 250 children. It has three hotels, and by their competition the public are benefited, giving Anderson the reputation of being a good hotel town. A bright future may be looked forward to for this place.

ARROYO GRANDE.

SAN LUIS OBISPO COUNTY. A post, express and telegraph town, 14 miles south of San Luis Obispo. A thriving place of 500 inhabitants, situated in a fertile valley—the largest bean growing district in the State. It has a good hotel, large public hall, an excellent school, and is well catered to by several large stores. They are trying to get direct communication to San Francisco by steamer from Pismo Wharf, 4 miles distant, which, if successful, will help to develop the town.

AUBURN.

PLACER COUNTY. The county seat of Placer County, a handsome and growing town of about 2,000 people, situated on the main line of the S. P. Co.'s Pacific System, 36 miles from Sacramento. The principal business support of the town is from the farmers and fruit growers in the vicinity, mining used to be the chief business. From its beautiful and healthy situation it is largely patronized by tourists, and can support 7 hotels, of which the American Hotel deserves special mention. It is the distributing point for a number of outlying mountain towns and mining camps. The town has three churches, a public school, and the Sierra Normal College, a private educational institution of high grade. The fraternities are well represented, and the town boasts of three newspapers, the Placer *Argus*, the Placer *Herald*, and the Placer County *Republican*, all weekly, which supply the wants of the people in the matter of news. It has also excellent post, telegraph and express facilities.

THE PLACER ARGUS,

The Leading Paper of Placer County, is published every Thursday afternoon at Auburn, the County Seat, amid the Sierra foothills, noted for their Healthful Climate, Picturesque Scenery and Diversity of Material Resources.

THE ARGUS is the oldest, best, and most widely-circulated Republican paper in the county, its independence and decency of tone commending it to all classes of intelligent readers. It is by far the best advertising medium in Placer County.

TERMS—Three Dollars per year in advance; six months, $1.75; three months, $1.00.

Advertising Rates, which are very liberal, will be made known on application.

H. W. FENTON,
Editor and Publisher.

The "Union" Livery, Sale, and Boarding Stable,

BAKERSFIELD.

KERN COUNTY. A post, express and telegraph office; the county seat; 1 mile from Sumner on the Southern Pacific R. R., 314 miles from San Francisco. It is a thriving town of 1,500 inhabitants, and can boast of solidity and wealth. It is in a fine agricultural and stock country. There are a number of churches, schools, and hotels, and three weekly newspapers are published in the town altogether. Bakersfield has an appearance of prosperity and comfort. The surrounding country is adapted to agriculture, stock-raising and mining. Wheat and barley are grown extensively, also corn and potatoes. The semi-tropical fruits have been tested, and with the most satisfactory results. Steps have been taken to colonize a tract of land south of Bakersfield, and special inducements are offered to immigrants. The lands offered are as good as the valley boasts.

BENICIA.

SOLANO COUNTY. An important town on the S. P. Co.'s Pacific system, 33 miles from San Francisco. The business of the town receives considerable stimulus from the fact that the entire traffic of the S. P. Co. (Pacific system) passes there, trains being carried across the Carquinez straits by the largest ferry boat in the world. The city has splendid educational institutions, both public and private. It is also a large garrison town, and is the seat of the United States Arsenal for the division of the Pacific. The town has complete railroad, postal, express, and telegraph facilities, and a population of about 2,000.

CALISTOGA.

NAPA COUNTY. This is a beautiful little town at the northern terminus of the railroad, and has a population of about 800.

From its location it is the center of large freight shipments, quicksilver and sulphur from the Lake County mines being hauled to this point for shipment by rail. The famous Petrified Forests are found about 5 miles from the town, while the Geysers are 26 miles distant. Stage lines radiate from Calistoga to all points in Lake County, in one direction, and in others to Knight's Landing, the Geysers, and Santa Rosa. The town sustains a good newspaper, the *Calistogian* (weekly), has a good town hall, three churches, and its full complement of business houses. In its hotel accommodations it ranks exceptionally well for a town of its size.

Charronx Andrew, blacksmith and wagonmaker
Duffy M, hotel
Lawson Lans, barber
Zimmerman N, gen mdse

CAMBRIA.

SAN LUIS OBISPO COUNTY. Is a pleasant little town of 300 inhabitants, 170 miles from San Francisco, and about one mile from the coast. With the exception of San Luis Obispo itself, it is the most desirable town in the county as a residence. Valuable quicksilver mines in its vicinity, at present idle, promise, when worked, to make a brisk, lively little burgh. It is connected by stage with San Simeon, San Luis Obispo and Paso Robles. It has a commodious wharf and warehouse, a fine, large hotel, post, express and telegraph offices and well furnished stores. The principal support is dairying; and bean, potato and barley crops do well. Reached by P. C. S. S. Population, 300.

CARPENTERIA.

SANTA BARBARA COUNTY. A small village in one of the fertile valleys in which Southern California abounds, is about 12 miles from Santa Barbara. The cultivation of flowers for manufacturing into perfumery is carried on here, and a better choice of locality could scarcely have been made. The entire valley is devoted to the raising of the cereals, beets, sorghum, and especially Lima beans. It is reached by the Southern Pacific Railroad and connecting stage lines, or Pacific Coast steamers to Santa Barbara, and stage. It contains a post-office, two churches and a good school-house.

CASTROVILLE.

MONTEREY COUNTY. Is situated on the Northern Division of the S. P. Co., 110 miles from San Francisco. It is the point from which the trains for Soledad and Monterey diverge. It has good schools, churches, flour-mill and warehouses. The average grain yield to the acre in the neighborhood is about 18 tons. Water is found at an average depth of 12 feet. The population of the place is about 700, and its interests are chiefly stockraising and agricultural.

CECILVILLE.

SISKIYOU COUNTY. A mining camp and post-office in the southwestern part of the county, near the Trinity line. It has a population of about 50, and receives its freight *via* Delta, and express from Trinity Centre.

SISKIYOU COUNTY.
Sightman George, postmaster and gen mdse

CEDARVILLE.

MODOC COUNTY. This, the most important town of Surprise Valley, is located 20 miles north of the county line, at about the center of the valley. At this place the main road from Reno divides, one branch passing through a low mountain divide to Alturas, the other continuing north through the valley to Fort Bidwell. It is supported by a rich and fertile neighborhood, and carries on over half the trade of the valley. Its business establishments are flourishing and more numerous than are ordinarily found in towns of its size. Daily stage connection is had with Reno. Population, about 250.

CENTREVILLE.

ALAMEDA COUNTY. This town, located southeast of and 33 miles distant from San Francisco, lies about midway between the lines of the Central Pacific and South Pacific Coast Railroads, and 3 miles from Niles. It is surrounded on all sides by a fertile and well developed agricultural country, enjoys a fair home trade, and has direct postal, express and telegraphic facilities. It has a street railroad connecting it with the steamer landing and railroad at Newark. Its population is about 600.

CHICO.

BUTTE COUNTY. Chico, the largest town of Butte County, situated on the Oregon Division of the S. P. Co., about 90 miles distant from Sacramento, has a population of about 6,000, and is a thriving town. Beautifully located, it is the garden spot of Butte, surrounded by immense farms and timber lands. It has five churches, two fine brick school-houses, several private schools, and three large public halls. It has excellent water and gas works, and several fire hose companies. The town was incorporated about eleven years ago. It has a city government. The surrounding country is well settled. Chico has three daily and three weekly newspapers. They are ably conducted and have a fine circulation. The *Butte Record* is conducted by the veteran and able editor, George H. Crosette; the *Enterprise*, by D. H. Woods, and the *Chronicle*, by Walker & Brown. The manufacturing interest is increasing. General John Bidwell's ranch is well worth a visit of many miles to see. The grounds adjoining the house are beautifully laid out in shrubbery, fruit, and ornamental trees of all descriptions. The General carries on many other industries, prominent among which is the Chico Roller-mill which has a large capacity and manufactures flour of the best quality.

CLOVERDALE.

SONOMA COUNTY. A post, express and telegraph office, situated at the head of Russian River Valley, 90 miles from San Francisco, and 32 miles from Santa Rosa, the county seat; a place of 1,500 inhabitants and the terminus of the S. F. & N. P. R. R. Many wealthy retired business men have made it their home, owing to its pleasant climate and congenial surroundings. Its hotel accommodations are the best. The United States Hotel, M. Menitan proprietor, is one of the first-class hotels of the county, as also the Cloverdale Hotel, Eugene Dixon, proprietor. It is noted for its agricultural and viticultural resources, as also one of the healthy and beautifully romantic resorts of the State, it being located in a perfect amphitheater formed by the surrounding hills. The water supply is most perfect and abundant. Alder Glen Springs, situated about 3 miles from town, is a noted summer resort. At this point stages run to the world-wide famous Geyser, and the numerous springs and resorts of Lake County. Five stage lines leave the United States Hotel daily for points north in Mendocino and Lake Counties. There is a prosperous bank, besides real estate, loan and insurance offices. New industries are continually being started up. The town ably supports one newspaper, the Cloverdale *Reveille*, Baer & Huse publishers. Its columns are devoted to the interests of its section, and are evidence of the healthy business interests and of the prosperity of its community.

COLUMBIA.

TUOLUMNE COUNTY. This town ranks next to Sonora in size and commercial importance, and is a flourishing place. It has a post, express and telegraph office, and is reached *via* Stockton and Copperopolis Division of S. P. Co.'s Pacific System, and Messrs. Mattison's Stage Line. Fruit-growing and mining are the chief industries, but the undeveloped mineral resources in the immediate vicinity are immense, and with increased facilities for transportation its productions would soon place it among the first mountain commercial towns. Its altitude of 2,200 feet insures a pure, light and dry atmosphere. Under the head of manufacturing industries may be mentioned a planing mill, box factory, flouring mill, fruit drying establishment and a marble mill; population, about 600.

THE FALLON HOTEL,

JAMES C. FALLON ..... PROPRIETOR

First-Class Accommodations for Tourists, Travelers and Invalids.

This ELEGANT HOTEL is built entirely of brick and is most desirably and pleasantly located at the junction of Broadway and Washington Sts., COLUMBIA, CAL., on the main line of travel between Yo Semite Valley and Big Trees. Yo Semite and Big Tree Stages stop here for dinner. The Milton and Sonora Stages pass the house and stop if required.

The Rooms are large, airy and well ventilated. There is also a handsome Sample Room for the accommodation of Commercial Travelers. Invalids suffering from lung complaints find the limate and accommodations all that are required.

COLUSA.

COLUSA COUNTY. The county'seat; population, 2,500. Situated on the west bank of the Sacramento River, about 90 miles from Sacramento. It has connection by stage with the Northern Railroad at Williams, 10 miles distant, also with Maxwell, 12 miles distant. The steamers of the Sacramento Transportation Co. make frequent trips. The town was laid out in 1850, and has prospered steadily ever since. It is surrounded by very fertile agricultural land, and it is the center of the largest grain-growing district in the valley. The land hereabouts is generally farmed in large tracts, but it is well cared for. Nearly every acre of it is productive. It may be imagined, with some reason, that Colusa is a very important ship.

ST. DAVID'S, 190 Rooms, 715 Howard St., nr. Third, San Francisco. Single rooms 50 cents per night. Daily papers on file. Hot baths free.

The FINEST DIAMONDS can be seen at JELLY'S, 422 J STREET, SACRAMENTO, CAL.

Buy a Farm of SWEETSER & ALSIP, REAL ESTATE AGENTS, No. 1015 Fourth St., Sacramento, Cal.

CABINET WOODS and VENEERS, 133 Spear. John Wigmore.

ping point, and that a vast capital is represented there. Transactions up in the hundreds of thousands are of frequent occurrence. It is a matter of great surprise that a branch railroad has not been projected to this important point. A line would greatly benefit the town, or at least it would enable it to retain the trade it has enjoyed for so long, and not permit it to drift to its formidable young rivals on the main line. The town presents a fine appearance with its stately Court House and Hall of Records, as well as its many other business blocks and private buildings. It has good hotel accommodations, the Colusa and the National being both worthy of special commendation. The community of the town is refined, sociable and hospitable; its churches and schools are numerous and commanding in appearance, and its hotels are well constructed and commodious. The Colusa *Sun*, published by Addington & Green, and edited by Will S. Green, is one of the ablest papers in the State, and it is as widely quoted as its editor is known.

COSUMNE.

SACRAMENTO COUNTY. Cosumne, on the western division of the S. P. Co., is a post-office situated on the Cosumne River, 18 miles from Sacramento. The soil in this portion of the county is good, and the location is desirable as a place of residence. The place contains hotels and a store. Freight by way of Sacramento Express to Michigan Bar. Population, 50.

Devoe A, hotel and saloon
Fraley J M, prop Slough House
Gibbs George W, physician
Swales Wm, farmer

COTTONWOOD.

SHASTA COUNTY. Post, express and telegraph offices, situated on the Oregon Division, 152 miles from Sacramento. The trade of southwestern Shasta and northwestern Tehama drifts to Cottonwood, and quite a lively merchandise business is done there. Two of the largest and best hotels in the county are situated there, and in that respect the town is very well off. Cottonwood is near the county line between Tehama and Shasta, 5 miles southwest of Anderson. Large quantities of cattle and wool are shipped from this station, and it is the business town for quite a rich agricultural surrounding. The present population is about 150.

DAVISVILLE.

YOLO COUNTY. This, the second town in size in the county, is situated in the extreme southern part, 11 miles from Woodland. Here the northern branch of the California Pacific Division of the S. P. Co. leaves the main line, running north to Woodland and Grafton. The town is in the center of a large and well-developed farming district, and has a large portion of Northern Solano tributary to its business interests. Fruit culture in the neighborhood has become one of the paramount industries, many large orchards being located here. From 30,000 to 35,000 tons of grain are shipped annually from this point.

The town is enjoying a fair degree of progress, has good hotel accommodations, the Gafford House being worthy of special commendation. It has a full quota of mercantile and mechanical establishments. The town has complete postal, express and telegraphic facilities. Population, about 700.

DECOTO.

ALAMEDA COUNTY. A new town recently laid out on the Western Division and Amador Branch of the S. P. Co., 20 miles from Oakland and 3 miles from Niles Its projectors claim for it a promising future. Overshadowed on the rear by the high bluffs, which here form the advanced sentinels of the Coast Range, and flanked and fronted by a broad vista of level plains, its wide avenues already well shaded with the fragrant eucalyptus, would seem to justify its selection as the spot for a suburban home. It has post, express and telegraph offices already established.

DOWNIEVILLE.

SIERRA COUNTY. This is the county seat. Is situated a short distance south of the center of the county and is distant from Sacramento, by legal route, 119 miles, from Marysville 65, and from Nevada City 50. Its location is particularly pleasing, lying as it does at an altitude of 3,000 feet. The town is supplied with water by over 5 miles of flumes and ditches, water privileges being sold by the month. There are two volunteer fire companies, with 500 feet of hose, which, with a 30,000 gallon reservoir lying at an elevation of 150 feet, is the town's provision against fire. Those portions of the town lying on Durgan and Jersey Flats are connected with the main portion by substantial bridges, and all parts of the town are united by a local telephone line. The roads to Marysville and Nevada City are owned and maintained in first-class order by the Sierra Turnpike Company, while good wagon roads connect the town with Sierra Valley, in the eastern part of the county. Tri-weekly stage service to Marysville and Nevada City all the year. Downieville possesses two weekly newspapers—the Sierra County *Tribune*, especially devoted to the mining interests of the county, and the *Mountain Messenger*, a paper widely quoted for many years and familiar to all mining communities in the State. The *Tribune* is published by Messrs. Calkins & Sweetmon, and the *Messenger* by Messrs. Downer & Vaughn. The post-office, express and telegraphic communications are carefully served during the entire year, necessary repairs upon connecting routes being promptly made, so that no break in either service is permitted at any time of the year. Population, about 1,200.

PLACER COUNTY. A place of 800 inhabitants on the S. P. Co.'s Sacramento Division, 206 miles from San Francisco. It has a post, express and telegraph office. It is a rich mining town, and gives employment to a great number of men. The town is at an elevation of about 3,000 feet, and has attained some note on account of the remarkable cures that have been effected in some cases of asthma. It has beautiful and picturesque mountain scenery. It has two hotels, three churches, one weekly newspaper, the *Forum*, and one of the finest school houses in the interior. It can boast of good society, and a pleasing array of neat, substantial business houses and private residences.

EUREKA MILLS.

PLUMAS COUNTY. Post and express office. Population, including Johnsville (which town, lying about one mile distant and 300 feet below, it overlooks), about 500. Elevation, 5,300 feet. Reached by S. P. Co.'s Northern Division to Watsonville, from which place it receives freight and express. Population, about 400.

Armstrong J, shoemaker
Coyle James, hotel keeper
Daly John, gen mdse
Hill C M, physician
Tinnan P, saloon

EVERGREEN.

SANTA CLARA COUNTY. A postal town reached by S. P. Co.'s Northern Division and S. P. C. R. R. to San Jose, from which place it is 7 miles distant.

Barton W F, blacksmith and wagonmaker
Holland J W, market
McMurry Frank, liquors
Park John E, bootmaker
Smith Chas C, blacksmith
Smith F J, gen mdse and postmaster

FAIRFIELD.

SOLANO COUNTY. This town, the county seat of Solano, is situated 46 miles from San Francisco on the S. P. Co.'s C. P. R. R. Division. It is pleasantly laid out, but aside from the importance it obtains from its being the capital of the county, it would be more properly classed as a residence town, since a considerable portion of its tributary business is taken by Suisun. It has complete postal, telegraph and express connections, and a population of about 900.

Aden R J R, county supervisor
Asbury L P, feed stable and breaking stable

Yost Elijah K, livery stable

FAIRPLAY.

EL DORADO COUNTY. A postal town reached by S. P. Co.'s Amador Branch to Ione, to which place its freight is shipped. It receives its express matter from Oleta. Population, 30.

Carr J G, merchant
McKee George W, hotel keeper and postmaster

FALL RIVER MILLS.

SHASTA COUNTY. Post and express office, situated in Fall River Valley, 45 miles northeast of the railroad at Delta, and 87 miles from Shasta, the county seat. The town was established in 1872, and has now a population of 250. Elevation, 3,100 feet. Supported by stock interests—cattle and horse raising principally. The country within a radius of 35 or 40 miles is supplied principally with flour and grain from Fall River Valley, and the extensive area of fine land in the valley is capable of a much larger production. The town possesses a hotel, general store, flouring mill, livery stable, door and sash factory, wagon shop, saw-mill, at the head of the valley, and several smaller businesses. The trout-fishing here is excellent, especially in the spring and summer. The hotel accommodation is good.

FERNDALE.

HUMBOLDT COUNTY. This town, situated about 20 miles south of Eureka, at the lower end of the fine agricultural valley formed by the Eel River, is the business center for the finest farming section of the county, the prolific and inexhaustible bottom lands in the neighborhood being noted for the excellence, abundance, and never-failing character of their crops. A direct line of communication with San Francisco, *via* Port Kenyon, by steamer, is maintained, as well as daily stage communication with Eureka, thus adding materially to the welfare of the community. The town is well built, and sustains its full complement of business establishments, all of which are doing a thriving trade. A good system of water works provides for the town's wants. The town sustains a newspaper, the *Ferndale Enterprise*, a bright and sparkling weekly, fully alive to the interests of the valley. It has post-office, express, and telegraphic accommodations, and a population of about 1,200.

FIR CAP.

SIERRA COUNTY. A mining camp with post-office, situated in the northern part of the county, in the Fir Cap Mountains. It was formerly known as Eureka, the name being changed to prevent confusion with Eureka Mills, in Plumas County. Its freight goes to Marysville on the S. P. Co.'s Oregon Division, thence by stage *via* Downieville. Population, 60.

Davison John, hotel
Julian T J, gen mdse and postmaster
Wolfe J W, restaurant

FIREBAUGH.

FRESNO COUNTY. A post and express office on the San Joaquin, 45 miles from Fresno City and 26 miles from Madera by stage. It receives its freight from Madera on the S. P. Co.'s Visalia Division. Population, about 200.

LOS ANGELES COUNTY. A post-office on the S. P. Co.'s Wilmington and San Diego Division, 6 miles from Los Angeles. It is the point of divergence of the Los Angeles and San Diego Railroad. Its express station is Los Angeles. Population, 50.

Lehman J, gen mdse
Webb Benjamin G, postmaster

FLORIN.

SACRAMENTO COUNTY. Has a post and express office and is situated on the S. P. Co.'s Western Division, 10 miles west of Sacramento. Its principal productions are vegetables and fruits, which are unequaled in richness and size. Population, 100.

Jackson Melvin C, windmill mfr
Jones Geo H, saloon
Smith F W, blacksmith and wagon-maker
Smith W C & Co, grocers

FOLSOM.

SACRAMENTO COUNTY. A post, express and telegraph town, the second of importance in the county. In an earlier day placer mining was carried on extensively in the immediate vicinity of the place. Its chief support is derived from agricultural and stock interests. The branch State prison is on the American River, 2 miles above the town. The quarries situated near the town yield an immense amount of stone, which, when polished, presents a very beautiful appearance and is in great demand. The Folsom Prison is built of this stone. The town has a population of 2,000 and supports excellent schools and a newspaper.

FOREST CITY.

SIERRA COUNTY. A post, express and telegraph town, situated 4 miles from Mountain House, the nearest point on the Downieville and Nevada City stage road, with which point it has stage connection twice a day. Forest City is 13 miles from Downieville by wagon road, *via* Mountain House, but only 7 miles by a clearly defined trail across the mountains. At Forest City and in the neighborhood extensive mining is carried by a system of tunneling. This district is undoubtedly rich in minerals and comparatively undeveloped. Some fine prospects are in view, and every experience proves that capital judiciously invested here returns big interest. The population at present is about 650. A short time since Alleghany, lying upon the opposite side of the ridge, had a subterranean connection with Forest City by the various tunnels worked from both sides—these are now closed. Good hotel accommodations for visitors can be found at the Forest House.

FOREST HILL.

PLACER COUNTY. An important town, with post, express and telegraph offices, situated some 22 miles from Auburn, on the Auburn and Michigan Bluff stage road. Mining is the pursuit most extensively engaged in, although all attempts at viniculture and horticulture have yielded abundantly and, with the cereals, are being extensively engaged in. The residents are intelligent and energetic, displaying a commendable pride in their town by the neat and substantial structures which they have erected. Lying as it does in the mountains, its air is pure and bracing, its water pure, clear, and cold, and its sanitary condition excellent. The scenery in the immediate vicinity is very fine, and the timbered hills surrounding the town promise abundant returns in the future, or as soon as the attention of the people is turned in that direction. It has a good school building, two churches, several stores and a population of about 700.

FORT BIDWELL.

MODOC COUNTY. This town, located at the head of Surprise Valley, is the most northerly settlement of the county. The fort itself is splendidly located on a Government reservation, one mile square, and contains large and commodious framebuildings. The town lies to the east of the fort, just off the reservation. It possesses the usual business interests, and has nearly the same number of people as Cedarville, upon which it draws for patronage. The Reno stages run daily to this point, where connection with the Alturas Line is made, which passes on into Oregon.

FORT JONES.

SISKIYOU COUNTY. One of the oldest settlements, and the chief place in the county's early mining history. It still continues to maintain its reputation as a mining center. Its agricultural interests have been coming more and more to the front. It is the distributing center for west and northwest Siskiyou and the eastern part of Del Norte, Happy Camp, in the latter county, getting its supplies and express matter *via* Fort Jones. It is a banking town; has several mills and a weekly newspaper, the *Scott Valley News*. It has complete post, express and telegraphic facilities, and a population of about 450.

GALT.

SACRAMENTO COUNTY. Has a post, express and telegraph office and is situated 22 miles west of Sacramento, on the S. P. Co.'s Western Division. Here the Amador Branch of the same system diverges from the main line. It has a mild and equable climate, good schools and a social community. It is the center of a large cereal growing district, for which its soil is unsurpassed by any in the State. Sacramento is its nearest banking town. Population, 800.

GIBSONVILLE.

SIERRA COUNTY. A mining town of some considerable note, in the extreme northern part of the county, lying on the La Porte and Quincy wagon road, 27 miles from Quincy, 7 miles from La Porte, and 70 miles from Marysville. It is situated on the line of the ancient gold bearing river channel, which was at one time overflowed by lava, and is the first town below the deep lava cap, where gravel is in sight from top to bottom. For over twenty-five years this locality has been the scene of uniformly successful prospecting, many fortunes having been realized, and the yield has, as yet, scarcely tapped the original sources. The town has the usual business accommodations of its class, a good hotel, and is the location of some 15 or 20 mining companies, has post and express offices, and is in the enjoyment of a fair degree of prosperity. The population is somewhat over 300.

GILROY.

SANTA CLARA COUNTY. Is situated on the S. P. Co.'s Northern Division, 81 miles from San Francisco and 30 miles south of San Jose, the county seat. It is the next largest place in size, San Jose being larger. The place contains stores, post, express and telegraph offices, bank, and a first-class hotel that offers all inducements to persons wishing to spend a few pleasant months with but little expense. Tobacco cultivation is practiced largely, cigars being manufactured there. It is an agricultural and dairy region, and has a population of between 2,000 and 3,000.

GRASS VALLEY.

NEVADA COUNTY. Situated on the Nevada County Narrow Gauge Railroad, 17 miles from Colfax on the C. P. R. R., is 72 miles from Sacramento and 155 miles from San Francisco. Population, over 4,500 within the corporate limits, and about 6,000 including the immediate suburbs. The population of the township is about 7,000. The town is beautifully situated at an elevation of 2,400 feet above sea level. In Grass Valley gold in quartz was first discovered on the Pacific Coast, and gold mining has been, since 1850, the principal industry of the place. The gold-bearing ledges are numerous, and prospecting is on the increase. The town has 20 public school teachers employed, besides some private schools; also St. Mary's College and Orphan Asylum contains about 300 children; 6 churches and almost all the benevolent societies are represented in the place. There are three newspapers: the *Tidings*, a daily evening paper, with a weekly edition, the *Union*, a daily morning paper, and the *Methodist*, a monthly paper. In and around the town are numerous orchards and vineyards. The town is well supplied with pure, fresh water from the higher Sierra, and the water works are so constructed as to give almost complete protection from fire. There are gas works in the town. Grass Valley is the center of trade for the agricultural portion and the mining business of the county.

GREENVILLE.

Plumas County. Post, express and telegraph office. Situated at an extremity of the beautiful Indian Valley, 28 miles from Quincy. Dependent upon mining and farming. Population, 600. Elevation, 3,544 feet. It possesses an enterprising weekly newspaper, the *Bulletin*, a good hotel, a large foundry, brewery, bottling works and soda factory, a flour and shingle mill and several other business houses. The Greenville race track is pronounced by horse-men one of the best in the State. The large amount of capital invested in and about Greenville indicates great faith in the locality. The neighborhood is replete with pretty landscapes and the town is only two hours' ride from the most famous trout-fishing grounds on the Pacific slope.

GRIDLEY.

BUTTE COUNTY. The town is situated on the Oregon Division of the Central Pacific Railroad, 70 miles north of Sacramento, 15 miles west of Oroville, 26 miles south of Chico, 2½ miles from Feather River, and 20 miles east of the Sacramento River; has a population of 700. Agriculture is its chief source of support, being surrounded by rich arable land of three different qualities, to wit: river bottom, where failure of crops is unknown; timber land, which has a fine sandy soil peculiarly adapted for wheat, the wood paying the expense of cleaning, and the adobe land west of town, which is a fine grain-producing soil, now being drained and cultivated in such a manner that a good crop every year is almost certain. The town is beautifully located in the center of a grove of live oak timber, where there is sandy soil, making it free from mud during winter. There are three churches. The various fraternal societies are represented and are in a prosperous condition. It has also a bank and several large warehouses, affording storage for an immense quantity of grain.

HAPPY CAMP.

DEL NORTE COUNTY. A post-office, situated 90 miles east of Crescent City, on Indian Creek, near the Klamath River. Happy Camp is the oldest settlement in the county, having been established in 1852 by a roving party of characteristic forty-niners, who, although much annoyed by Indians, developed the most important gold mines of the county. Between sixty and eighty miners are at present engaged in the neighborhood, and steadily earn reasonably good wages. The several business houses of the Camp do a thriving trade. All goods for the Camp are packed from Crescent City on mules, at a good round rate for freight, which only high "pay dirt" would stand. Its express matter comes from Fort Jones, Siskiyou County, which is

HAY FORK.

TRINITY COUNTY. This post-office town, situated on Hay Fork, a branch of the south fork of the Trinity, is the center of the principal agricultural section of the county, although even here the quantity of good farming land is limited. The chief products are hay and wheat, which find a ready market in Weaverville. Some mining is also carried on in the neighborhood. The town has two general stores, a hotel, and the usual adjuncts of a mining and farming town. The population of the town and tributary country is about 200. It is reached by S. P. Co.'s Oregon Division, to Redding, thence by stage to Weaverville, which latter place also receives its express matter and is the nearest banking town.

Vanderhoof Joseph R, notary public

HAYDEN HILL.

LASSEN COUNTY. A small mining town, situated 55 miles northwest of Susanville. The town has two hotels, a school house and post-office. It is supported entirely by the mines, which, in this locality, yield largely and readily in decomposed quartz, easily worked, and realizes good profits. The population is about 100, over 60 being employed directly in the mines. It is reached by S. P. Co.'s Oregon Division to Redding, thence by stage to Adin, Modoc County, which place also receives its express matter. Redding is its nearest banking town.

Hopkins L, deputy county clerk and justice of the peace
Owens J Steve, hotel
PECK JOHN, postmaster
Preston E B, mining engineer
Roseberry, Knight & Harvey, gen mdse

HAYWARDS.

ALAMEDA COUNTY. This town is situated in one of the most attractive portions of the county, 22 miles from San Francisco, and 1 mile from the station of the same name, on the S. P. Co.'s Western Division. The surrounding country is very fertile. The cereals, although producing largely, have been gradually giving way to fruit and vegetable culture. The dairy interest, already including many large establishments, is also becoming quite prominent in this locality; but it is to the superabundant foliage in which it is embowered, including many ornamental trees, noticeably among which is the Japanese Persimmon, that Haywards owes much of its present reputation. This feature has made it an established summer

HEALDSBURG.

SONOMA COUNTY. This town, the largest in northern Sonoma, and the third in size in the county, is situated near the Russian River, about the center of the valley. It is located on a rise, about forty feet above the river at low water, and possesses extraordinary beauty in its surroundings. It is surrounded by a thriving and fertile agricultural country, carries on a well sustained business in all mercantile lines, and is annually growing into larger and larger proportions. The town has a bank, a live and wide-awake newspaper—the Healdsburg *Flag-Enterprise*—a college, ample public school facilities, several churches, a large flouring mill, and its full complement of business establishments. Population, about 1,600. It is reached by the S. F. & N. P. R. R.

Jones Thomas, merchant
Shultz A (Geo A Swarto & Co) blacksmith

HENLEYVILLE.

TEHAMA COUNTY. A postal town, reached by the S. P. Co.'s C. P. R. R. Division to Tehama, thence by triweekly stages. Its freight and express matter go to Tehama. Red Bluff is the nearest banking town.

Redfield S H, merchant

HICKSVILLE.

SACRAMENTO COUNTY. A postal town reached by the S. P. Co.'s Western Division to Elk Grove. Its nearest banking town is Sacramento. Population, 90.

Hansen H C, wagonmaker and blacksmith
Johnson S D, hotel

HIGHLAND SPRINGS.

LAKE COUNTY. Eight miles from Lakeport on the stage route from that place to Cloverdale, in a picturesque location surrounded by rugged mountain scenery, is found the beautiful retreat known as Highland Springs. A large, roomy and comfortable hotel, with several subordinate cottages, furnishes accommodations for sojourners. There are about 25 springs of different mineral compositions, and all possessing great curative qualities. The place has post-office, express and telephone connections. It is reached by S. F. & N. P. R. R., to Cloverdale, thence by daily stage. Its nearest banking town is Lakeport.

Aiken Charles, notary public
BATES C M, postmaster and agent Wells, Fargo & Co

HILL'S FERRY.

STANISLAUS COUNTY. A post and express office. The second town of the county, situated on the west bank of the San Joaquin River, 130 miles from Stockton by water, and a little more than midway to the head of navigation. The land in the vicinity of Hill's Ferry is not exceeded in fertility in the State. Hill's Ferry is an important grain shipping point. Its nearest banking town is Modesto. Population, 150.

SAN BENITO COUNTY. A post, express and telegraph town on the Tres Pinos Branch of the S. P. Co.'s Northern

I. S. VAN WINKLE & CO., 413-415 Market St. IRON, STEEL, ETC.

Stoltz's Walnut Cosmetic For GRAY HAIR. For Sale by all Druggists and Barbers.

Division. It is situated in the center of a rich agricultural district. The people of Hollister are wide-awake to the advantages they have, and are untiring in taking advantage of them.

It has an efficient fire department, one of the finest flouring mills in the State, excellent educational institutions, both public and private, churches of different denominations, two excellent weekly newspapers, and presents to an observing visitor all the signs of a prosperous and growing town. Owing to its situation in the center of the San Benito Valley, it is of unusual importance as a shipping point. It has post, express and telegraph offices, hotels and a bank, also a commodious passenger and freight depot.

possession of shrubs, plants, and trees of rare species, and are, consequently, an attractive feature of the place. It is the northern terminus of the Amador Branch of the S. P. Co.'s Western Division, has telegraphic communication, and a daily mail. The mines in the vicinity of the town are gold producing, though the chief pursuit engaged in is farming, fruit and vegetables attaining a remarkable size and delicious flavor. It is 48 miles from Sacramento *via* Galt. The water is pure, clear, and cold, and its sanitary condition is most excellent. The scenery in the immediate vicinity is picturesque and grand.

IOWA CITY.

PLACER COUNTY. Is a lively mining town of 400 inhabitants, 63 miles north of Sacramento on the Colfax and Iowa Hill Stage Road. The surrounding hills are timbered with a heavy growth of yellow and spruce pine and fir, although transportation to points on the railroad are very difficult on account of several steep places on the roads. The foot-hills afford excellent facilities for fruit growing and the culture of the vine. The stock interest could be made a profitable one. It has post, express, and telegraph offices. A more desirable locality for persons afflicted with pulmonary or bronchial complaints

ISLETON.

SACRAMENTO COUNTY. Has a post and express office, and is pleasantly situated on Andrus Island, in the Sacramento River, about 40 miles below Sacramento. It presents a very neat appearance, and has some attractions, the soil being very fertile, where fruits, cereals, and vegetables grow abundantly; and it being isolated makes it a very pleasant, quiet retreat

ST. DAVID'S, 190 Rooms, 715 Howard St., nr. Third, San Francisco. Single rooms 50 cents per night. Daily papers on file. Hot baths free.

CABINET WOODS and VENEERS, 133 Spear. John Wigmore.

Washington College,

IRVING, ALAMEDA CO., CAL.

It is a Christian College, and a Boarding School, affording Students a Christian Home.

IT GIVES TO BOTH SEXES a thorough education in all the branches usually taught in our best institutions of similar grade; including Mathematics, Mental and Moral Philosophy Natural Sciences, Vocal and Instrumental Music, Painting and Drawing, Ancient and Modern Languages and Elocution. Beside the above, there is a Business Department in which the student is taught a thorough Commercial Course with PRACTICAL TRAINING, including all the branches of Mercantile Business: Banking, Wholesale and Retail, Commission, Insurance, Real Estate, Railroading, Telegraphy, etc. The location is in the country, and is one of the most delightful and healthy in the State.

For further particulars address,

J. H. McCOLLOUGH, President.
J. DURHAM, Vice-President.

JACKSON.

AMADOR COUNTY. A post, express, and telegraph town of 1,500 inhabitants, the county seat of Amador County, on the Jackson and Drytown Stage Line. Reached by S. P. Co.'s Amador Branch from Galt to Ione, thence by daily stage, 12 miles northeast. It is a handsome town of brick and stone buildings, in a fertile country with splendid climate. The culture of fruit is largely carried on, and the semi-tropical fruits ripen in the open air. Grain is also raised in large quantities in the immediate vicinity, but mining is its chief interest and on which the town depends for support. Its people are cosmopolitan. It has good hotels, excellent schools and churches, and a neat Court House. Sacramento is its nearest banking town.

LAKEPORT.

LAKE COUNTY. County seat and post-office. Population, about 800. This is the most desirable residence town that has ever presented itself to our observation. It is situated on a beautiful slope overlooking Clear Lake at a point favorable for the view. The climate is mild and much sought for by invalids. When other parts of the interior of California are subjected to excessive heat, the climate of Lakeport is agreeable and there are no trying winds. Lakeport is a very pretty town and is rapidly improving. There are three fine hotels with first-class accommodations. It is reached by the S. F. & N. P. R. R., to Cloverdale, thence by daily stage 40 miles northeast.

LEWISTON.

TRINITY COUNTY. A post, express and mining town of considerable importance, in the eastern part of the county. It is located on the Trinity River, 11 miles above Douglas, and is the point where the stage line from Weaverville to Shasta crosses, the river being spanned here by a substantial bridge. The stages make daily trips each way. There are a few good farms in the neighborhood, and is also the possessor of some very rich quartz mines, and mills have been erected. The town has the usual business facilities and does a fair business. The population is fully 400. It is reached by S. P. Co.'s Oregon Division to Delta, thence by stage. Weaverville is its nearest banking town.

LIVERMORE.

ALAMEDA COUNTY. A thriving, growing town of about 1,000 inhabitants, located in Livermore Valley on the S. P. Co.'s Western Division, and about 48 miles from San Francisco. It has good hotel accommodations, and sustains two weekly newspapers, the *Livermore Valley Review*, and the *Livermore Herald*. The Methodist, Presbyterian, and Catholic denominations have, and support, three commodious and comfortable church buildings and organizations. The Livermore Valley being very productive in grain, large and extensive warehouses for storage purposes have been located here, so that in this respect Livermore is not excelled. West of the town are some of the finest vineyards in the county. Livermore has post, express, and telegraph offices, as well as telephonic connection with other towns.

LOCKEFORD.

SAN JOAQUIN COUNTY. A post, express, and telegraph office on the S. J. & S. N. R. R. It is pleasantly located among the live-oaks. The Mokelumne River bottom is about a mile wide at this place and the banks on the south side rise suddenly from the low land, about forty feet, where Lockeford is built, and one seldom looks out on a more attractive landscape than is presented in looking over and down upon the sleepy valley, sprinkled with oaks that cast their dark shadows upon the carpet of green. The business of the town depends upon the interest of fruit growing and agriculture for support. Population, about 500.

LODI.

SAN JOAQUIN COUNTY. An enterprising town of about 1,400 inhabitants, situated 12 miles north of Stockton on the S. P. Co.'s Western Division. It is also the western terminus of the S. J. & S. N. R. R. It is prettily laid out, and its streets are thickly lined with shade trees. There is a natural grove of oak trees in the suburbs of the town, which is used as a picnic ground and place of popular resort for pleasure parties. There are two weekly newspapers, the *Sentinel* and the *Valley Review*. It has several churches, and a commodious school house. The place is rapidly filling with an excellent class of people, and it bids fair to become a very impor.

The Lodi Cyclone

GERTIE DeFORCE CLUFF, - - Editor, Proprietor and Publisher.

Founder of the LODI VALLEY REVIEW, in 1878.

As a local paper it has no successful rival on the Pacific Coast. It numbers among its many contributors more special correspondents, as well as original humorous articles, than any other interior weekly. The quaint and loquacious old lady, "Aunt Jerusha," has a permanent engagement. "Wal, az I was sain, sez I, to Corintha Jane, she's powerfully weak, bin enjoyin the ager."

Adhering strictly to its motto "We help those who help us," and its large and increasing circulation, make it one of the

Best Advertising Mediums in the State.

LOMPOC.

SANTA BARBARA COUNTY. Is an agricultural town 60 miles distant from Santa Barbara. It has a post, telegraph and express office, two good hotels, commodious school buildings, a steam flouring mill, stores, blacksmith shops, weekly paper, the Lompoc *Record*, and city water works. It comprises a large extent of country and is devoted to farming, stock raising and dairying. It is 244 miles from San Francisco and is reached by Pacific Coast steamer to La Gaviota, thence by stage 14 miles.

LONGVILLE.

PLUMAS COUNTY. Is situated in Humbug Valley, 50 miles northwest of Quincy, the county seat. It is connected with Oroville and Susanville by tri-weekly stages. It has become noted as a summer resort, some three or four hundred tourists visiting it annually. Game and fish are abundant. The scenery around Longville is grand beyond description, forest covered mountains rising three or four thousand feet above the valley on every side. It is also noted for the mineral springs which are situated near by. They are becoming famous all over the State for their wonderful medicinal qualities. Its freight goes to Marysville and express matter to Greenville, which is also its nearest banking town. Population, 70.

LOS ALAMOS.

SANTA BARBARA COUNTY. A thriving little town located in a beautiful valley. It is at present the terminus of the Pacific Coast Railroad, 63 miles south from Port Harford, and 56 miles south from San Luis Obispo. It is a delightful ride, through the valley, of four hours, on the beautiful narrow gauge coaches of the Pacific Coast Railroad. The surrounding country is most beautiful. On all sides is the level, fertile valley, one of the richest in the southern part of California. The productions are grain, principally wheat. The hill lands are used for stock raising. The population is about 500, consisting of a very nice class of people. The business men are progressive and enterprising. The town has good hotel accommodation, a weekly newspaper, the Los Alamos *Herald*, a commodious school house, a store and blacksmith shop. It is reached by P. C. steamers to Port Harford and Pacific Coast Railway.

LOS ANGELES.

LOS ANGELES COUNTY. The metropolis of Southern California, a large, beautiful and prosperous city of 35,000 inhabitants. It is reached by the S. P. Co.'s Los Angeles Division (Pacific System) or by Pacific Coast steamer to Wilmington, thence by S. P. Co.'s W. and S. D. Branch; 410 miles from San Francisco.

The majority of the city is built on the plain along the Los Angeles River. There is a growing tendency, however, to the round hills just to the west, made readily accessible by the two new cable roads, of which the city is justly proud. World-wide travelers have found no more enchanting view than from these hill-tops.

The city government is in the hands of progressive men, of the class generally who have come in within recent years. Municipal improvements, and other items of good government are among the practical fruits.

The past growth of Los Angeles is phenomenal—from 11,300 in 1880 to 35,000 in 1885. It has the conditions of permanent growth as a commercial and agricultural center, health resort, etc. It has the bulk of the Territorial trade, a vast agricultural area, perfect climate, superb scenery, and admirable facilities for manufacturing.

The public schools will compare favorably with any. The city has also a big branch of the State Normal School, a full-fledged University, with law, medical, and other departments, two colleges for young ladies, several Catholic colleges, and many private schools. The city has 27 churches, all denominations being represented.

Los Angeles is not a border town. In enterprise, good order, good government and good morals, it ranks just as high as Eastern cities. It has also a beautiful opera house with a seating capacity of 1,500.

The climate of Los Angeles is superb. No high winds, and the nights are always cool. The summer in Los Angeles is neither oppressive nor enervating. There are 3 to 8 days in the year when the thermometer goes above 100°; but owing to a peculiar quality of the atmosphere, even this high temperature is not felt as the same or a less degree of heat East. Sunstrokes are unknown save on the desert. Every noon, during the summer, a fresh breeze from the sea breathes across the country.

As Los Angeles is the commercial and social metropolis of the southern coast, so it is the railroad center. It is the chief city outside of San Francisco, on the line of the Southern Pacific Railroad, the great transcontinental route, and is the western terminus of the newest and shortest transcontinental line—the Atlantic and Pacific Railroad, or Atchison, Topeka and Santa Fé System. No other city on the coast has a double direct through communication with the East. Besides the transcontinental connections, Los Angeles County has four local railroads in operation, affording communication with all its sections. There are 209 miles of railroad in the county. In freight shipments, San Francisco is the only city in California which surpasses Los Angeles; and the same is true of passenger business.

All branches of business are to be found in Los Angeles, but, from its surroundings, those branches immediately connected with agriculture, fruit growing and viticulture predominate. The city has complete post, express, and telegraphic facilities, and is lighted by the electric light—18 masts, each 150 feet high, shed their light upon the "City of the Angels." Los Angeles continues to advance, and has a bright future before her.

LOS GATOS.

SANTA CLARA COUNTY. A post and express office, situated on the South Pacific Coast Railroad, 50 miles from San Francisco, and 9 miles south of San Jose, at the foot of Santa Cruz Mountains. The country about Los Gatos is one of the finest fruit regions in the State, and is being rapidly filled with orchards. A large cannery, with facilities for disposing of the immense quantities of fruit grown, keeps pace with the production. The largest almond orchards in the world are located in the vicinity, and the soil and climate seem well adapted to the production of all varieties of fruit, even including tropical or semi-tropical, such as oranges, lemons, olives, etc. It has two newspapers, six churches, a bank, an ice factory, a flouring mill and lime crusher for fertilizing. It has good hotel accommodations, the Los Gatos Hotel, kept by Mr. A. Berryman, being worthy of mention; population, 1,200.

MULLER the OPTICIAN. *ESTABLISHED in S. F. in 1863.* The LARGEST STOCK of OPTICAL GOODS in this City Only at Muller's, *135 Montgomery Street, near Bush.*

LOWER LAKE.

LAKE COUNTY. This town is situated about 2 miles from the southern end of Clear Lake, and is a place of considerable trade. It is distant from Calistoga 30 miles, and is most generally reached by that route, although some considerable travel goes in from Woodland, in Yolo County, that route requiring nearly 70 miles of staging. There are several fine valleys in the neighborhood which furnish considerable trade to the town. The town has a first-class newspaper, the *Lower Lake Bulletin*, post and express office, and a population of about 400. Lakeport is its nearest banking town. Its freight goes by way of Cloverdale.

LOYALTON.

SIERRA COUNTY. A post-office town, situated in the northern end of the Sierra Valley, near the Plumas County line. It is 14 miles distant from the town of Sierra Valley, with which town it is connected by a good wagon road—a stage line running regularly between the two points. It possesses two hotels, two general stores, and other minor business establishments. It is one of the three principal points in the valley, and derives its support entirely from the fine farming country with which it is surrounded. Its freight is addressed to Truckee, which is its nearest banking town, and express matter to Sierraville. Population, 100.

LYONSVILLE.

TEHAMA COUNTY. This town, having a post-office, is situated 30 miles east of Red Bluff, in the mountain section, and is the most important town of eastern Tehama. From its location the principal interests are lumbering, and a large business is done in this line, in fact, upon this industry it may be said to wholly rely. There are several saw-mills in the neighborhood, and some large and important flumes. Among the mountains and foothills in the vicinity are also many small and fertile valleys. Population, about 300. Red Bluff is its nearest banking town.

A Full Line of FOREIGN AND DOMESTIC GOODS always on hand. Satisfaction Guaranteed.

MARYSVILLE.

YUBA COUNTY. A post, express, and telegraph town. The county seat of Yuba County, and the metropolis of Northern California. It is favorably situated for commercial purposes, being at the junction of the Yuba and Feather Rivers, and on the direct line of the S. P. Co.'s Oregon Division, and is the western terminus of the California Northern R. R. to Oroville. It is the distributing and receiving point for a large and highly productive agricultural and mining district. Marysville has, from its earliest period, been an important staging center, and, although railroads have encroached somewhat on this business, it is still a large one. The city is beautifully laid out, and its streets wide and roomy. It has good schools and churches, a daily and weekly paper, the Marysville *Appeal*, banks, and

"Judson Powder IMPROVED." Used by all Railroads. BANDMANN, NIELSEN & Co., General Agents, S. F.

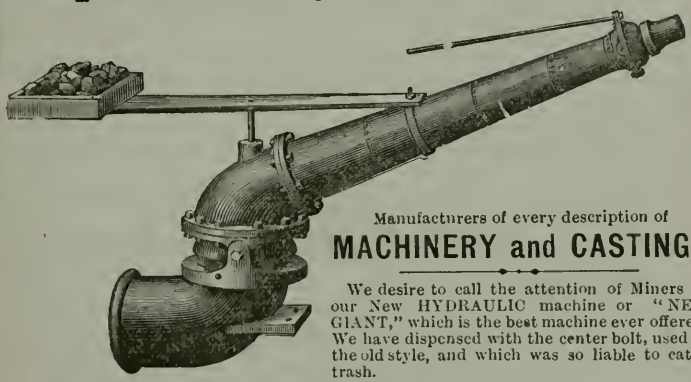
PROPRIETORS OF

Empire Foundry and Machine Works,



Repairing promptly done and orders of all kinds of Machinery and Pipes for Hydraulic Mining promptly attended to.

Manufacturers of every description of

MACHINERY and CASTINGS

We desire to call the attention of Miners to our New HYDRAULIC machine or "NEW GIANT," which is the best machine ever offered. We have dispensed with the center bolt, used in the old style, and which was so liable to catch trash.

We are sole manufacturers of Deflectors, Hoskins & Perkins' Patents; these are great labor-saving appliances; with the aid of a Deflector a child can manipulate the largest size machine. They are applied as shown in the cut.

HOSKIN & CO.,

Southwest Corner 5th and F Streets, Marysville, Cal.

MAXWELL.

COLUSA COUNTY. An enterprising little town on the S. P. Co.'s California Pacific Division, 70 miles north of Sacramento. It is the most centrally located town of Colusa County. Its infancy dates from the completion of the railroad. Land in the vicinity is of the richest in the county. It has post and express facilities. Nearest banking town is Colusa. Population, 400.

FOR YOUNG LADIES.

CONDUCTED BY THE SISTERS OF NOTRE DAME.

THIS INSTITUTION, ESTABLISHED IN 1856, IS CHARTERED BY the State Legislature and endowed with all the rights and privileges of similar Collegiate Institutions in the United States.

Good References are Required Previous to Admission.

TERMS.

Board and Tuition, per half session of 5 mos	$100	Piano, with use of Instrument (5 mos)	$30
Washing	15	Vocal Music	5

Payments are required to be made half a session in advance.

The course of studies is pursued in the English language, but French, German, and Spanish being also spoken by many of the teachers, the pupils enjoy every facility for perfecting themselves in these languages.

The Academy is eligibly situated in the upper part of Marysville, and is surrounded by an extensive garden and play ground, furnished with every facility for the amusement and physical welfare of the pupils.

Minute attention is paid to the comfort and health of the pupils; and in case of sickness, they receive the most affectionate care. For further particulars address

MERCED.

MERCED COUNTY. A post, express, and telegraph town, on the S. P. Co.'s Visalia Division, 152 miles from San Francisco. Is situated in the center of a fine farming district. In addition to the trade of the vicinity it commands a large mountain traffic from Mariposa County. The city was laid out on a liberal plan, and its buildings are substantial and commodious, and noted for their architectural beauty. The hotel accommodation is good, as are also the schools. It has a Court House which cost $75,000, two banks, and business in all its branches is represented. It has a storage warehouse with a capacity of 30,000 tons of grain. The city supports 3 papers, all weekly. Its population is 2,500.

MICHIGAN BAR.

SACRAMENTO COUNTY. Has a post and express office, and is an old mining town. The hills around bear evidence of there having been a vast amount of labor spent in searching for the precious ore. Dairying and farming are now its principal supports, although a little mining is still carried on. There is a store and hotel in the town. Reached by S. P. R. R. to Latrobe, thence by stage 6 miles. Its freight goes by way of Sacramento, which is also its nearest banking town. Population, 65.

MICHIGAN BLUFF.

PLACER COUNTY. Is a pleasant little town about 30 miles from Auburn, with which it is connected by Powell's Stage Line. It is almost exclusively a mining town, and nearly all the mines are paying well. It has a large, commodious school, an excellent hotel, a Methodist Church, post and express office and store, and, as a rule, industrious, sociable, law abiding citizens. Michigan Bluff claims the honor of having numbered ex-Governer Stanford among its pioneer citizens. Its altitude is 3,456 feet, its air pure and bracing, its surrounding mountains well timbered, and its water very fine.

MILLS SEMINARY.

ALAMEDA COUNTY. A post and express office in East Oakland, for the convenience of the educational institution, from which it takes its name. The institution, of which Mrs. C. T. Mills is principal, is devoted to the finished education of young ladies.

Mills S L Mrs, principal
Sprague Homer B, president

MILLVILLE.

SHASTA COUNTY. Post, express and telegraph offices, situated in the foothills, on the forks of Cow and Clover Creeks, 11 miles by county road from Anderson, on the S. P. Co.'s Oregon Division, with which point it has daily stage connection and regular freight teams. The town is in a healthy location, with an abundant water supply and drainage, and water power of enough volume to run all the manufactures of the State. A flouring mill of two stone capacity is all that utilizes the water at present, but an endeavor is being made to start a woolen mill, for the running of which there would be no lack of material in this vicinity. There are a number of saw-mills back in the hills. The population of Millville is about 500. The Millville and Anderson Telegraph Company, a company of Millville gentlemen, have built a line 10 miles long to Anderson, costing $1,200. It is a convenience not enjoyed by many towns of the railroad in this part of the country. Millville possesses a weekly newspaper the Shasta County *Record*, and a good hotel.

MINERSVILLE.

TRINITY COUNTY. A mining camp and post-office, situated on the east fork of Stewart's Fork of the Trinity River. Gold taken in this vicinity is coarse and of fine quality. It is reached by the S. P. Co.'s Oregon Division to Redding, thence by stage. Its freight is addressed to Redding, and its express matter to Weaverville, which is also its nearest banking town. Population, 100.

Bates Fordyce, gen mdse and postmaster
Tourtellotte Jesse H, hotel

MISSION SAN JOSE.

ALAMEDA COUNTY. A small town in the southern part of the county, 3 miles from Irving on the S. P. Co.'s Western Division (San Jose Branch) to which point freight for the town is shipped. This town is noted as being the original settlement of the county, being, as indicated by the name, one of the original missions founded by the Jesuit fathers, and was for years one of the important posts in the cordon of missions through which their early evangelical work was propagated. It is still the seat of a theological institution of the order. The town has post and express offices. Its nearest banking town is San Jose. Population, 700.

NINTH BET. I AND J, MODESTO.

MODESTO.

STANISLAUS COUNTY. A post, express and telegraph office. Is an active, growing town of 2,500 inhabitants, situated in the San Joaquin Valley 114 miles from San Francisco and 18 miles from Lathrop. A desirable place of residence, centrally located in the county, of which it is the county seat. The surrounding district is principally devoted to wheat growing and wool producing. Stanislaus County is noted for raising more wheat than any other county in the State. In the coast range of mountains forming the western boundary of the valley are paying deposits of quicksilver, and in the eastern range gold discoveries are not rare. Modesto is a well built place, streets wide and shaded and regularly laid out. Water and gas works are in operation. The Court House is an attractive, substantial building, situated in a beautiful square where flowers and shrubbery abound.

MONTEREY.

MONTEREY COUNTY. It is situated on the lovely bay of the same name, 125 miles south of San Francisco. It is reached by the S. P. Co.'s Northern Division, and can be reached from the city in 3½ hours by the Monterey express, the fastest train on the Pacific Coast. The route is through the beautiful suburban towns of Milbrae, Belmont and Menlo Park, where are situated the homes of many of Californias' millionaires, through the lovely Santa Clara Valley and its metropolis,

DYNAMITE, or Giant Powder. The Only Reliable High Explosive. Bandmann, Nielsen & Co., General Agents, S. F.

WAGONS. Truman, Isham & Hooker, Agents for the Celebrated Hollow Iron Axle Wagons, *421-427 Market St.*

San Jose, thence southward to the bay. The Hotel Del Monte is situated in the center of a splendid oak grove of 125 acres and is one of the finest seaside hotels in the country. Its bathing establishment is unsurpassed; spacious tanks 150x50 feet for warm salt water, plunge and swimming baths. Elegant rooms for individual baths with douche and shower facilities, and a magnificent beach of pure white sand for surf bathing. The drives around Monterey are picturesque and elegant, such as Cypress Point, Carmel Mission, Point Lobos, etc., and visitors are well waited on by Mr. H. J. Palmer, of the Del Monte Livery Stable. It has complete post, express and telegraph facilities. Salinas is its nearest banking town. Population, 500.

New Calaveras Cave

WALTER J. MERCER, Proprietor.

This remarkable subterranean wonder, rivaling in beauty and brilliant crystalline and stalactite and coral formations anything heretofore known, is now open to visitors. Reliable and well-informed guides always in attendance.

This great cave is situated on an easily accessible road, about one mile from Murphy's, in the direct road of tourists visiting Yosemite *via* Calaveras Big Trees.

NAPA CITY.

NAPA COUNTY. This, the county seat and commercial metropolis of Napa, is situated at the head of navigation on the Napa River, 37 miles from San Francisco. The location is exceptionally beautiful as well as healthy, and the city in its residence portion will compare favorably with any in the State. The most attractive feature, in an architectural point of view, is the Napa State Asylum for the insane, built at an expense of about $1,500,000. It has accommodations for 600 patients, but for the past few years has been overcrowded to such an extent that an increase of accommodation is an immediate necessity. The Court House is a structure worthy of the county.

Beside her ample educational facilities, provided through the medium of her public school system, Napa City supports three first-class private schools: the Napa Collegiate Institute, the Napa Ladies' Seminary, and the Oak Mound School for boys. The first-named takes rank equally with our best institutions, and enjoys more than a mere local reputation and popularity.

The city has two newspapers (both daily) the *Reporter* and the *Register*, both of which are alive to the interests of the city and the valley. There are three banking institutions, several important manufacturing firms, and the ordinary complement of other business houses. Two passenger and one freight train daily are run between Napa and San Francisco. Population of Napa City is now estimated at 5,200.

NAPA JUNCTION.

NAPA COUNTY. A postal town in the extreme southern part of the State, reached by S. P. Co.'s C. P. Division (Napa Branch), 8 miles from Napa City. At this point the branch road going to Suisun, in Solano County, diverges from the Napa Branch. Freight and express go direct to Napa, which is its nearest banking town.

Bengson C E Mrs, agt S P Co, postmistress and mgr W U Tel Co
Berryman W L, tel operator

NAPA SODA SPRINGS.

NAPA COUNTY. Reached by S. P. Co.'s C. P. Division (Napa Branch) to Napa City, from which it is situated a little east of north. It derives its principle importance from the springs found here. These have been considerably improved, and large accommodations for visitors provided. The place is now one of the recognized summer resorts of the State. Its freight and express go to Napa City, which is also its banking town.

Napa Soda Springs, Jackson & Wooster proprs

NASHVILLE.

EL DORADO COUNTY. A postal town reached by Sacramento and Placerville Railroad to Shingle Springs, thence by stage *via* Diamond Springs, which is its nearest express town. Freight goes to Shingle Springs. Placerville is its nearest banking town. Population, 180.

ST. DAVID'S. 190 Rooms, 715 Howard St., nr. Third, S. F. Price per night, 50 cents, 75 cents, and $1; per week, from $2 upwards.

SHIP PLANK and Timber, Locust TREENAILS. John Wigmore, 133 Spear St.

Diego City and is a flourishing town, having stores, hotel, church, fine school buildings and telephone line to San Diego. Here the C. S. R. R. have all their principal works as well as their general offices. About 1½ miles of the water front on the bay of San Diego at this place, is occupied by the railroad improvements. The company has just made an extensive addition to their wharf, extending the same out to ships' channel. The large business interests of the railroad company, as well as those of the San Diego Land and Town Company, are satisfactorily presided over by Supt. J. N. Victor. The town has also a first-class weekly newspaper and a magnificent hotel building, erected by the Land and Town Company. In close proximity to National City are a number of fine valleys devoted to the production of the olive, orange and lemon culture.

NEVADA CITY.

NEVADA COUNTY. Nevada City, the county seat. Reached by the S. P. Co.'s Sacramento Division to Colfax, thence by Nevada County Railroad, of which it is the northern terminus. It was first settled by whites in 1849, in which year valuable gravel gold mines were discovered on and around its present site. It was incorporated in 1856. It lies on the western slope of the Sierra Nevada Mountains, at an elevation of 2,525 feet above sea level. It has one of the best systems of water works in the State, planked streets, lighted at night with gas (which is very generally used by citizens as an illuminant), 10 schools well graded and under efficient management, two large hotels, a fire department consisting of two companies, owning their own halls, a theater capable of seating 6,000 people, a military company owning an immense armory, numerous religious and secret organizations, and all the other institutions that are generally found in a thriving and enterprising city. The community principally derives its support from the mining industry. Stages leave here regularly for all parts of Nevada and Sierra Counties and Marysville. There is a large and lucrative trade with the numerous mining camps to the north and east. Two newspapers keep the citizens thoroughly posted on local affairs, as

MULLER'S OPTOMETER. THE ONLY RELIABLE INSTRUMENT for Testing Defective Vision. MULLER'S OPTICAL DEPOT.

NEW HOPE.

SAN JOAQUIN COUNTY. Situated on the Lower Sacramento Road, 24 miles from Stockton, in the midst of the most fertile sections of San Joaquin County, the banner county of the State, and has an unsurpassed location for business. It bids fair to be a place second to none in the county. The Lower Sacramento Road, by the way of New Hope Landing, passes through the garden country of the State along the Sacramento River where orchards of the finest fruits of all varieties can be seen. A post and express town reached by S. P. Co.'s Western Division to Lodi, thence by stage 14 miles. It is in the midst of the most fertile section of San Joaquin County, and is quickly becoming a place of importance. Stockton is its nearest banking town.

OAKDALE.

STANISLAUS COUNTY. A post, express, and telegraph office; the terminus of one of the branches of the Stockton and Copperopolis Railroad; is picturesquely situated on the south bank of the Stanislaus, 10 miles below Knight's Ferry, and 34 from Stockton. The town site is on a sandy plateau thickly covered with oak trees, which furnish much of the wood consumed in Stockton. The soil adjacent to the town is very productive, from which large yields of grain are annually harvested. It is the main point for the distribution of supplies for Tuolumne and Calaveras Counties. Modesto is its nearest banking town. Population, 1,000.

OAKLAND.

ALAMEDA COUNTY. The county seat, a beautiful city of over 40,000 inhabitants, distant across the bay 6 miles from San Francisco, with which it has half-hourly communication by the boats and local trains of the S. P. Co., whose main line runs through the city, for which privilege it carries passengers free on local trains within the corporate limits. The city has many fine residences, beautiful wide streets lined with luxuriant trees, and its public buildings display a pride in her beauty that is decidedly commendable. Its educational facilities, both public and private, are of an unusually high standard. Her churches are all handsome and costly edifices. Altogether there is about the city an air of prosperity and comfort unsurpassed by any other city in the State. The climate of Oakland is delightful—no fogs or high winds as in San Francisco, but equable and mild all the year round, neither too hot in summer or cold in winter. The city has all the improvements incident to a city of its size and enterprise.

I. S. VAN WINKLE & CO. 413-415 Market St. IRON, STEEL & HEAVY HARDWARE

Incorporated June 22, 1885.

C. S. CHAMBERLAIN, President. GEO. E. PRATT, Secretary.

Lowell Manufacturing Company,

OAKLAND, CAL.,

—MANUFACTURERS OF—

Buggies, Business Wagons,

—AND—

CARRIAGE WOODS.

—DEALERS IN—

HARNESS, ETC.

FACTORIES: Oakland, Cal., and Lowell, Mich.

CAL. OFFICE and FACTORY: Cor. San Pablo Avenue and Peralta St.

We make nothing but **FIRST-CLASS**, substantial work, at a price that will place it within the reach of all.

We construct our Vehicles of the BEST MATERIALS throughout, using "A" Grade, Selected Second-Growth Hickory Wheels; Second-Growth Hickory Shafts and Poles; best Round Edge Steel Tire, full-bolted; best Oil-Tempered Springs; Double Collar Steel Axles; Norway Iron Forgings; Norway Iron Bolts and first-class Bodies and Gears—Gears made from Second-Growth Hickory. All finished up in a FIRST-CLASS MANNER.

Patronize ❋ Home ❋ Industry

By Buying our Goods.

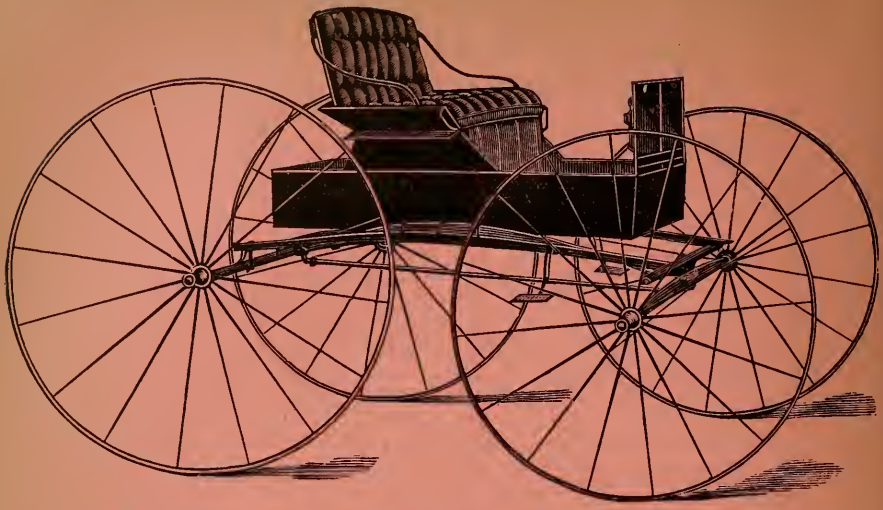
ALL WORK WARRANTED

SECOND TO NONE Manufactured ON THIS COAST.

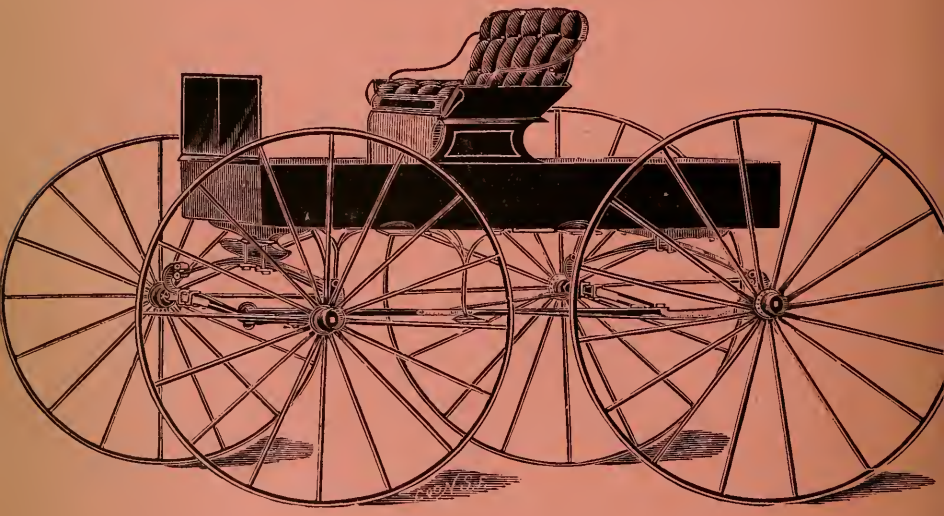
We make and sell **FIRST-CLASS WORK** at prices of Eastern cheap work. Patronize us, and we will furnish you goods that will give you satisfaction, and at the same time save you money.

(OVER.)

We are now Making the following Styles with Shafts or Poles:



No. 5—Side Spring Piano Box Buggies, with and without Tops.
No. 10— " " Corning Body " " " " "



No. 100—Lowell Business Wagon, with one and two Seats.

This wagon is intended to take the place of a heavier wagon for light delivery purposes, and is a handy wagon for use on Fruit Ranches.

We believe that by making a few styles we can give closer attention to each one, and the result will be more perfect work, and therefore better satisfaction to our customers. From time to time we shall add to our variety. Write for Prices, etc.

LOWELL MANUFACTURING CO., Oakland, Cal.

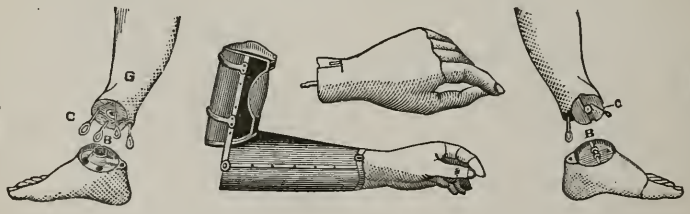
Dr. Bly's
CELEBRATED ARTIFICIAL LIMBS.

With Universal Ankle Motion.



Without Lateral Ankle Motion.

Should you wish to purchase an Artificial Limb, it would be well for you to call and examine my Improvements before purchasing elsewhere. I manufacture Dr. Bly's Celebrated artificial Arms and Legs, with Reed's Improved Ankle Joint, with Lateral or Side Motion at the ankle like the natural one.

Should you be so fortunate as not to wish such an article, please preserve this card for some unfortunate.

N. B.—I manufacture and repair all kinds of Artificial Limbs and Orthipedical Appliances, 25 per cent. cheaper than any other manufacturer on the Pacific Coast.

Send for Illustrated Catalogue and Price List. Sent free on application.

YOUR PATRONAGE SOLICITED.

Willow. It is situated on Stony Creek, in the northern part of the county, and commands a lively trade from that section. Its trade also extends into Tehama County. Chief among its institutions is the Stony Creek College, located one mile from town. The main college building is built of brick, and the boarding house of wood. Both are 40x60 feet in dimensions, and two stories high. The town has the usual concomitants of a place of its size: a good hotel, warehouse, general store, weekly newspaper (the *Times*), etc. Willow is its nearest banking town. Population, 350.

ORO FINO.

SISKIYOU COUNTY. A postal town, reached by S. P. Co.'s Oregon Division to Delta, thence by stage *via* Yreka and Fort Jones. It is situated on the Scott River, 5 miles west, on the opposite side from Fort Jones. It is supported principally by mining, and is a bustling camp of about 150 people. It receives its supplies and express from Fort Jones, and freight from Delta. Yreka is its nearest banking town.

Weeks S, gen mdse
Wilson S F Miss & Co, gen mdse

OROVILLE.

BUTTE COUNTY. Was organized during the mining excitement of 1855, and rapidly became an important center. It is the county seat of Butte County, situated on the east bank of the Feather River, 28 miles north of Marysville, with which place it is connected by the California Northern Railroad. It draws trade from the two industries of mining and agriculture—the eastern portion of the county paying tribute in the golden treasures of the quartz ledge and the gravel bed, while the west pours in her wealth of grain and fruit. It is the point from which stages and freight wagons leave for all parts of the mountains, and the trade of the various sections thus tapped renders the town a continual scene of bustle and enterprise. Her merchants and farmers are all transacting a profitable business, and thoroughly believe in the future of the entire section in which Oroville is located. The manufacturing interests are among the best in this section of the State, and will, in time, become an important factor in the future prosperity of the town. It has good hotels, schools and several churches. The *Mercury* and *Register*, weekly journals, are ably edited newspapers, and first-class exponents of the people of this section. Oroville is a banking town, and has post, express and telegraph facilities. Population, 1,800.

PARKFIELD.

MONTEREY COUNTY. A postal town reached by S. P. Co.'s Northern Division (Soledad Line) to Soledad, which is its express town. San Luis Obispo is its nearest banking town.

Sittenfield A, postmaster

PASADENA.

LOS ANGELES COUNTY. A post and express town reached by S. P. Co.'s Los Angeles Division to Los Angeles, thence by stage or San Gabriel Valley Railroad. This was originally the San Pasqual ranch and was devoted to sheep raising. Some time ago it was purchased by a company of Eastern men and became a settlement under the name of Indiana Colony. Irrigation was at once adopted and, by means of pipes, water was led all over the colony. The first settlers were thrifty, hard-working people and set to work to make themselves homes, planting vineyards and orchards to yield them a future living, and al-

ST. DAVID'S, 190 Rooms, 715 Howard St., nr. Third, San Francisco. No better or cleaner rooms in the city. Open all night.

OAK, ASH, HICKORY, WHITEWOOD, BEECH. JOHN WIGMORE, 133 Spear St., S. F.

though this involved long waiting and economy, they are now amply repaid by the success of their venture and the growth of their beautiful town. There has in no other town on the coast been such an advance in the past year as in Pasadena. Real estate has had a boon which still continues. Building has been and is still going on to a large extent. The event of the year was the opening of the San Gabriel Valley Railroad, a private enterprise, in September; the accommodation of this little road has already become far too small for its traffic. The town is also getting up a system of horse railroads which will connect with an extensive system of lines from San Gabriel. Pasadena has good schools, though the city has need of increased accommodation in that necessary adjunct to a prosperous town, churches of all denominations. All the societies are represented, and the town has an unlimited water supply. Its population has increased in proportion to its financial prosperity and is now nearly 1,000. It has banking, express, post and telegraph facilities.

Van Allen Isaac I, shoemaker

PETALUMA.

SONOMA COUNTY. A post, express and telegraph office, on the San Francisco and N. P. Co.'s R. R., 15 miles from Santa Rosa; population, about 5,500. It is one of the most healthful towns of the State, and is situated about 37 miles northwest of San Francisco, at the head of navigation on Petaluma Creek. The town is in a very flourishing condition, owing much to its favorable situation, being accessible both by rail and water. Manufactories are numerous. The country round about makes this its market for all kinds of dairy produce; and it certainly can lay good claim as one of the chief *entrepots* for butter, cheese, poultry, eggs, etc. Having the advantage of location at the very head of navigation, and surrounded as it is with a country so rich in these products, it soon took the lead which it now holds, and is at this day one of the most flourishing of the inland towns of California. The town is excellently laid out, the streets are well graded; the public school and church facilities are ample for the inhabitants.

POMONA.

LOS ANGELES COUNTY. A post, express and telegraph town, on the S. P. Co.'s Yuma Division, 33 miles east of Los Angeles. This town is beautifully situated, 6 miles from the foot of the Sierra Madre Range of mountains, with snow-capped peaks, the average elevation of which is 9,000 feet above the sea. The altitude of the village is 860 feet, rising gradually to 2,000 at the foothills. The valley is believed to be one of the healthiest places in California. It is free from fogs, and the temperature is kept mild and equable by the cool breezes from the mountains. The soil of the valley is particularly fruitful and well watered. The citrus and semi-tropical fruits are cultivated to perfection here, and the olive grows luxuriantly on seemingly waste land.

The town has commodious and pretty school houses, which are well officered by experienced teachers. There are seven churches, and several of the societies are represented. The water supply of the valley is said to be the best in the State. Abundant, and entirely free from alkaline, saline, or mineral taint, cold as ice and clear as crystal. The progress of Pomona within the past year or two has been more marked than any other place in Southern California. From a village of 250 two years ago it has grown into a large and prosperous town of about 2,000 inhabitants, with elegant buildings. All branches of business are now represented here, and the town bids fair to double its size again in the next two years. It is a banking town.

PRATTVILLE.

Plumas County. A post-office town, situated at Big Meadows, on the west branch of the north fork of the Feather River, 40 miles from Quincy, *via* Greenville, over good wagon roads. Elevation, about 4,500 feet. Reached by S. P. Co.'s Oregon Division to Chico, thence by stage 65 miles; to Oroville, 75 miles; Susanville, 35 miles, and Quincy, three times a week with each point, for six months, and once a week during the winter. The Big Meadows, with its east arm, comprises an area of 30,000 acres of beautiful land, devoted to stock-raising and dairying. Hay is also raised in large quantities. The meadows are celebrated fishing grounds. They are traversed by the north fork of Feather River, as previously stated, and numerous tributary streams, all of which yield abundantly in "ye gentle sport." This neighborhood is famous all over the State, and as many as 500 tourists have been found here at one time. The hotel accommodation is good. Freight and express go to Chico; La Porte is its nearest banking town. Population, 75.

Doherty Richard, hotel
Rhode R & Co, gen mdse

QUINCY.

PLUMAS COUNTY. A post, express and telegraph office, reached by S. P. Co.'s Oregon Division to Marysville, thence by C. N. R. R to Oroville, thence by tri-weekly stage 65 miles. It is situated in the fertile American Valley at an elevation of 3,400 feet above the sea. All the small cereals and fine fruits are raised. Farming and dairying are carried on to a large extent, and the country around is peculiarly adapted to the development of fine horses, for which it is famous. There are several large mines and saw-mills in the vicinity. The town itself is beautifully situated, tastefully laid out and substantially built in the business quarter, while its residences look cozy, bright and elegant. Hotel accommodation is good, and the town has a weekly newspaper, the *Plumas National*. Freight for Quincy should be addressed to Marysville. La Porte is its nearest banking town. Population, 600.

RED BLUFF.

TEHAMA COUNTY. It is the county seat and has a municipal form of government under a charter of incorporation. Its topography is desirable for the extension of its limits, being on a natural esplanade on the west bank of the Sacramento River, at the head of navigation, and on the Oregon Division, 135 miles from Sacramento, the State capital. Its natural advantages for a permanent and steady growth are of such a nature and so multifarious as to warrant the belief that the place will become a city of considerable importance in a period not very remote. It is surrounded by a very rich body of agricultural land, and the opportunities for developing the stock-raising, horticultural, and cereal-producing interests are manifold. Everything indigenous to the latitude grows luxuriantly, and large crops are yearly harvested. It would be an excellent point for the erection of extensive woolen mills, as it not only has superior water power facilities, but is the wool center for the county, the production of Tehama alone amounting to 2,000,000 lbs. per annum, besides the bulk of the wool grown in eastern Oregon and northern California passes through the town. There are ample facilities and a demand for manufactories of all kinds. The city has good schools and the religious denominations are represented. Three newspapers supply the residents with local news. The population is 4,000, and it has a full complement of factories, mills, banks, etc.

REDDING.

SHASTA COUNTY. A post, express and telegraph town on the S. P. Co.'s Oregon Division, and for some years the northern terminus of that line. The stoppage of railroad construction at this point for so long a time naturally resulted in the building and maintaining of good stage roads, so that gradually Redding has acquired a system of splendid stage roads, radiating to all quarters in northern and northeastern California, facilitating travel and freight transportation, and notwithstanding the further extension of the railroad to Delta, Redding will probably retain the bulk of travel for some time to come. The town is well built and has many flourishing business houses, including a bank, good hotel accommodations, excellent school and commodious public hall. It has three newspapers, all weekly, which are well supported by the residents of the surrounding country, of which Redding is the center. Its population is about 1,000.

RIO VISTA.

SOLANO COUNTY. This town, in the extreme southeastern part of the county, is situated on the Sacramento River, 14 miles above its mouth. It is a regular landing place for the Sacramento River steamers; has post and express offices, and is the shipping point for a large scope of country. It also enjoys a good trade with the islands across the river. It is distant from San Francisco by water 89 miles. Vallejo is its nearest banking town. Population, 550.

RIVERSIDE.

SAN BERNARDINO COUNTY. A post, express, and telegraph town, reached by S. P. Co.'s Yuma Division to Colton, thence by Cal. Southern R. R. It is the place next in importance to San Bernardino in the county.

The district known as Riverside is mostly settled by Eastern people who have settled there for the benefit of the climate, and have laid out large orchards in citrus and semi-tropical fruits, to which the entire valley is devoted. The place has an air of newness; the houses are all neat, the gardens well kept, and all things indicate solid enterprise and thrift. The town has several churches, school houses, town hall, and other public buildings, good hotels, and two weekly newspapers. The population of the town is about 1,500, and including the whole valley, which is incorporated, about 4,000.

Hortop Henry, blacksmith
Lockwood Francis E, saloon

SACRAMENTO

SACRAMENTO COUNTY. The capital of California, is beautifully situated on the east bank of the Sacramento River. By the energy and enterprise of her citizens she has the second place in the State as a commercial emporium. Her streets are ornamented with splendid business edifices and are well paved and lighted with gas. The resident parts of Sacramento are worthy of mention, beautiful houses with large, roomy yards tastefully laid out with palm ferns and rare flowers. In the possession of splendid homes Sacramento will compare favorably with any city of the same size in the Union. Being a great railroad center, it was necessary to furnish accommodation for the vast amount of traffic passing through. This has been done by building a capacious depot 300 feet long, subdivided into compartments peculiar to itself. The State Capitol is another feature of Sacramento deserving special praise; situated in a lovely park beautifully laid out, and surmounted by a dome 180 feet in height, it presents an imposing spectacle.

The newspapers of the city are a credit to it. They are too numerous to mention individually, but we would recommend the Sacramento *Bee* as a particularly wide-awake and lively daily. It also comes out in weekly form with an amount of condensed information seldom seen in newspapers out of metropolitan cities.

The city is well drained and clean, and contagious disease is unknown there. Being situated on the river it has a large river traffic which adds greatly to the commercial importance of the city. It has all the post, express, telegraph, and telephone facilities of an enlightened modern city.

PACIFIC WATER CURE

— AND —

Eclectic Health Institute,

NORTHWEST CORNER OF

SEVENTH AND L STREETS, SACRAMENTO, CAL.

THIS Institute has been thoroughly refitted and furnished with all the modern improvements necessary for the successful treatment of every form of disease. We can now offer the best facilities of any institution on the Pacific Coast for the cure of Chronic Diseases, such as Rheumatism, Neuralgia, Paralysis, Dropsy, Affections of the Lungs, Liver, Stomach, Bowels, Genito-Urinary Organs, and Catarrh, for the treatment of which a new instrument has been invented, by the aid of which medicines can be applied directly to the seat of the disease, in the form of delicate sprays and medicated air, thus rendering the treatment both pleasant and effective, and reaching many cases which have heretofore been considered incurable. Troubles peculiar to females receive special attention. Every patient receives the comforts of a home together with the best Medical Counsel in the Country, and treatment administered by kind and competent assistants.

PRICE LIST:

Board and Treatment per Week	**$15 to $20**
Treatment per Week, without Board	**10**

ST. HELENA.

NAPA COUNTY. A banking town, with post, express and telegraph office. Is in the center of the principal and wealthiest wine-growing section of California, and is a prosperous and growing town. It is situated 18 miles above Napa City and 60 miles by rail from San Francisco. Has three trains daily from the metropolis, two passenger and one freight. Its business interests are diversified and well represented. St Helena possesses attractions of scenic surroundings and unsurpassed climate, which render it unrivaled as a place of residence. It has good schools, public and private, seven churches, public library, and free reading room. Stages leave this town for the famous Ætna Mineral Springs, 16 miles distant; population, 2,500.

SALMON FALLS.

El Dorado County. A postal town reached from Sacramento by S. & P. R. R. to Folsom, thence by stage 9 miles. Freight and express matter go to Folsom, which is its nearest banking town; population, 90.
Gains Joshua W, gen mdse

SAN ANDREAS.

Calaveras County. A post, express and telegraph town, reached by S. P. Co.'s Western Division to Lodi, thence by S. J. & S. N. R. R. to Valley Springs, thence by stage 10 miles east. It depends on mining, stock raising and fruit growing interests for support. Two newspapers, the *Calaveras Citizen* and the *Prospect*, supply the people with news, and the wants of the traveling public are attended to by two good hotels. Stockton is its nearest banking town; population, 600.

SAN BERNARDINO.

SAN BERNARDINO COUNTY. Two and a half miles from Colton, is the principal town and county seat. It was located and settled by the Mormons, and covers one square mile. Like all these towns it is regularly laid out, with broad streets running north and south, east and west, intersecting each other at right angles.

The blocks, each containing 8 acres, are subdivided into lots of one acre each. It is thickly studded with trees, as is indeed the whole valley, which, with the bright green of the gardens and surrounding fields, give it more the appearance of a New England village than a Californian town. A large number of the lots have artesian wells on them, which are here sunk at a small cost. It contains a number of very creditable houses and business blocks, has good hotel accommodations, and is in all respects a modern American town.

The buildings are mainly of brick, of which an excellent article is procurable at low figures. It has several good public buildings, Court House, school houses, and several churches. San Bernardino is reached by S. P. Co.'s Yuma Division to Colton, thence by stage 3 miles or by P. C. steamers to Wilmington, thence to Colton and thence by California Southern 3 miles. It has post, telegraph and express facilities. Population, 4,000.

SAN BUENAVENTURA.

VENTURA COUNTY. San Buenaventura is picturesquely situated on the seashore, nearly 310 miles from San Francisco, and its population is about 2,000. It has first-class stores, express, and telegraph offices, good hotels, churches of all the principal denominations, public library and reading-room, fire company, and two weekly papers; it has also two oil refineries, and is a shipping point for grain, barley, wheat, and corn, which are its principal products. It is reached by P. C. steamers from San Francisco.

SAN DIEGO.

SAN DIEGO COUNTY. A post, express and telegraph town, situated on the coast, 482 miles from San Francisco. Reached by S. P. Co.'s Yuma Division to Colton, thence by California Southern R. R. or by P. C. steamers direct.

This charming city and health and pleasure resort is beautifully situated on a lovely bay of the same name. The bay is land locked and affords one of the few good harbors on the Pacific Coast. Back of the city rises a long rugged range of mountains, and between the city and mountains is some of the finest fruit land in the State. The climate of San Diego is delightful, no other place in the world probably excelling it in equality of temperature and freedom from storms. Invalids here obtain a new lease of life, if climate can help them at all. The opening of the California Southern Railroad connecting with S. P. Co.'s system at Colton and with Atlantic and Pacific Mojave Division, has been of immense advantage to the city, bringing it more in direct communication with the outside world, and it is rapidly rising into prominence both as a business place and health resort. It has all the post, telegraph, express and banking facilities of a large city. Its population is now about 2,000.

SAN FELIPE.

SANTA CLARA COUNTY. A postal town reached by S. P. Co.'s Northern Division to Gilroy, thence by stage. Freight and express go to Gilroy, which is also its nearest banking town.

Niggle Geo, postmaster and merchant

SAN FERNANDO.

LOS ANGELES COUNTY. Is a post, express and telegraph town on the S. P. Co.'s Los Angeles Division 21 miles from Los Angeles. It is situated in the valley of the same name, in the midst of beautiful green wheat fields, which spread in an unbroken expanse for miles and miles east and south.

The mission of San Fernando is close by, and around it is one of the oldest and largest olive orchards in Southern California. Petroleum is found in Rice Cañon not far away, and there is supposed to be a general diffusion of oil underlying all this region. Los Angeles is its nearest banking town. Population, 200.

SAN GABRIEL.

LOS ANGELES COUNTY. A post, express and telegraph town on the S. P. Co.'s Yuma Division, 9 miles north of Los Angeles.

This place was founded by the Jesuit Fathers in 1771, and was the fourth in order of establishment among the missions of Upper California. Its rich soil and abundance of water induced agricultural pursuits, and it soon came to the front in productiveness and wealth. Here the olive and orange trees first found their home in California, and what was started by the fathers for their own wants has now become a great industry, the oranges and olives of the district being shipped all over the States. San Gabriel is building a

SAN JOSE.

SANTA CLARA COUNTY. The garden city and pride of California, and justly so styled, is pronounced by tourists and visitors to be one of the most beautiful cities in the world. Situated near the northern end of the Santa Clara Valley, it is surrounded by a country the productiveness of the soil of which is unequaled anywhere else in the State. The city itself is beautifully laid out with wide, airy streets and splendid public and business buildings and charming residences. The drives around the city are numerous; the one along the "Alameda," a wide, shaded boulevard, stretching 4 miles north to Santa Clara and passing the beautiful college of that name, is worthy of special mention.

The climate here is nearly everlasting summer. Flowers and vegetables of all kinds can be had the year round. The district is devoted chiefly to fruit culture and the vine and raises the finest varieties in the State. San Jose is a great railroad center, being on the main lines of two systems, viz., the S. P. Co.'s Northern Division and the S. P. C. R. R. narrow gauge. Both lines have large, commodious depots, with large warehouses for the storage of grain.

The city is lighted at night by a magnificent electric light placed on a tower at the junction of Santa Clara and Market Streets, which throws its light all over the surrounding country. The educational facilities of San Jose are of a higher grade than probably any other city of its size in the Union, and the city receives students from all parts of the State.

The hotel accommodation is of the highest order, the Auzerais House being worthy of the highest commendation. The press of the city keeps the people well posted on the events of the day, and is ever ready and alert in looking after the interests of San Jose.

University of the Pacific,

LOCATED MIDWAY BETWEEN

San Jose and Santa Clara,

CALIFORNIA,

And Accessible by Street Cars from Both Cities.

There are six regular courses of study, viz.: (1) The Classical Course, four years; (2) The Belles Lettres Course, four years; (3) The Latin Scientific, three years; (4) The Scientific Course, three years; (5) The Conservatory of Music Course, four years; (6) The Business Course, three years.

The Classical and the Belles Lettres Courses are equal to the most advanced demands of the best Eastern institutions. The Latin Scientific and the Scientific Courses extend over but three years each. They are less exacting than the former, but afford adequate training for business or professional life.

The Conservatory of Music furnishes the best facilities for acquiring a complete and thorough musical education. Under Professor King, its accomplished principal, it enjoys an extended influence and rising reputation.

East Hall, the new and elegant brick building, erected in 1884–85, contains the Preparatory and Business Department.

This department, of over 250 students, offers special advantages in its five regular courses of study, which connect with the regular courses in the University. The Business Course embraces full instruction not only in Book-keeping, Penmanship, and Commercial Law, but in all the foundation studies required of the well educated business man of to-day.

Students in the Preparatory Department are brought into close contact with the influence and scholarship of the more advanced students of the college, and as far as they are qualified, enjoy the advantages of the library, museum, laboratory, special lectures, etc.

Terms for board, furnished room, washing, incidentals, and tuition, $250 per year; $12.00 per session extra to those in the Business Course.

South Hall, under the supervision of the preceptress and an experienced matron, offers a commodious and inviting home for young ladies from abroad. The terms are the same as for young gentlemen, $250 per annum, payable semi-annually, in advance.

Young gentlemen of college grade may obtain board in private families at about the same rates.

Weekly Lectures will be delivered before the entire body of students, by gentlemen selected for their attainments in Letters, Law, Medicine, Theology, Literature, Travel, History, and the different sciences.

A judicious supervision is exercised over the manners and morals of all students.

Parents and guardians desiring to send abroad for an education will find in this institution complete facilities at low prices.

The fall session begins about the middle of August, and the spring session, about the middle of January each year, and each continues twenty weeks.

COLLEGE OF NOTRE DAME

SAN JOSE, CAL.

This Institution is under the Superintendence of the Sisters of Notre Dame, whose primary object is to instill into the minds of young girls a noble and laudable emulation, to form their hearts in virtue, to fit them to be future ornaments to society.

The College was founded in 1851. In 1855 it was incorporated by the State Legislature, and subsequently the same body so extended the original charter as to confer all the rights and privileges of collegiate institutions in the United States. It is situated in the City of San Jose, Santa Clara County and is surrounded by a beautiful and extensive play-ground, furnished with every facility for the amusement of the pupils. The building, of brick, is large, commodious and well ventilated. The entire front is one hundred and sixty feet long The east wing runs back to the depth of two hundred and fifty feet; the west wing is one hundred and three feet deep, the whole affording accommodations for a large number of pupils.

MINUTE ATTENTION PAID TO THE COMFORT AND HEALTH OF THE PUPILS, AND IN CASE OF SICKNESS, THEY RECEIVE THE MOST AFFECTIONATE CARE.

The Mutual Life Insurance Co. of New York Has Returned to Policy Holders more than $216,000,000. THE COST to the Insured is LESS than in any other Company.

SAN JUAN.

SAN BENITO COUNTY. A post, telegraph and express town. Reached by S. P. Co.'s Northern Division to Sargents, thence by stage 6 miles. It is an ancient, unpretentious little town, situated in the most picturesque part of the San Juan Valley, about 7 miles from Hollister.

It is the site of the church of St. John the Baptist, Rev. V. Closa, rector, which was founded in 1797. Pear trees planted in 1797 still bear fruit. The walls of the church are covered with some very ancient historical paintings sent from Italy and Spain upon the completion of the church. The foundation of the structure is very substantial. The rafters of the portico, put in at the building of the church, are in first-class order.

The town itself is rapidly going to decay. The absence of tenants for its buildings is conspicuous. A daily stage runs through San Juan to Hollister.

SAN LEANDRO.

ALAMEDA COUNTY. This place, situated on the S. P. Co.'s Western Division 16 miles southeast from San Francisco, was originally and for a long time the county seat, the removal being only caused by the magnitude of Oakland's wonderful growth in population and material prosperity. San Leandro still retains the lead in population among the towns of the county, aside from the bay cities adjacent to San Francisco. It is located on the creek of the same name, and is surrounded by fertile and productive fields, which have attained the highest reputation of all lands in the State in the production of vegetables for the metropolitan markets of San Francisco. It has fair hotel accommodations, supports a weekly newspaper, and has complete postal, express, railroad and telegraphic facilities. Population, 1,700.

SAN LUIS OBISPO.

SAN LUIS OBISPO COUNTY. This town was incorporated in 1876, and is pleasantly situated about 9 miles from the coast, on San Luis Creek.

It was first settled in 1772. The town is supplied with water from springs about a mile north of the town. The streets and buildings are lighted with gas. San Luis Obispo has fine public school buildings, Catholic seminary, county Court House, city hall, churches, and a county hospital. It has post, telegraph and express offices, and is connected with San Francisco by the P. C. railroad to Port Harford, and thence by P.C.S.S.Co.'s steamer to San Francisco, 199 miles; and also by stage to Soledad and S. P. R. R. to San Francisco, 257 miles.

SAN MATEO.

SAN MATEO COUNTY. A post, express and telegraph town on the S. P. Co.'s Northern Division, 21 miles from San Francisco. A pretty little place surrounded by beautiful scenery. The town has hotels, stores and many handsome residences. St. Matthew's Military Academy, one of the best in the State, is situated here. The climate is delightful, and tourists should certainly not fail to visit this lovely spot. Farming and dairying are the chief occupations of the neighborhood. San Francisco is its nearest banking town. Population, 1,200.

SAN MIGUEL.

SAN LUIS OBISPO COUNTY. A post and express town reached by P. C. steamers to Port Harford, thence by stage, or by S. P. Co.'s Northern Division (Soledad Branch) to Soledad, thence by daily stage 75 miles. San Miguel is headquarters for the sheep business, large flocks of which are raised in the neighborhood. It is on the regular stage road between Soledad and San Luis Obispo. The old mission established in 1797 still stands, although much the worse for wear. San Luis Obispo is its nearest banking town. Population, 160.

SAN QUENTIN.

MARIN COUNTY. This place, located on Point San Quentin, is 12 miles north of San Francisco, and 3 miles from San Rafael. It derives its chief importance from the fact that it is the location of the State Prison. One branch of the S. F. & N. P. R. R. terminates here. A ferry connection with San Francisco is maintained. The place has complete post, express and telegraph facilities. Population, exclusive of convicts, 300.

Varney B F, agt Wells, Fargo & Co

SAN RAFAEL.

MARIN COUNTY. This, the county seat of Marin, is a charming little city of about 3,000 inhabitants. It is beautifully located in a basin east of Mount Tamalpais, and is surrounded by a low range of hills, save to the east, where a clear and expansive view of the bay is had.

These peculiarities in its topographical location have the effect of making San Rafael one of the most desirable of all the suburban cities and towns adjacent to San Francisco, perfect immunity from the fierce southern and western winds of the coast and an almost complete freedom from fogs being secured by the shielding protection of its surroundings.

The place is famous as a resort for invalids, and during the summers is the preferred locality of many thousands for picnics. The city is lighted with gas and is supplied with water from Lagunitas Springs 7 miles distant, the system of mains and lateral pipes being complete for all parts of the city.

Ample and convenient communication with San Francisco, *via* the North Pacific Coast Railroad direct, and the

DYNAMITE, or Giant Powder. The Only Reliable High Explosive. Bandmann, Nielsen & Co., General Agents, S. F.

Truman, Isham & Hooker, 421-427 Market St. Buggies, Carriages, Dennett Jump Seats sold to the Trade.

San Francisco and North Pacific Railroad *via* Point Tiburon, is had at all seasons of the year, the service of both routes being increased very materially in the summer months to accommodate the excursion travel.

There are 5 churches, a large public school with an attendance of about 450, and a free library. Two weekly papers are published, the *Tocsin* and the *Journal*, both of which possess a good circulation. There are numerous private boarding houses and hotels, many of which possess extensive grounds and cottages attached. Chief among the hotels and worthy of special mention is the Central House, kept by Mr. M. C. Dufficy. This house, from its central location and ample accommodations, as well as the years of successful experience acquired by its genial host, insures all who avail themselves of its comforts perfect satisfaction.

SANTA ANA, CALIFORNIA.

SANTA BARBARA.

SANTA BARBARA COUNTY. A post, express and telegraph town reached by P. C. steamers or by S. P. Co.'s Los Angeles Division to Newhall and stage 78 miles; or by S. P. Co.'s Northern Division (Soledad Branch) to Soledad and stage 260 miles. The town of Santa Barbara is beautifully situated in the valley, sloping from high mountains on the north to a sunny beach on the south. The mountains, bold and rugged, rising suddenly behind the town, form a strange contrast to the ever green and fertile valley in which it lies. These mountains effectually shut off all north winds and make the climate delightful and of great benefit to suf-

I. S. VAN WINKLE & CO. 413-415 Market St. IRON, STEEL & HEAVY HARDWARE

SANTA CLARA.

SANTA CLARA COUNTY. The town of Santa Clara is situated in the Santa Clara Valley, 3 miles west of San Jose. It is 2 miles long and 1½ miles wide; it has post, express and telegraph offices, and an organized fire company. The famous College of Santa Clara, and the University of the Pacific, are situated in its midst. It has a population of about 3,000. The town is constantly growing. The name Santa Clara is taken from the old mission, which was the first settlement in the county. It is on the lines of the S. P. C. R. R. (narrow gauge) and S. P. Co.'s Northern Division. It is also a banking town.

SANTA CLARA
COLLEGE
Santa Clara, California.

This College is conducted by the Father of the Society of Jesus. It is situated in the town of Santa Clara, Santa Clara Co., Cal., and was established on the 19th of March, 1851, in the old Mission Buildings. On the 28th of April, 1855, it was

Chartered with all the Rights and Privileges of a University.

Parents intrusting their Boys to the care of this College can rest assured that they will be well cared for and thoroughly educated.

☞ For further particulars, communicate with

REV. R. E. KENNA, S. J., President.

SANTA CRUZ.

SANTA CRUZ COUNTY. This charming seaside resort is situated on the coast about 80 miles from San Francisco, and is reached by S. P. Co.'s R. R. *via* San Jose and through the Santa Cruz Mountains, a most beautiful and picturesque route, by the S. P. Co.'s Northern Division (Santa Cruz) Branch, and by the Pacific Coast steamers. The beach at Santa Cruz is one of the finest on the coast, and the bathing facilities are excellent. The hotel accommodation is ample and being constantly improved. The drives around Santa Cruz are very fine, particularly the "Cliff Road." Santa Cruz has postal, telegraph and express facilities, and is a banking town. Population, 6,000.

I. S. VAN WINKLE & CO., 413-415 Market St. IRON, STEEL, All Kinds Blacksmiths' Materials, HEAVY HARDWARE.

CHESNUTWOOD'S

Business * College,

SANTA CRUZ, CAL.

The object of this College is to prepare young men and young ladies for the various business affairs of life.

Its Course is extensive, comprehensive, and practical, giving to all who graduate such a thorough business training as will fit them for *any business.*

Its purpose is not *to fit pupils for clerks and book-keepers alone,* but aims to impart such information as will meet the wants of the times.

MATHEMATICS.

A thorough drill will be given in Commercial Arithmetic, embracing the most rapid methods of calculating Fractions, Percentage, Interest, Discount, Partial Payments, Banking, Taxes, Insurance, Commission, Profit and Loss, Stocks, Domestic and Foreign Exchange, General Average, Equation of Payments, Accounts Current, Partnership Settlements, etc., embracing the principal Business Industries, such as Wholesale and Retail Merchandising, Railroading, Jobbing, Commission, Insurance, Farming, Brokerage, Banking, etc.

COMMERCIAL LAW.

Lectures on Commercial Law will be given throughout the Business Course, pertaining to business transactions and business paper.

BUSINESS CORRESPONDENCE

Will consist in writing business letters and communications of all kinds correctly. The proper use of capitals, punctuation, and phrasing, will be thoroughly taught.

Penmanship, in all its forms, is made a specialty. All graduates will become elegant business penmen.

GENERAL INFORMATION.

Pupils can enter at any time. There are no classes in the school. Each pupil receives individual instruction; he can therefore advance just as rapidly as his ability and diligence will permit.

Only a common-school education is required to enter.

Ladies are admitted to all the departments of the College.

SESSIONS.

Day sessions from 9 A. M. to 12 M., and from 1 P. M. to 3 P. M. Evening Sessions from 7 to 9. P. M.

TERMS IN ADVANCE.

Full Business Course, including Penmanship, 1 year	$75 00
Full Business Course, including Penmanship, 6 months	42 00
Penmanship alone 1 month	13 50

SANTA MARIA.

SANTA BARBARA COUNTY. Is on the P. C. R. R., 35 miles from San Luis Obispo. It is situated in the center of the rich and beautiful Santa Maria Valley. The principal resource is agricultural. This part of the county is adapted to wheat growing, where can be seen 20 square miles of growing wheat. The town is considered extremely healthy, owing to the fine sandy loam on which it is situated. Santa Maria contains a population of about 600. The town is beautifully laid out, large, broad streets, 150 feet wide. There are several large business houses, a post, express and telegraph office, several churches and schools, and one weekly paper, the Santa Maria *Times*. Its nearest banking town is San Luis Obispo.

SANTA MONICA.

LOS ANGELES COUNTY. A post, express and telegraph town on the coast reached by S. P. Co.'s Los Angeles and Independence Division from Los Angeles.

The town is built on a high bluff overlooking the ocean, and is laid out with wide streets having a 20-foot alley way in the middle of every block. The beach at Santa Monica is splendidly adapted to sea-bathing and from the equable climate enjoyed there, sea bathing can be enjoyed all the year round.

The town has good hotel accommodations, a school house and churches of various denominations. The Atlantic and Pacific Railroad are talking of extending their line to Santa Monica, which will be of universal advantage to the town. Los Angeles is its nearest banking town. Population, 500.

SANTA ROSA.

SONOMA COUNTY. The city of Santa Rosa, the county seat of Sonoma, is pleasantly situated on both sides of Santa Rosa Creek, 53 miles from San Francisco, with which place perfect railroad connection is had, *via* the San Francisco and North Pacific Railroad. The city is about the middle of that part of the great central valley of the county known as Santa Rosa Valley, being 16 miles north of Petaluma, and 16 miles south of Healdsburg, and is surrounded by some of the most productive farms of the State as well as by an intelligent and prosperous farming community. The wine product of Santa Rosa township and its tributary valleys is much over 500,000 gallons annually, and in the city is found one of the largest wineries. The city is well lighted, and is abundantly supplied with water from a capacious reservoir, a few miles east of the city. It has two colleges, ample public schools, church edifices and public buildings. The Santa Rosa *Republican* and *Sonoma Democrat*, both daily and weekly papers, are in themselves ample evidence of the progressive character of the community they represent, while its powers of hospitality are amply provided for in its numerous hotels. The population of the city is fully 6,000.

SAUCELITO.

MARIN COUNTY. This town, built at the base, and on the slopes of the steep hills which line the western shore of Richardson's Bay, extends in its total length a distance of about 2 miles.

It is distant from San Francisco 6 miles, with which place ferry connection is had, four trips being made daily. It is one of the principal termini of the North Pacific Coast Railroad, the company having built at this point a capacious wharf extending to deep water. The place is also noted as a summer resort. San Francisco is its nearest banking town. Population, about 800.

SAWYER'S BAR.

SISKIYOU COUNTY. This prosperous town is located in the southwestern part of the county, on the east fork of the Salmon River, and is distant from Delta, the railroad terminus of the S. P. Co.'s Oregon Division, 70 miles, with which place it has stage connections.

It is the center of a valuable quartz mining section, including several well-known mines, and the business point for all that part of the county which was acquired when Klamath County was annexed to Siskiyou and Humboldt Counties by an act of the Legislature of 1873. The district is very productive and furnishes steady employment for much labor. Some lumbering and farming are also done in the vicinity. It has a post-office. Freight goes to Redding and express to Etna. Fort Jones is its nearest banking town. Population, 150.

SHASTA.

SHASTA COUNTY. This place, the county seat and the largest town, is situated in the southwesterly part of the county, on the main road leading from Redding to Weaverville and Yreka. It is reached by S. P. Co.'s Oregon Division to Middle Creek, from which it is only 2 miles distant. Freight is still shipped to Redding, but arrangements are in progress for an immediate railroad connection at Middle Creek.

The road from Redding, as well as beyond Shasta, is an excellent turnpike, with easy grades. The town is prettily laid, and lying as it does in the foothills of the mountains surrounding the Sacramento Valley at an altitude of 1,160 feet above the sea, is as attractive a town as can be found in the mountains, and in a sanitary point of view is excelled by none. The place was settled in 1850, and was originally known as "Reading's Springs," being afterwards changed to Shasta in honor of the grand mountain peak which overlooks this entire region. The U. S. Land Office for northern California is located here. Shasta possesses full and complete telegraph, daily mail and express facilities. The Shasta *Courier* (weekly) is published here and ranks in age as the third weekly newspaper of the State. The principal public and larger buildings are comprised in the Court House, two churches, two hotels, and the halls of the Masons and Odd Fellows.

SIERRA CITY.

SIERRA COUNTY. A post, express, and telegraph town reached by S. P. Co.s' Oregon Division to Marysville, thence by stage *via* Downieville 79 miles; or by S. P. Co.'s Sacramento Division to Colfax, thence by N. Co. to Nevada, thence by stage 54 miles.

The town is located almost in the geographical center of the county, on the well maintained wagon road leading from Sierra Valley through Downieville *via* Camptonville. Lumbering is largely followed in the mountains of the vicinity, and many saw-mills are located in the near neighborhood. Sierra City also possesses several large business houses, hotels, school house and a water supply that would do good service in case of fires, the natural pressure being powerful enough to throw a stream 180 feet high. Almost due north of Sierra City, at the northern boundary line of the county, is located Gold Lake, one of the most delightful bodies of water in the Sierras. It is four miles long by two in width, of great depth, and is the source of the middle fork of the Feather River. It is surrounded by lofty mountains, creating wonderful echoes to one on the waters, and is bountifully stocked with magnificent trout. A wagon road to the lake from Sierra City will soon supersede the trails and wearying mule transportation now in vogue, when Gold Lake will assuredly become one of our recognized summer resorts. Downieville is its nearest banking town. Population, 1,200.

SIERRA VALLEY, OR SIERRAVILLE.

SIERRA COUNTY. A post, telegraph and express town, reached by S. P. Co.'s Sacramento Division to Truckee, thence by tri-weekly stage 27 miles.

The principal interests of the district are agriculture, stock raising and lumbering, for which latter good facilities are offered by a belt of choicest wood, extending from Sierraville to Quincy. The town possesses a weekly newspaper, the *Leader*, large school house, churches, hotel and capacious hall with pleasure grounds attached. It is becoming a favorite summer resort and enjoys an amount of patronage as much as its accommodation will permit. Sierra Valley is a banking town. Population, 500.

SONORA.

TUOLUMNE COUNTY. A post, express and telegraph town, reached from Stockton by S. P. Co.'s S. & C. Division to Milton, thence by daily stage 36 miles.

This is the county seat of Tuolumne County, and is at an altitude of 2,000 feet above the sea. It is in a pretty basin in the Sierra Nevada Mountains, on the banks of Wood's Creek, and bids fair to become a mountain city of no slight importance at an early day. The quartz mines in the vicinity rank among the most valuable mines in the State. It has elegant and substantial dwellings, beautifully shaded streets, and good schools and churches. It has two newspapers, the *Union Democrat* and the *Tuolumne Independent*. Stockton is its nearest banking town. Population, 1,750.

STOCKTON.

SAN JOAQUIN COUNTY. A post, express and telegraph town at the head of Stockton Channel about two miles from the San Joaquin River and on the line of the S. P. Co.'s Western Division, 91 miles from San Francisco and 48 miles from Sacramento. The surrounding country to Stockton extends to the foothills of the Sierra Nevada Range on the east, and Coast Range on the west, while on the north and south stretch the luxuriant plains of the Sacramento and San Joaquin Valleys, which reach nearly the entire length of the State.

The corporate limits of the city extend over 4 miles square, and it is laid out in regular blocks about 300 feet square. The principal streets are graded and graveled. From its surroundings Stockton is naturally a great grain center, and has become second of importance only to San Francisco. The facilities afforded farmers for the storage of that article are unequaled in the State, and Stockton has gradually become an acknowledged grain depot.

In manufactures Stockton takes high rank among the chief manufacturing cities of the State, the branch receiving most attention being naturally agricultural implements. The city has good hotel accommodations, an efficient school system and fire department, and is governed by able, enterprising men.

SUMMIT.

PLUMAS COUNTY. A postal town, reached by S. P. Co.'s Truckee Division to Reno, thence by stage.

The town is situated in Beckwith Pass on the main road from Reno, Nev., to Plumas County. This pass, lying at an altitude of 4,875 feet, is the lowest of all the passes through the Sierra Nevadas. Summit is 54 miles southeast from Quincy and 28 miles from Reno. It is one of the oldest settlements and is in the midst of a grazing valley. Its freight and express matter goes to Reno, Nev., which is also its nearest banking town. Population, 50.

SUSANVILLE.

LASSEN COUNTY. The county seat of Lassen County, is situated 150 miles northeast from Sacramento, and 95 miles northwest from Reno, Nev.

The location itself is a peculiarly attractive one, lying as it does just at the base of the Sierra Nevadas, where the mountains give way abruptly to a comparatively level plateau, and an unobstructed view of over thirty miles is obtained, including almost the entire expanse of the Susan River Valley. The school facilities of the town are fully up to the times; the Methodists and Congregationalists have fine and commodious church buildings, and the organizations are well sustained. Its hotel accommodations are amply provided for in two hotels; and among its business interests it has a flour-mill with a capacity of forty-five barrels of flour per day, which is kept constantly running. Outside communications are had by daily stage line to Reno, 20 miles of this route on the end next to Reno being by rail. Two other lines are run during seven months of the year, one to a connection with the Northern Cal. R. R. to Oroville, and the other to Chico, connecting at that point with rail to all parts of the State. It has a money order post-office and Wells, Fargo & Co.'s Express. Freight for Susanville goes to Reno, Nev., which is also its nearest banking town. Population, 700.

COMBINED HARVESTER

AND

AGRICULTURAL WORKS,

STOCKTON, CAL.

MANUFACTURERS OF THE

Houser, Minges, and "Shippee" Combined Harvesters.

THE PRINCIPAL and LEADING HARVESTERS of the PACIFIC COAST.

The HOUSER and "SHIPPEE" Works Consolidated.

The Only Manufacturers of Belt and Geared, Pull and Push Combined Harvesters. Hold your orders; don't buy until you have seen our Improved Minges, Houser, and "Shippee" Combined Harvesters, of all sizes and capacity, from 10 to 30-feet cut, small and large, light and heavy; adapted for either hard land or sandy soil, small or large farms. They are the Premium Harvesters which have **received all Premiums and Gold Medals** at our State and County Fairs.

☞ These HARVESTERS Have Made Grain Raising Profitable.

☞ **The Low Price of Wheat is More Than Offset by Using Our Machines,** for they place the grain in the sack at less cost than the old method of putting it in the stack. They are **fully protected by 22 U. S Patents.** We own all patents on Combined Harvesters which have proved of practical value. They are a protection to purchasers of our machines from suits for infringment—a guarantee which no other manufacturers can give. They are **not an experiment**—have been successfully run for years. We have **over 300 Testimonials and Recommendations** from our most prominent farmers. The Minges is a Pull and Belt Machine. The Houser is a Pull Machine and is built either Belt or Geared. They both have records of from 25 to 70 acres and from 200 to 600 sacks a day, according to width of cut and condition of grain, and are adapted for large farms with sandy soil or hard land. The "Shippee" is a Push Machine, suitable for small farms and hard land, and has harvested from 20 to 40 acres a day and from 200 to 400 sacks. **We guarantee our harvesters to do good work when properly handled. They require from 3 to 4 men and 12 to 26 animals,** according to width of cut and condition of grain.

Please call at our works, corner Main and East Streets, Stockton, examine our Harvesters, read our Testimonials, see or correspond with those who have used our Machines. Send for Circulars. Correspondence solicited. For further information, prices, etc., address

SUTTER CREEK.

AMADOR COUNTY. Is a prosperous and thriving town of 1,500 inhabitants, reached by S. P. Co.'s Western Division and Amador Branch to Ione, thence by daily stage 12 miles.

Two forty-stamp mills are in active operation, and agriculture is extensively carried on. It is a particularly healthy town, and it has an unlimited supply of excellent water. It is the largest town in the county and has a graded school well officered by efficient teachers. The society is made up of an intelligent class of people, whose public spirit is commendable. Its chief support is derived from the mining interest. Several old mines are being opened up which will increase the trade of the town. Freight goes to Ione, and Sacramento is its nearest banking town.

ALL High Explosives ARE IMITATIONS OF GIANT POWDER. Bandmann, Nielsen & Co., Gen. Agents, S. F.

Truman, Isham & Hooker, 421-427 Market St. Agricultural Implements, Wagons, Steam Engines.

The town is situated at the south end of Indian Valley, on Indian Creek (branch of Feather River) 22 miles, by an excellent wagon road, from Quincy. Population, 300. Elevation, 3,479 feet. Indian Valley is a beautiful locality. It comprises 17,000 acres of rich land, whereon all the small grains and fine fruit is raised. Taylorsville was settled by the late Job T. Taylor, in 1852. The log cabin, which he then built, still stands as a monument of the pioneer days. Beside it stands a commanding structure, now being conducted by his widow as a first-class hotel. The surrounding country offers both mining and agricultural advantages.

TEHAMA.

TEHAMA COUNTY. This town, formerly known as Hall's Crossing, is located on the west bank of the Sacramento River, 12 miles south of Red Bluff. The S. P. Co.'s Oregon Division, upon which railroad the town is situated, crosses the river here, and the embankment made for its line along the river, serves the town as a levee against the high waters of flood times. The industries of the town and the interests of the surrounding country depend wholly upon farming and stock raising. The town is quite prosperous, and is making steady advances in growth equally with the continued development of the county. It possesses two large grain warehouses, and immediately opposite, on the eastern shore of the river, the North Star Flouring Mill, a large establishment, run by water from Mill Creek.

Its school and church privileges are ample; two public halls for general entertainments have been erected, and the hotel accommodations are fully up to the times. The town has post, express and telegraph offices, and a population of about 450. Red Bluff is its nearest banking town.

TRINITY CENTRE.

TRINITY COUNTY. A post and telegraph town reached by S. P. Co.'s Oregon Division to Delta, thence by stage. It is the second place of importance in the county, and the only point having telegraphic communication with the outside, and is on the main road leading to Yreka and Oregon, over which the stages of the California and Oregon Stage Line pass daily.

The prevailing interests, as elsewhere in the county, are mining, although several good sections of farming land are found in the neighborhood, mostly all cultivated and realizing handsome returns to their owners from the good prices received for their product. The town has the usual business establishments, including a general merchandise store, hardware store, blacksmith shop, saw-mill and hotel. Weaverville is its nearest express and banking town. Population, 100.

TRUCKEE.

NEVADA COUNTY. A post, telegraph and express town, the Eastern terminus of the Sacramento and Western terminus of the Truckee Division of the S. P. Co.'s Pacific System. It is situated on the river from which it takes its name, in the very heart of the Sierra Nevada Mountains, 109 miles from Sacramento. It is a banking town and has a populaton of 2,000.

Truckee is a lively, enterprising and pretty place; the great lumber interests of the vicinity are a source of heavy revenue, about 40,000,000 feet of this article being manufactured annually, besides 30,000 cords of railroad wood. The railroad also tends largely to its support. The scenery in and around Truckee is spoken of as grand and beautiful in the extreme; the snow-capped mountains, the deep, fertile valleys, the rough, winding streams and picturesque lakes, which have given to the Sierras such world-wide reputation, at this place form a picture of surprising splendor. Hundreds of tourists yearly come from all of the States to witness the bright views and enjoy the sporting and trout-fishing which here abound.

Truckee is also the starting point to Lakes Tahoe, Independence, Donner and Webber. Lake Donner is especially noteworthy, from the fact that it derived its name from a party of emigrants under the leadership of Mr. Donner, who in early days camped on the borders of the lake, where they were overtaken and blockaded by heavy snow-storms, and suffered the most terrible privations, most of the party perishing from cold and hunger. The lake itself is a pretty body of water, nestled among high mountains. Lakes Independence and Webber should also be mentioned for beauty, picturesque scenery, and fine fishing; but Tahoe, or, as it is sometimes called, Lake Bigler, is by far the greatest resort of travelers, on account of the magnificence of its splendors, being surrounded on all sides by high, overhanging mountains, which are reflected in its smooth, placid waters, resembling a giant mirror set in a framework of green hills. This lake is 30 miles long, 13 miles wide, and in places of vast depth. Its waters are cold and sparkling, and so clear that the variegated colored bottom is plainly visible at a depth of from 60 to 80 or 90 feet. Trout of a superior quality are also here, and in great abundance. Around its emerald banks are numerous small hamlets and villages. foremost among which are Tahoe City and Hot Springs, both places having first-class hotels.

Another feature of peculiar interest that at once strikes the attention of the stranger, is the want of buoyancy of the waters. This is probably due to its great height, its altitude being 6,247 feet above the sea level. The *Governor Stanford*, a fine and commodious steamer, plies daily on the surface of the lake, taking parties to Carnelian Bay, Rowlands, Glenbrook and other romantic spots, affording the traveler every facility to view the beauties of this truly wonderful place. The people of Truckee are energetic and enterpri-ing, and proud of the high standing of their excellent schools and business houses. There are two churches, a tri-weekly newspaper, and good hotels.

Stages leave for Sierraville, 28 miles; Loyalton, 28 miles; Eureka Mills, 48 miles.

Nicoll the Tailor, 816 Market St. Samples of NEW GOODS SENT FREE.

TULARE.

TULARE COUNTY. A post, express and telegraph town on the S. P. Co.'s Visalia Division, 10 miles from Goshen and 257 miles from San Francisco. It is centrally located, being a convenient shipping point for several important towns off the railroad, and railroad division headquarters for two sections.

The arid country hereabouts is being improved and rendered highly valuable by means of irrigation, the water being obtained from artesian wells. The first well in the county for irrigating purposes was bored five years ago (1881), and now there are no less than eighty-four flowing wells, water being struck at an average depth of 375 feet, at a cost of $600 per well. There are six boring outfits engaged actively in the business, which is rapidly effecting a great increase in the products of the section. A fine quality and a large average of timber, principally oak, grows on the plains and mountains of Tulare; also large quantities of redwood, sugar pine and other species. There are several saw-mills for its manufacture in the county. The pipe for fitting artesian wells is nearly all furnished by Tulare manufacturers. Tulare is a banking town and has a population of 2,000.

UKIAH.

MENDOCINO COUNTY. A post, express and telegraph town, reached by S. F. & N. P. R. R. to Cloverdale, thence by daily stage 31 miles; the county seat, and one of the oldest towns in the State.

Geographically, it is in the center of the county, thus making it the most desirable for the honor it bears. It is a prosperous town, well built and pleasantly located in the heart of a rich agricultural and pastoral region, the productions of which contribute largely towards swelling the exports of the State. It is also the distributing point of mail matter for a large section of the county. Altitude about 800 feet. It has six churches and excellent schools. The central point of J. L. Sanderson & Co.'s Stage Lines to Eureka, Cloverdale, and Mendocino City, Lakeport, Upper Lake, Bartlett Springs, etc. There are a number of springs, both hot and cold, possessing medicinal properties that are highly prized by invalids. The hotel accommodations are excellent. Ukiah is a banking town. Population, 1,500.

Arrata Giovanni, gen mdse
Greenwall Robert, blacksmith and wagonmaker
Rufe & Keilbar, butchers
Tuchsen Henry H, brewer

VALLEJO.

SOLANO COUNTY. This, the largest city of the county, is situated in the extreme southwestern part and is reached by the S. P. Co.'s Cal. Pac. Division (Napa Branch), of which it is the southern terminus.

It has many natural advantages, all of which conspire to advance its material interests. Deep water ships load directly at this point, large numbers of cargoes being annually taken. Aside from the ordinary business characteristics found in cities of its size, the location at Mare Island of the United States Navy Yard is to Vallejo a feature of great importance, as it is fair to say that much over half of Vallejo's material prosperity depends on it. The Navy Yard employs from 500 to 1,200 men. Here also is found the Orphans' Home, erected and maintained under the auspices of the Good Templars, which in its workings has proven a noble and comprehensive charity. Ample and frequent communications by ferry, complete postal, telegraph, telephone, and express communication with San Francisco are among the advantages enjoyed by the residents of Vallejo. Its population is 9,000.

VISALIA.

TULARE COUNTY. A post, express, and telegraph town. Reached by S. P. Co.'s Visalia Div. to Goshen, thence by Visalia Railroad 8 miles. Visalia is a well-built, beautiful town, in a great wheat growing and stock raising country. The town is steadily growing, is the county seat, and has a handsome Court House. In Tulare County are the largest trees in the world, some of them measuring forty-six feet in diameter. The land is well watered, and the ranches are doing well. The town has a number of churches, schools, and two live papers. The hotels are good. Visalia is a banking town. Population 2,500.

VOLCANO.

AMADOR COUNTY. A postal and telegraph town, reached by the S. P. Co.'s Western Division to Galt, thence by Amador Branch to Ione, thence by stage 25 miles.

The town is 12 miles from Jackson, the county seat, and has a population of 600 souls. The scenery in the immediate vicinity is picturesque, the water is excellent, and the school is in a prosperous condition. The society is made up of representatives of every nation, the Italian element predominating. Placer, hydraulic and quartz mining is very extensively engaged in, and the precious ore that lies dormant in the solemn but majestic hills, which abound in rich profusion in the neighborhood, is believed to exist in paying quantities. The residents are sanguine of a prosperous future, and are consequently in a contented frame of mind. Freight goes to Ione, and express to Jackson. Volcano is a banking town.

WEAVERVILLE

TRINITY COUNTY. This town, the county seat, is situated in Weaver Basin, on the east side of the creek of the same name, and 5 miles north of its junction with the Trinity.

The basin is a circular inclosure of about 5 miles in diameter, and in early days was mined over its entire surface, large yields having been secured from this territory. The town itself, as is consistent with the character of the county of which it is the capital, is built entirely on ground which has been—and some of which still is—good mining ground, many of the buildings standing upon lots which were worked to the bedrock before they were erected. The construction is mostly of brick, and the residences are mostly adorned with flowers and surrounded by orchards, which are cultivated here successfully.

It is reached by S. P. Co.'s Oregon Division to Delta, thence by daily stage over the mountains through a favorable pass *via* Lewiston to Shasta. The distance to Shasta being about 40 miles, passengers leaving Weaverville in the morning are enabled to reach San Francisco by the evening of the second day. The entire business of the county centers at Weaverville, saving that of Trinity Centre, and the amount of business transacted is far above the ordinary amount handled by communities of this size. The comfort of the traveling public is amply provided for in the two hotels of the place, and the town keeps pace with all other towns of its size in the State by supporting an energetic and thriving paper in the *Trinity Journal*. The public buildings are embraced in the Court House, a Catholic Church and a fine school building erected at a cost of $7,000. The population is 1,000.

WHEATLAND.

YOLO COUNTY. A post, express, and telegraph town on the S. P. Co.'s Oregon Division, 40 miles from Sacramento and 12 miles south of Marysville.

It is dependent upon the products of the exceedingly fertile lands of its neighborhood, which consist principally of wheat and potatoes; and also carries an important business from the mines. Wheatland has a population of about 1,000, being the second largest town in the county. It boasts a large flouring mill, a bank, and three churches, besides a number of extensive business houses.

WILLOWS.

COLUSA COUNTY. A post, express and telegraph town on the S. P. Co.'s Cal. Pac. R. R. Division, 20 miles from Colusa.

The appearance of the town is commanding as, since the fire, there have been added many substantial buildings. It possesses a foundry, machine shop, flouring mill, soda water factory, a large hotel, beautiful railroad buildings, and the largest brick business block in Colusa County. The different secret orders are represented, as well as several religious sects who possess fine church buildings. It has a commodious public school, with competent teachers, a weekly newspaper, the Willows *Journal*, and is a banking town. Population, 1,300.

WILMINGTON.

LOS ANGELES COUNTY. A post, express and telegraph town, reached from Los Angeles by S. P. Co.'s Wilmington Division, 22 miles, also by P. C. steamers. It is the principal shipping point in the county, although the harbor is not accessible to large vessels, which are compelled to discharge by lighters from San Pedro, 2 miles below. A breakwater, constructed recently, has considerably facilitated shipping. Los Angeles is its nearest banking town. Population, 900.

WOODBRIDGE.

SAN JOAQUIN COUNTY. A post, express and telegraph town, reached by S. P. Co.'s Western Division to Lodi, thence by S. J. & S. N. R. R., 3 miles. There is a beautiful drive between the two towns, firm and dry throughout the entire rainy season. It has a good school, fine hotels, flour-mill and well-supplied stores. The San Joaquin College, under the control of the United Brethren, has added considerably to the importance of the town. Freight is addressed to Lodi. Stockton is its nearest banking town. Population, 150.

The Pacific Electric Pad Truss Positively Cures Ruptures. Pacific Electric Co. 330 Sutter St., S. F. Price $10

Excelsior Windmill, THE BEST. It is a positive SELF-REGULATOR; it has less working parts; it is Direct Acting; it is offered at as low a price as inferior Mills. H. H. Bodwell & Son, S. F.

DYNAMITE, or Giant Powder. The Only Reliable High Explosive. Bandmann, Nielsen & Co., General Agents, S. F.

WOODLAND

YOLO COUNTY. This town, the county seat, is pleasantly situated a little southeast of the center of the county, reached by S. P. Co.'s Cal. Pac. R. R., 85 miles from San Francisco, and 21 from Sacramento. Besides being the capital, it is also the commercial metropolis of the county, possessing as it does fine public buildings, a magnificent public square and many solid business blocks. It is a busy town, almost every line of business being represented. In its educational interests the city possesses, besides its finely organized public school system, an excellent institution for advanced education in the "Hesperian College," erected in 1861. As an additional evidence of the progressive character of the city and county, the fact that here are to be found two well supported daily journals, is deemed sufficient. These papers, the *Yolo Mail* and the *Democrat*, are both sparkling and energetic sheets and enjoy a good circulation.

The Woodland Opera House is one of the largest and most commodious theaters in the State. Seats 1,000. It possesses all of the appurtenances of a first-class establishment.

The town has also a good fire department, an efficient system of water works, and complete postal, express, telegraph and banking conveniences. Freight goes direct. Population, 3,500.

YOLO.

YOLO COUNTY. A post, express and telegraph town on S. P. Co.'s Cal. Pac. R. R. Division. It was formerly known as Cacheville, and was at one time the county seat. It is about 5 miles northwest of Woodland. Its interests are entirely agricultural and a fair business is done; as is natural, however, its close proximity to Woodland makes it subsidiary to that place in its mercantile and grain shipping trade. Woodland is its nearest banking town. Population, about 400.

YREKA.

SISKIYOU COUNTY. A post, express and telegraph town, reached by S. P. Co.'s Oregon Division to Delta, thence by daily stage 115 miles. This city, the capital of the county, is situated on the west bank of Yreka Creek, in the western part of Shasta Valley. It is 431 miles from San Francisco and 350 miles from Sacramento. The route of the California and Oregon Stage Line passes through Yreka, where the headquarters of the company are located, and necessarily pays some considerable tribute to the business interests of the city.

The town was settled in 1851, the precious dust found in many of the gulches and streams of Shasta Valley attracting many of the argonauts of that day to this locality. The town consequently ranks as the oldest in northern California. The ephemeral prosperity of that era was exhausted with the working out of the placers which gave it its original attraction, and its subsequent history and development is the creation of the steadier element which remained behind after the adventurous portion had been drawn away by new discoveries. Under the steadier influence of this remnant, with the accretions in population made by new-comers of like character, there has been a gradual growth in the surrounding farming country, until now, in this vicinity, no interests outside of agriculture are considered as of great importance—the rich, fertile farming and grazing lands of Shasta Valley furnishing ample opportunities, and the progress of this improvement only awaits the advent of through railroad connection to be assured of material increase in its ratio. The altitude of Yreka is about 2,500 feet above the level of the sea, but the climate is mild, without extremes of heat or cold, and remarkably healthy and invigorating. All fruits of the temperate zone grow to perfection, and the abundance of roses and vines which adorn the residence portions of the town is evidence sufficient of the fertility of the soil and the geniality of the climate, while the generally substantial character of its buildings, both for residence and business, is evidence of the permanent character of her citizens. In her business composition Yreka has and maintains her full proportion of trading, mercantile, mechanical and manufacturing interests, although in the last item her development is scarcely begun, as she possesses in the waters of Yreka Creek a power sufficient to drive almost an unlimited amount of machinery. In hotel accommodations she is fully equipped, and the demand for the dissemination of news and general information on the part of her citizens is met with by the publication of the Yreka *Semi-Weekly Journal* and the Yreka *Weekly Union*, two enterprising and flourishing newspapers, fully alive to the demands of the city both present and prospective.

Yreka is a banking town of about 2,000 inhabitants.

NEVADA.

See also List of Towns Received too Late for Regular Insertion.

THE Silver State, situated between latitude 35° and 42° north and longitude 114° and 120° west, bounded on the north by Oregon and Idaho, on the east by Utah and Arizona, and on the west and southwest by California. Its area is 109,740 square miles, and population at last census 62,266.

The general surface of Nevada is table-land of an average altitude of 4,500 feet above sea level, traversed at regular intervals from north to south by mountain ranges, rising from 800 to 1,000 feet higher, giving the table-lands the appearance of valleys, varying in width from 5 to 25 miles and extending in many cases far over 100 miles, unbroken, save at rare intervals, by a projecting butte or spur; and where the mountains disappear or contract, these valleys unite with others or expand into vast plateaus, some of which are entirely unobstructed, while others are studded with buttes and rugged hills. These vast plateaus are covered for the most part with bunch-grass, affording excellent pasture for the enormous herds of cattle for which Nevada is famous. The valleys are more and more being brought under cultivation, and excellent fruit and vegetables are produced.

The chief interest of the State has been silver mining, but the depreciation in value of that metal, combined with the cost of working the great Bonanza Mines and the shutting down of the United States Mint at Carson, has considerably weakened this industry. There has, however, lately been a revival on the Comstock, and it may be that in the future silver again will be king.

Stock raising has always been an important feature of Nevada, and the cattle raised there command a higher price in Eastern markets than from any other State. Wool producing is also an industry of importance, that staple holding its own against wool from any other district.

The rivers of the State are small, none navigable, and frequently disappear altogether in sinks or sloughs, sometimes reappearing again miles from the point of disappearance.

The population of Nevada is cosmopolitan, and from the intercourse of different nationalities the rising generation are imbued with liberal, progressive ideas. The schools are superior and well attended, and the public institutions compare well with States which have had better opportunities than Nevada.

The railroads of the State are the Virginia and Truckee, from Reno on the S. P. Co.'s Truckee Division to Virginia, 52 miles; the Carson and Colorado, from Mound House on the V. & T. to Keeler, Inyo County, California, 293 miles; the Nevada Central, from Battle Mountain on the S. P. Co.'s Truckee Division south to Austin, 93 miles; the Eureka and Palisade Railroad, from Palisade on the S. P. Co.'s Truckee Division to Eureka, 90 miles, and the Nevada and Oregon Railroad, from Reno to Oneida, 30 miles, while the S. P. Co.'s Pacific System traverses the State from east to west.

Truman, Isham & Hooker, 421-427 Market St. Agricultural Implements, Wagons, Steam Engines.

AURORA.

ESMERALDA COUNTY. A post and express town, reached by the S. P. Co.'s Truckee Division to Reno, thence by V. & T. R. R. to Mound House, thence by C. & C. R. R. to Hawthorne, and stage 20 miles. Aurora is the county town of Esmeralda County and has a fine Court House, jail, school house and two public halls, Masonic and Odd Fellows. It is also a mining center of some importance.

The following promising mines are located near the town and destined to increase its population very much in the near future: The Cortez Mine, opened one year ago, has a large body of good ore in sight; a milling test of 97 tons yielded $9,270. The Lewis Consolidated shows a rich vein of ore which gives great promise. The Humboldt West, the Centennial, the Thanksgiving and Silver Hill Mines are being opened with very flattering prospects, and, no doubt, with the outlay of capital, Aurora will again become an important and prosperous mining town. It receives freight from Hawthorne, which is also its banking town. Population, about 350.

AUSTIN.

LANDER COUNTY. A post, express and telegraph town, reached by the S. P. Co.'s Truckee Division to Battle Mountain, thence by Nevada Central, of which line it is the southern terminus. The county seat of Lander County was the outgrowth of the mining excitement in the Reese River District and dates its existence from '63. Three years after, it had grown to a city of 6,000 inhabitants, but since the abatement of the mining excitement, it has settled down, and is now a steady-going town, enjoying a solid trade, with fine, handsome buildings such as places of greater pretensions cannot boast of. Its schools are good and the religious denominations are all represented. The town has a daily newspaper, the *Reese River Reveille*. Austin is a banking town. Population, 2,000.

BUNKERVILLE.

LINCOLN COUNTY. A postal town reached from Palisade on the S. P. Co.'s Truckee Division by E. & P. R. R. to Eureka, thence by stage to Pioche. The town of Bunkerville is situated in the southern part of Lincoln County on the Virgin River about 50 miles from its junction with the Colorado. It was settled in 1877. It has mail communication three times a week.

Farming is the chief occupation, though the land is not very productive and requires irrigation. The weather is exceedingly warm in summer. Freight goes to Elko *via* Palisade, and Pioche is its nearest express and banking town. Population, about 100.

CARSON CITY.

ORMSBY COUNTY. A post, express and telegraph office. The capital of the State of Nevada; is situated on Virginia and Truckee R. R., 31 miles from Reno, 21 miles from Virginia City and about 15 miles from the Mound House, connecting with the Carson and Colorado R. R. to the southern part of the State and Colorado.

Public buildings are the State Capitol, United States Mint (lately discontin-

MORETTI & TREZZINI, Fresco Painters, Phelan Building.

CABINET WOODS and VENEERS. 133 Spear. John Wigmore.

MULLER'S OPTOMETER. THE ONLY RELIABLE INSTRUMENT for Testing Defective Vision. MULLER'S OPTICAL DEPOT.

ued) State Prison, and Orphan Asylum. There are three good hotels with fine accommodations and moderate charges for the weary traveler. J. M. Benton is the proprietor of a daily stage line to Lake Tahoe, connecting with steamer to all points on the lake.

The celebrated Hot Springs, about 2 miles from the city, have fine bathing facilities and are well patronized at home and by people from abroad. These springs are increasing in popularity. The water is noted for its curative properties in cases of rheumatism and skin diseases. A free hack conveys parties to and from the Springs hourly. There are excellent accommodations for guests at the Springs. The State Prison is about two miles from the depot of the Virginia and Truckee R. R., where at the quarry of the former, footprints of mammoth birds have been found and have attracted the attention of scientific men who have visited the place and taken casts for study and investigation. The extensive machine shops of the Virginia and Truckee R. R. are located here and give employment to a large number of men.

The United States Court is held at Carson. It has four churches, Episcopal, Presbyterian, Methodist and Catholic. Public schools, two large and commodious buildings—the Central and South—containing the different class grades, are well attended. A great deal of wood and lumber is conveyed in flumes from Lake Tahoe. The Comstock is principally supplied from this source. There are three daily papers published here, the *Nevada Evening Tribune*, the *Morning Appeal*, and the *Evening Bee*. There is considerable good farming land in the county and about the city of Carson which is being improved by settlers, and will erelong be the home of many thrifty farmers. Carson is a banking town of 4,000 inhabitants.

ELKO.

ELKO COUNTY. A post, express and telegraph town on the S. P. Co.'s Salt Lake Division, 558 miles from San Francisco.

The county seat. Is beautifully situated on a natural esplanade, with a good system of wagon roads leading into Idaho and northern Nevada. It is the shipping point for the products of these districts. It is also the site of the State University and has a banking establishment, which is the only institution of its kind between Reno and Ogden, a daily paper, a large and commodius hotel and other institutions incident to a town of its size. The altitude of Elko is 5,063 feet. Population 1,200.

UTAH TERRITORY.

See also List of Towns Received too Late for Regular Insertion.

THIS Territory extends from the 37th to the 42d parallel of north latitude, and from the 109th to the 114th degree of west longitude, containing a superficial area of about 65,000 square miles, with a population of about 130,000 whites, Indians and Chinese. At present most of the land under cultivation, and the meadow lands, are around the lake and in the neighboring mountain valley, and are very productive when irrigated, grain, fruit and vegetables maturing readily and yielding large returns. Rich veins of gold, silver, coal, iron, copper, zinc and antimony and nearly all the metals found in the "Great West," exist in Utah. Fish culture has, since 1874, been receiving some attention, and a fish farm is located a few miles from Salt Lake City. Utah was first settled in 1847. On the 24th of July, the advance guard of the Mormon emigration, numbering 143 men, entered Salt Lake City. On July 31, great Salt Lake City was laid out, and in 1848 it was ceded to the United States.

The summers are warm and dry, the winters mild and open. The fall of snow is light in the valley and heavy in the mountains. Vegetables of all kinds grow astonishingly large. Timber is not very plenty, it being only found in the mountains and difficult of access.

OGDEN.

WEBER COUNTY. A post, express and telegraph town, situated on the eastern terminus of the S. P. Co.'s R. R. and western terminus of the Union P. R. R. to northern terminus of the Utah C. R. R. The distance from Omaha is 1,032 miles, from San Francisco 833 miles, and from Salt Lake 36 miles. Elevation, 4,300 feet.

Near the station building are the depots of the Utah C. & U. N. R. R. The city of Ogden is situated one mile east from the depot, at the mouth of the Ogden Canyon. This is the county seat of Weber County and has a population of 6,068. Has amply provided itself with all needful county buildings. The houses are mostly built of brick and many of them fine specimens of architectural skill. Its schools are numerous and well attended, while all the religious sects are represented.

The waters of the Ogden River are conducted through the streets, and used in the gardens and fields for irrigating, the result of which is that the city is one great flower garden and forest of fruit and shade trees. Ogden, with its railroad and manufacturing facilities, has a bright future before it, and is destined to become a city of importance.

Truman, Isham & Hooker, 421-427 Market St. Buggies, Carriages, Dennett Jump Seats sold to the Trade.

SALT LAKE CITY.

SALT LAKE COUNTY. A post, express and telegraph office. It is the metropolis and capital of the Territory, the county seat of the county bearing the same name, situated on the U. C. R. R., 37 miles from Ogden. The streets are wide, bordered with shade trees, and laid out at right angles. Along each side of the street is a clear, cold stream of water from the mountains, which, with the numerous shade-trees and gardens, give the city an indescribable air of coldness, comfort and repose.

The city contains a population of 25,000. It contains some as fine business blocks, hotels and private residences as can be found in any city west of the Missouri. Beside the Mormon churches, nearly all other denominations are represented in the city, some having very creditable congregations. The hotels are all under the management of efficient landlords, and are good in every respect. The hot springs is another feature of the city that desires special notice. The temperature of the water as it comes from its subterranean home is 102 degrees Fahrenheit. The water is strongly impregnated with sulphur, and for bathing purposes is very valuable.

The city, as will be inferred, takes its name from the great inland sea, which is but a short distance from the suburbs, and from whose water salt is taken in vast quantities.

IDAHO.

See also List of Towns Received too Late for Regular Insertion.

Is bounded on the north by Montana and British America, on the east by Wyoming, on the south by Utah, and on the west by Oregon and Nevada. Idaho was organized in 1863, at which time it included that vast territory now called Montana.

The general character of the Territory is mountainous, like Nevada. Unlike Nevada, however, the ranges do not run in regular lines, but are scattered throughout the State, their spurs forming extensive table-lands covered with nutritious grasses, the natural grazing grounds of the immense herds of stock that are being raised in the Territory. The valleys for the most part are covered with sage brush. The soil is rich, and where irrigation is possible produces fruitfully.

The Territory is well watered by rivers and streams. Snake River, which traverses the Territory from northwest to southwest and from southwest to east is navigable for a distance of 230 miles from the Columbia River southeast. Salmon River, a branch of Snake River, crosses the Territory from east to west, watering and making fertile the valleys through which it flows. There are besides a great number of minor streams and several larger lakes which are well stocked with fish of various kinds, trout of fine quality being numerous.

Beside the cereals the culture of the hardy kinds of fruit has become an interest of some importance in Idaho, and apples, pears, plums and the different varieties of stone fruits are raised to great advantage, but the territory susceptible of cultivation being, in a measure, limited, this industry will probably not assume any great dimensions, while stock raising, for which the country is particularly adapted both in climate and in natural grazing facilities, will continue to increase year by year and become a factor in the problem of providing for the wants of the worlds daily increasing population.

Idaho is also rich in mineral wealth, and several mines, notably those of Pend d'Oreille, Cœur d'Alene and Oro Fino, are being worked to good advantage, and their reputation is a bait which draws into Idaho a never-ceasing flow of immigration, which promises well for the future of the State.

ALBION.

Cassia County. A post and express town reached by S. P. Co.'s Salt Lake Division to Kelton, Utah, thence by daily stage 40 miles. It is the county seat of Cassia County. Stock raising is the principal interest of the place. Freight goes to Kelton; Logan is its nearest banking town; population, 50.

MONTANA TERRITORY.

See also List of Towns Received too Late for Regular Insertion.

LYING between latitudes 44°15′ and 49° north and longitude 104° and 116° west. It is bounded on the north by British America; on the east by Dakota, and by a short distance along the 111th meridian by Wyoming; on the south by Wyoming and Idaho; on the west by Idaho. Its length, east and west, is 540 miles, and its average breadth is 275 miles, making an area of 145,776 square miles.

This Territory is generally considered solely as a mining country. At one time it possessed excellent placer mines and gulch diggings, but they have been to a great extent worked out, and mining is now mostly confined to quartz, some of which yields rich returns.

The agricultural and stock raising resources of Montana are of great importance.

The valleys of the Montana, Madison, Gallatin, Yellowstone, and many other rivers, possess the very best of farming and grazing land, in tracts sufficient to support a large population.

The N. P. R. R, which runs the entire length of the State, from east to west, has opened up an immense tract of new country which is being rapidly settled.

BOZEMAN.

GALLATIN COUNTY. A post, express and telegraph town on the N. P. R. R. 98 miles east of Helena.

A large and flourishing city on the East Gallatin River, which furnishes water power for the city. In the surrounding district are large coal mines, and gold, silver, iron and copper deposits are to be found near by. The Gallatin Valley is one of the most fertile regions of Montana, and here crops of wheat, rye, oats and barley are raised by irrigation. It is well supplied with excellent schools, has two newspapers, the *Chronicle*, daily and weekly, and the *Avant Courier*, weekly, an opera house and seven public halls. The hotel accommodation is good, and the financial interests of the community are looked after by three banks. Population, 3,000.

BUTTE CITY.

SILVER BOW COUNTY. A large and prosperous town on the U. P. R. R. Utah and Northern Division, the county seat of Silver Bow County, and the principal city of Montana.

One of the most important mining centers of the world, over 500 mines are in active operation, with paying results, and keeping constantly at work nine quartz-mills and four smelters, giving employment to over 3,000 men, with a pay-roll amounting to over $600,000 a month. The city was settled in 1864, but its growth was very slow until mining commenced, ten years later. Since then it has continued to grow steadily in population, importance and wealth. The county has lately erected there a substantial Court House and jail; the city has three banks and two opera houses, with a seating capacity of 800 and 1,000 respectively, six churches, and three public schools, which are well attended. All branches of trade incident to a city of its size and importance, can be found in Butte. It has two daily newspapers. The city is supplied by water from extensive water works under the control of the city. Population, 15,000.

Milot H A, gen mdse

DEER LODGE CITY.

DEER LODGE COUNTY. A post, express and telegraph town, the county seat, situated on the U. N. Division of the U. P. Ry., 443 miles north of Ogden. It is a busy, thriving, agricultural town, and the central point for Deer Lodge Valley, the most fertile region in Montana.

Located here are the Territory penitentiary and insane hospital, Montana College and St. Mary's Academy. It has a theater, churches, schools, and one weekly newspaper, the *New Northwest*. Shipments are grain, wool and hides. All kinds of large game and mountain trout are abundant.

The first discovery of gold made in Montana Territory was in Deer Lodge County. The placer mines have been the most extensive and profitable within the last year, yielding abundance of gold. The quartz mines are good, but will require development to attract attention of capitalists to secure their proper working. It is a banking town, and has a population of 1,350.

FORT BENTON.

CHOTEAU COUNTY. A post and express town, reached from Helena or Billings on the N. P. R. R., thence by stage 142 miles. Freight direct *via* Missouri River steamers. The county seat of Choteau County, and at the head of the navigation of the Missouri River. It was named after the distinguished senator from Missouri. Its location is beautiful, being on one of the low bottoms bordering the river, and has more business transacted in it than any other town in Montana, or in the United States, of its size. Its shipping facilities make it the receiving and distributing point for a large section. It is a banking town, and has a population of 2,000.

HELENA.

LEWIS AND CLARKE COUNTY. The capital of Montana, and the commercial and financial metropolis of the Territory.

Helena is the center of a mineral district, unsurpassed for the number and richness of its gold and silver-bearing lodes. Besides gold and silver, veins of galena, copper and iron ore are found in great numbers. The completion of the Northern Pacific Railroad, providing cheap transportation to Eastern markets, of ore and bullion, will stimulate investment, and capital will flow into Montana for the development of its various industries.

Helena has all the branches of business usually found in a city of its size. It has a fine opera house, seating 12,000 people, two public schools, two daily newspapers—*Herald* and *Independent*—with weekly editions, four national banks and a goodly number of hotels; the religious denominations are all well represented. The city has altogether an air of intelligent prosperity. It is lighted with electric light, and has all the postal, telegraph and express facilities found in a large city.

Helena is famous for its fine crops. The mountains are covered with bunch grass and good timber, and are excellent stock ranges. Population, 8,000.

MILES CITY.

CUSTER COUNTY. A postal, express and telegraph town, situated on the N. P. R. R., 385 miles east of Helena. The county seat of Custer County; is on the Yellowstone, at the mouth of the Tongue River. It has three hotels, five churches, two banks, a Court House, two daily and weekly newspapers, Miles City *Press* and *Yellowstone Journal*, two school buildings, two saw-mills, a brewery and thirty stores. A Government land office is located here. Products are oats, wheat, corn, barley, and potatoes. Shipment, stock and feed. Game, buffalo, deer, antelope, bear, duck, grouse, mountain sheep, and sage-hen. Lignite coal mines in active operation. Tri-weekly stage to Deadwood. Miles City is a banking town, and general business point of large areas of cattle country both north and south of the Yellowstone River. Population, 3,000.

MISSOULA

MISSOULA COUNTY. A post, telegraph and express town on the N. P. R. R. 130 miles from Helena. County seat of Missoula County. Since the opening of the N. P. R. R. this town has made rapid progress and is fast becoming of importance. The means taken to develop the mining and agricultural section, by which it is surrounded, together with the impetus given by railroad communication, has brought the town to the front among the principal towns of Montana. Population, 2,000.

OREGON.

See also List of Towns Received too Late for Regular Insertion.

Is situated between the parallels of 42° and 46° 18′ north latitude and between the meridians of 116° 33′ and 124° and 25′ west from Greenwich. It extends north and south about 300 miles and 350 miles east and west, and contains an area of 95,274 square miles, or over 60,000,000 acres. It is bounded on the north by Washington Territory, on the east by Idaho, on the south by California and Nevada and on the west by the Pacific Ocean.

Oregon is traversed from north to south by three great mountain ranges. The Coast Range, much broken and generally densely wooded with fir, cedar, and pine, extends along the immediate coast, ranging from 3,000 to 5,000 feet. The Cascade Mountains traverse the State nearly parallel, and about 100 miles distant from the coast, and are covered with thick forests of fir and spruce. The Blue Mountains extend in a northeasterly direction, the foot-hills of the northwest slope being excellently adapted to grazing, wheat and fruit growing.

The Columbia River, the largest of this region, which, with its main tributaries, drains an area of more than 275,000 square miles. The Columbia receives the Willamette a little over 100 miles from the sea and flows north through the central portion of the famous Willamette Valley. It is navigable for ocean steamers to Portland, Oregon City, Eugene City, and as far as Salem at low stages of water. In the fertile valleys and foot-hills watered by this river and its branches, the present population and most important cities, towns, and industries in Oregon are located. The Snake River, the next largest affluent of the Columbia, is navigable from its mouth, at Ainsworth, over 150 miles, to Lewiston, Idaho. The principal rivers which flow into the Pacific Ocean are the Rogue, Coquille, Nuppqua, Sluslaw, Alsea, Yaquina, Siletz, Nestuggah, Tracks, Wilsons, and Nehalem.

Western Oregon possesses a climate of remarkable equability, the winters being warm and moist, and the summers cool and dry. The thermometer rarely falls to zero in the winter and as rarely reaches 85° at midday in summer. Rains are frequent during the winter season, but are generally light. But little snow falls, except upon the mountains, which speedily disappears. In the eastern section the thermometer is much higher in summer and lower in winter than in the western section. The heat at times is great, but not so oppressive as at a much lower grade in the Eastern States, and the nights are remarkably cool and pleasant.

The soil is remarkably rich, easily cultivated and very fertile, ordinary cultivation resulting in abundant crops. Wheat is the principal agricultural product of the country, the berry is full and heavy, there being practically no limit to the quantity which may be produced. Oats yield heavily and are exported largely. Rye and barley are also profitably cultivated. Corn flourishes in southern Oregon, but the average summer is too cool for this cereal in the northern section. Hops are a very important product; they are grown on the river bottom land. The principal gardens are in the Willamette Valley, Oregon, and in the Puyallup and White River Valleys on Puget Sound and in Yakima County, east of the Cascade Mountains. Flax also grows to perfection. Vegetables of every variety and of the finest qualities are produced. Melons and tomatoes flourish best east of the Cascade Mountains. Fruits of delicious flavor and remarkable size and beauty are grown. Strawberries are often ripe by the first of May.

SAMM & CO., Manufacturers of and Dealers in Flour, Feed, Grain, and Meals OF ALL KINDS, OAKLAND, CAL.

It is scarcely possible to express the extent and value of the forests of Oregon. The finest body of timber in the world is embraced between the Columbia River, Pacific Ocean and Cascades.

Oregon possesses superior advantages for successful cattle raising. The eastern portion is most favorable for large herds. The bunch grass pasturage for stock affords all the elements of nutriment necessary for muscle and flesh. The animals fed on this bunch grass are well rounded, hard, and solid in flesh.

The mineral wealth of Oregon is large and diversified. Not only are the precious metals obtained, but coal, iron and other useful minerals exist in lavish quantities at many points throughout the country. Immense beds of semi-bituminous and lignite coal are known to underlie many parts of the region.

The waters of Oregon abound in fish, of which many varieties are of great commercial value, particularly with regard to salmon on the Columbia River, where the business of salmon packing is one of the principal industries. Sturgeon of immense size are found at the mouths of all the larger rivers. Oysters and clams are taken in the bays. Whales and seals are also found along the coast. The streams that enter the Puget Sound, and those which flow into the Columbia, furnish abundant and permanent water power for all the machinery that can ever be required. To all these considerations must be added the well established fact that the country, possessing a bland and equable climate, is remarkably healthy.

ADAMS.

UMATILLA COUNTY. A postal town, reached from Pendleton on the Pendleton and Baker City Line, by daily stage, 13 miles northeast of Pendleton, the county seat, nearest railroad station and banking town. It contains a feed, planing and grist-mill, the principal shipment being grain. Population, 75.

ALBANY.

LINN COUNTY. A post, express and telegraph town on the O. C. R. R. (East Side), 79 miles south of Portland. The county seat of Linn County, situated on the Willamette River, which is navigable up to this point. It is well supplied with excellent schools and churches of all denominations; the center of a rich farming country, which produces all the cereals in abundance. Fruit of all kinds except peach is raised in large quantities. In the city itself considerable manufacture is done, power being supplied by the Albany and Santiam Canals, 15 miles long, brought from the River Santiam, which also furnishes supplies for the city water works. It has two weekly newspapers, the *States Rights Democrat* and *Albany Herald;* a bank, and all the other accessories of a large and properous city. Population, 3,000.

sented by twenty-four canneries. There are also gas works, three large and several small hotels, one private bank, two public halls, one hundred stores, one daily and one weekly newspaper, the *Astorian* and *Independent*, four school buildings, six churches, two breweries, one tannery and one saw-mill. The surrounding country is densely covered with hemlock, fir, Oregon pine and spruce. The soil, cleared of the timber, is good. Logging is also carried on extensively on all sides within 20 miles. Salmon is shipped to Liverpool, San Francisco, and points East. Elk, bear and deer are found in the hills. Astoria is becoming a summer resort for people in the interior. Population, 5,500.

WORMAN & LYNCH,
PROPRIETORS,
Would respectfully inform the public that we have a fine stock of
Horses, Buggies and Carriages
And we are prepared to furnish our patrons and the public generally with fine Turnouts as can be had on the Pacific Coast. Saddle horses hired to go to any part of the county. Animals bought and sold. Horses broke to work single or double. Horses boarded and the best of care bestowed upon them while in our charge. A liberal share of the public patronage is solicited on reasonable terms.

PORTLAND.

MULTNOMAH COUNTY. A post, express, and telegraph town, on the O. & Cal. R. R. It is the commercial metropolis of the Pacific Northwest, and the county seat of Multnomah County.

The city is situated on the Willamette River, 12 miles above its confluence with the Columbia. Portland's growth and progress are based upon the solid foundation of natural advantages of position. Its site is so admirable that the limits of the city may be extended on every side. It lies in the very heart of a great producing country, which has no other outlet, and for which it must serve as a receiver and distributer of exports and imports. At no other point in the Pacific Northwest are these manifest superiorities offered.

In this connection it may be remarked that the navigation of the waters of the Willamette and Columbia Rivers is only made difficult by obstructions that may be removed by a comparatively small annual outlay upon the bars and shoals. From Portland, elegant passenger steamships sail to San Francisco and Puget Sound, British Columbia, and Alaska, and steamboats run to points on the Willamette, Columbia, and smaller rivers. From every direction in the Pa-

Orders for Jewelry, Clocks, or Silverware CAREFULLY ATTENDED TO AT Jelly's, 422 J Street, Sacramento.

cific Northwest the railroads lead to Portland, making the city the grand terminus of a system which will completely develop the entire region.

The streets of Portland are wide, regularly laid out, well paved, and well lighted. The buildings of the business thoroughfares would do credit to any city, and the same may be said of many of the churches, the post-office, custom house, and other public edifices, as well as private residences.

There are public and other schools of various grades, a large library, nine banks, all reliable institutions, and the press is represented by the *Standard* (weekly), the *Oregonian* (weekly), the Portland *News* (weekly), the *Telegram* (evening daily), the *Chronicle* (evening daily), the *Catholic Sentinel*, the *Christian Advocate*, the *New Northwest Woman Suffrage, Mercury, Welcome* and several others.

The hotel accommodations are excellent. There are three public places of amusement, Haverley's Theater, the Elite Variety and Tivoli, four lines of street railway, water works, gas, manufacturing establishments, telegraphic communication with all parts of the world, and immense wholesale and retail business, and, in fine, all the features of a flourishing, modern city.

Wheat is shipped to Europe in large quantities. Other articles of ocean commerce are wool, hides, lumber, and canned salmon. Population, 20,500.

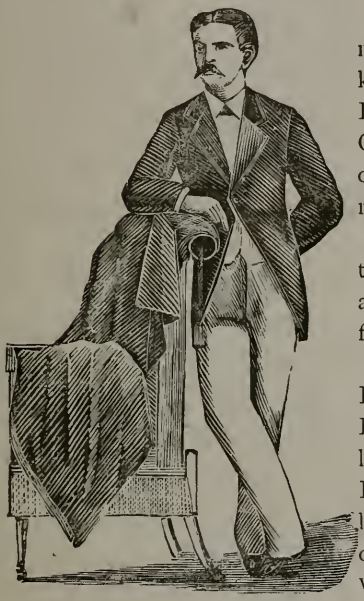
HENRY J. WHITE,

Merchant Tailor,

No. 203 First Street, near Taylor, Portland, Oregon.



As I am continually receiving ALL my goods direct from the Eastern Markets, they are of the latest Styles and Patterns of Cloths, comprising Tweeds, Chevots, Cashmeres, etc., also, Chinchillas, Petershams and other desirable materials for overcoats.

It is my purpose, as I have the goods to do it with, to make suits cheaper and of better value than has been offered in Oregon before.

I will make up in the MOST FASHIONABLE STYLES, at FAR LOWER PRICES than the people of Portland have been in the habit of paying. I am determined that mine shall be as low as San Francisco prices. Chothes can be made quite as cheap and as well here as there.

LOOK AT MY PRICES.

Fine Business Suits	**$20.00**
Fine Dress Suits	**32.50**
Genuine French Beaver Dress Suits, warranted	**45.00**
Fine Business Pants	**5.00**
Fine Imported Diagonal Pants	**10.00**
Fine Chinchilla Pea Jacket and Vest (colors warranted)	**22.50**
Fine Chinchilla Overcoats	**23.00**

Call and be convinced that I positively do as I agree to do.

SALEM.

MARION COUNTY. A post, express, and telegraph town on the O. & C. R. R., 52 miles southwest of Portland. It is the State capital and county seat of Marion County; is beautifully located on the Willamette River, with as good water accommodations as there are in the State. The State prison is located here. It has first-class hotels, one national and one private bank, an opera house, more than fifty mercantile establishments, three newspapers, *Oregon Statesman* (daily and weekly), *Talk* (daily and weekly) and the *Oregon Vidette* (weekly), four public schools, and fifteen to twenty churches. It has two flouring mills and one grist-mill. Two small iron foundries and one large stove foundry being erected at the prison, will employ all the convicts, and turn out one or more car loads of stoves per day. It is surrounded by fine agricultural country, producing wheat, oats, barley, hay, rye, corn, potatoes, and all kinds of vegetables and fruits. Flour is the principal shipment, also fish, salmon and trout. Population, 6,000.

WASHINGTON TERRITORY.

See also List of Towns Received too Late for Regular Insertion.

THIS Territory lies between the parallels 45° 32′ and 49° north latitude, and the meridians of 117° and 124° 8′ west longitude from Greenwich. On the west it is bounded by the Pacific Ocean; on the north by British Columbia; on the east by Idaho; on the south by Columbia River to about the 119th meridian, and thence, eastwardly, the 46th parallel separates the Territory from Oregon. The length of Washington Territory from north to south ranges from 200 to 250 miles, and its greatest breadth from east to west is 360 miles. Its coast length is 245 miles, and its full shore length 1,738 miles, having an area of 95,375 square miles, or 64,000,000 acres. Of these 20,000,000 acres are timber land. About 5,000,000 acres are rich alluvial bottoms, and 10,000,000 acres are prairies and plains.

The Cascade Mountains divide the whole Territory into two unequal parts.

The climate of Washington Territory is of remarkable equability. There is, however, a great dissimilarity in the climate lying west of the Cascade Mountains and those east of them. The climate of Western Washington is somewhat remarkable, the winters being warm and moist and the summers cool and dry. East of the Cascade the winters are cooler and summers warmer. The soil is rich, easily cultivated and very fertile. East of the Cascade the soil is of a dark loam. The constituents of this soil adapt the land peculiarly to the production of wheat, which results in abundant crops. Most of the fruit is raised in the low lands in great perfection. Peaches, pears, plums, and berries of fine flavor are produced.

Hops are also a very important product, growing on the river bottom land in abundance. Flax also grows in large abundance. Vegetables of every description are raised in abundance, and of the finest qualities. It possesses superior advantages for cattle raising. East of the Cascade, numerous acres of pasture land, producing the nutritious bunch grass, make the eastern portion the most favorable for large herds. Immense droves are raised, and from 150,000 to 200,000 head of cattle are sold every year.

The mineral wealth of Washington is large and diversified. The precious metals and other useful minerals exist in lavish quantities.

Vast forests of unequaled timber furnish material for building. Lying west of the Cascade Range, the timber is inexhaustible, and a lumber trade, already immense, is destined in the near future to reach colossal proportions.

PALOUSE.

WHITMAN COUNTY. A post, express and telegraph town. Reached from Colfax, 17 miles east, the nearest point on the O. R. R. & N. Co. It is situated on the banks of the Palouse River.

It has a fine water power and good flouring mill. It is a place of considerable importance to the whole country, especially on account of its lumbering interests. In this branch of industry it leads all the towns in eastern Washington Territory. It has every facility for getting logs, and is so situated that it is easy of access to all this region of country. There are already three fine saw-mills here, which have a cutting capacity of about 6,000,000 feet annually. The churches, school houses, hotels, store houses, and many of the dwellings are permanent, handsome structures. A good wide-awake newspaper, the Palouse *News*, makes its exit from this place. Its population is 600, and its growth is rapid.

SEATTLE.

KING COUNTY. The county seat of King County, reached by rail and steamer from Tacoma. It has a perfectly sheltered harbor, deep water and good anchorage. The suburbs of the city are indented by Lake Union, fresh water, about eleven feet above high tide, in Puget Sound, and also by Lake Washington, a deep, fresh water reservoir, four miles by twenty, and eighteen feet above high tide, in Puget Sound. Has excellent schools, and is the seat of the University of Washington Territory, has churches of all denominations, two daily and three weekly newspapers.

It is a great coal center, besides shipping a large quantity of timber. The surrounding country is particularly fertile and produces vegetables, potatoes and the hardy fruits in abundance. It has all the postal, telegraphic and express facilities of a large town. Population, 10,000.

TACOMA.

PIERCE COUNTY. County seat of Pierce County. It is situated on Commencement Bay, and has an excellent harbor. The place is fast increasing in population and importance. Railroad shops and boiler works give employment to a large number of men. The chief business streets are solidly built, and many of the stores do a large wholesale trade. It has numerous hotels, 3 banks, 2 public halls, 130 stores, 2 daily papers, the *Ledger* and the *News*, and 3 weekly, the *Ledger*, the *News* and the *Die Wacht and Sunde*, 2 schools, and numerous churches of various denominations. It has several carriage factories, sawmills, flouring mills, etc. The coal mining interests are considerable. There is much good farming land tributary to Tacoma, between the Puyallup and Nisqually Rivers. It is the terminus of the N. P. R. R. on Puget Sound, as well as the C. Division leading to the coal fields at South Prairie, Wilkinson, and Carbonado. An Emigrants' Home has been established, under the charge of the N. P. Co., and will furnish free lodgings to intending settlers until they find permanent locations. Population, 5,000.

WALLA WALLA.

WALLA WALLA COUNTY. Walla Walla, a city, is the county seat of Walla Walla County, Washington Territory, situated in the valley of the Walla Walla River, 32 miles east of Columbia River and 220 miles east southeast of Olympia, and 610 miles from San Francisco. Population, locally estimated, is 4,500, the surrounding country being regularly laid out and climate mild. The Walla Walla and Columbia Rivers connect with the Oregon Steam Navigation Company's boat, on the Columbia River for Portland, to which considerable shipment of grain, fruit and cattle is made. A line of mail stage connects with the C. P. R. R. at Kellion, Utah, 358 miles southeast, there being two private banks, a daily and weekly journal, and three weekly papers, the Walla Walla *Watchman*, the Walla Walla *Union*, the *Sunday Epigram*, and the *Statesman* (daily and weekly).

WHATCOM.

WHATCOM COUNTY. The county seat of Whatcom County, located on Bellingham Bay. Lake Whatcom, which is 13 miles long, furnishes good water power, a small part being used in running a saw-mill and sash and door factory. Coal mines yield an inexhaustible supply; iron mines undeveloped; good farming, bottom lands heavily covered with timber. It has one bank, several hotels, schools, stores, and all the other attributes of an attractive and thriving town. Population, 700.

BRITISH COLUMBIA.

See also List of Towns Received too Late for Regular Insertion.

THE Province of British Columbia is the extreme northwest of the American-British possessions. We predict a brilliant future in store for this beautiful region, with a genial climate, an areage of 200,000 square miles, a wealth of island, coast, woodland, pastoral and mountain scenery, with inexhaustible mineral and forest treasures, beautiful rivers, spacious bays, and land-locked harbors, forming a seaboard of trade that is unsurpassed. This Province presents inducements alike to capitalists, miners, merchants, artists, tourists, farmers and artisans such as no person with an eye on the Pacific Coast region should disregard. Business interests are slowly but surely increasing. In the wholesale trade there is an active inquiry for goods, and shipments to the main lands are large and daily increasing. In the clothing and boot and shoe factories there is a manifest improvement, and some of the proprietors are preparing to enlarge their premises and increase their facilities for manufacturing.

The large railroad expenditure on the main line has caused the gratifying change. It has placed ready money in the hands of the interior producer, and has infused new life into many channels that previously suffered from stagnation. Steamers leave Victoria and way ports twice a week, and afford excellent accommodations and fare, which are so essential to the traveler if he would enjoy grand scenery.

BARKERVILLE.

CARIBOO DISTRICT. A postal town, reached by P. C. steamers to Victoria, thence by steamer to Yale, 180 miles northeast, thence by stage 380 miles. New Westminster is the nearest banking town.

VICTORIA.

VICTORIA DISTRICT. A post, express and telegraph town, beautifully situated on Vancouver Island, nestled in a group of picturesque and evergreen hills. The surroundings are excellent and the climate salubrious.

The city is gracefully laid out and substantially built. Her churches, schools and public buildings have an aspect of English solidity about them, while her suburbs and approaches are possessed of drives that are unsurpassed anywhere. The most prominent public buildings are the post-office, city hall, engine house, custom house, Odd Fellows and Masonic Temple, which will compare favorably with similar structures on other parts of the Pacific Coast. The most unique in architecture are the group of red bricks known as the Government Buildings, being located on a beautiful, well-kept park. The public school, a very handsome structure, gives employment to a number of learned teachers, while numerous private schools and private academies all occupy costly buildings.

The city's atmosphere is charged with ozone, peculiar to the place only. It originates in the snow-cooled breezes of the Olympia Range, mixed with the salt sea air of the Pacific, and has peculiar health-restoring and life-prolonging qualities. The city has three daily newspapers and two commercial banks, besides the Dominion Savings Bank, all doing a flourishing business, besides all the other attributes of a flourishing city. Population, 10,000.

First-Class Bar and Billiard Rooms in connection with the Hotel.

Having just leased this well-known and elegant hotel and supplied it with new accommodations throughout, I take pleasure in announcing to the public that no pains will be spared in making EL CAPITAN one of the most comfortable hotels outside of San Francisco. The house is supplied with every convenience for the pleasure and comfort of guests, and it will be my earnest endeavor that none shall go away dissatisfied. There is connected with this house **Bath-rooms for Ladies and Gentlemen, Barber Shop, Billiard-room and Saloon,** all of which are first-class. At the Bar, none but the BEST WINES, LIQUORS AND CIGARS will be dispensed. All the rooms have undergone a change, which make them neat, clean and comfortable, and the tables are supplied with all the market affords. Nose but first-class and accommodating attendants are employed. I therefore solicit your patronnage.

C. E. FLEMING, Proprietor.

KEY CITY HOUSE,

Corner Loring and Harding Streets, Albina, Oregon.
